- 2 (Judges enter courtroom)
- 3 [09.09.47]
- 4 MR. PRESIDENT:
- 5 The Chamber would like to declare the continuity of the session.
- 6 The discussion on the facts of M 13 and all witnesses have
- 7 already been heard.
- 8 The next proceeding, the Chamber would like to ask the parties
- 9 whether you would like to have any further questions to ask to
- 10 the accused or would you like to bring in any references or
- 11 documents for further discussion.
- 12 So if you would wish to do so, we would like to give the floor
- 13 first to the prosecution followed by the civil party lawyers.
- 14 The floor is yours, to the prosecution.
- 15 MR. BATES:
- 16 Thank you, Mr. President.
- 17 It was understood by the parties that we should be invited to
- 18 make submissions this morning on the use to which the document
- 19 from Chhuen Sothy should be put.
- 20 Can I invite Mr. President to rule that we can make submissions
- 21 on that document?
- 22 [9.11.31]
- 23 MR. PRESIDENT:
- 24 The first question the Trial Chamber would like to raise is more
- 25 about your remaining questions or documents regarding M-13, and

- 1 yesterday the Chamber made a decision that this morning we would
- 2 listen or hear the comments from the parties before making a
- 3 final ruling.
- 4 MR. BATES:
- 5 So the document that the Co-Prosecutors wish to confront the
- 6 accused with is the Chhuen Sothy Report, but I anticipate that,
- 7 Mr. President, you had wished to discuss the use to which that
- 8 can be put before we put the questions to the accused or have I
- 9 misunderstood the situation? I wonder whether Judge Lavergne has
- 10 anything to add.
- 11 I'm sorry, Mr. President, I should add that the Chhuen Sothy
- 12 Report is about M-13; it's clearly about the subject that we are
- 13 discussing.
- 14 MR. PRESIDENT:
- 15 Judge Lavergne should take the floor.
- 16 JUDGE LAVERGNE:
- 17 The parties will be afforded the opportunity to make comments and
- 18 submissions regarding the production of the document referred to
- 19 on which the Court has delayed in making a ruling but I think
- 20 that, first of all, the President would like you to indicate to
- 21 us whether you have other questions to put to the accused or
- 22 whether you have other documents that you intend to rely on. The
- 23 Chhuen Sothy document issue will be examined later.
- 24 [9.13.57]
- 25 MR. BATES:

- 1 Thank you, Your Honour, for that clarification.
- 2 The only other documents that the Co-Prosecutors would wish to
- 3 put before the Chamber are those that have already been referred
- 4 to; the DC-Cam statements of Ham In and In Horn and this,
- 5 together with the Chhuen Sothy Report, are the only three
- 6 documents the Co-Prosecutors wish to put before the Court.
- 7 MR. PRESIDENT:
- 8 The civil party lawyers, would you like to ask further questions
- 9 to the accused?
- 10 MR. KHAN:
- 11 Good morning, Mr. President, Your Honours.
- 12 On behalf of civil party 1, we have no additional questions to
- 13 put to the accused. I'm grateful.
- 14 MS. STUDZINSKY:
- 15 Good morning, Mr. President, Your Honours.
- 16 The same for our group; we have no further questions at the
- 17 moment.
- 18 MR. KIM MENGKHY:
- 19 Your Honour, the President, on behalf of civil party group 3, we
- 20 do not have any questions at this moment to the accused, and we
- 21 would like the Chamber to proceed to the questioning regarding
- 22 S-21.
- 23 [09.16.01]
- 24 MR. HONG KIMSUON:
- 25 Yours Honours, I am on behalf of civil party group 4. We have no

- 1 further questions at this moment, and we support the position of
- 2 the prosecution.
- 3 MR. PRESIDENT:
- 4 Mr. François Roux, would you like to make any further
- 5 observations regarding the matter?
- 6 MR. ROUX:
- 7 Thank you, Mr. President.
- 8 Firstly, as concerns the report of Chhuen Sothy of which the
- 9 defence received a copy in French only on the 3rd of April 2009,
- 10 the defence would like to indicate to the Chamber that Mr. Duch
- 11 is in agreement with regard to the provision of explanations
- 12 concerning this document, which explanations will shed light on
- 13 our proceedings.
- 14 This is what Mr. Duch has done before the Co-Investigating Judges
- 15 when documents were put before the Judges. The defence, however,
- 16 regrets that the Co-Prosecutors neglected to present these or put
- 17 these documents before the Co-Investigating Judges.
- 18 With regard to the two interviews conducted by DC-Cam which my
- 19 colleague wishes to put before the Court, the defence would like
- 20 to insist that they should not be part of the record of the
- 21 proceedings. That is, these documents prepared by DC-Cam should
- 22 not be part of these proceedings. I repeat that these documents
- 23 were obtained in conditions that cannot be described to be
- 24 reasonable. Possibly, they could be of some use to an NGO, but
- 25 they cannot be adduced as evidence.

1 I will give you one solitary example of this. Based on one of

- 2 these interviews, the NGO DC-Cam prepared a report which was
- 3 widely published and which is in the record. In this report,
- 4 without any discernment, without any verification, without any
- 5 objectivity, this NGO informed the public that there had been
- 6 30,000 deaths in M-13. You have this report at your disposal.
- 7 It was put to Duch at the beginning of these proceedings. I'm
- 8 referring to "Search for the Truth". The report says 30,000 dead
- 9 in M-13, and this is on the basis of interviews that the
- 10 prosecutor wishes to have included in the case file.
- 11 Having had an adversarial debate in this hearing in respect of
- 12 some witnesses, could we possibly continue to allow the
- 13 propagation of the information that there were 30,000 dead in M
- 14 13? We are here to do the work of justice and we are not here as
- 15 propaganda arms for one side or another. On behalf of the
- 16 defence I therefore request the Chamber to set aside these
- 17 documents which are not professional.
- 18 Lastly, Mr. President, Your Honours, as we start our third day of
- 19 this week the defence wishes respectfully but formally to draw
- 20 the attention of the Chamber to the serious problem of
- 21 translation that we have encountered. From what I gather, we are
- 22 losing at least 50 percent of what is said in Khmer. This is a
- 23 court of law. It is unconscionable that we could continue to
- 24 work as we are doing now. This means that non-Cambodians lose 50
- 25 percent of the message from the Khmer witnesses and the accused.

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

22/04/2009 Page 6

- 1 It also means that when I address the Court you lose 50 and I
- 2 don't know how much of percentage of what I say.
- 3 I respectfully request, but formally, by virtue of the powers
- 4 with which you are vested, to order the administration of this
- 5 Court immediately to take the necessary measures so that we can
- 6 have faithful translations and so that we can have skilled
- 7 personnel to revise the transcript every day and to determine
- 8 whether there have been interpretation errors.
- 9 At the end of these proceedings this Chamber will render a
- 10 decision on the basis of what was said in this courtroom. I do
- 11 not want to imagine what might happen if your decision does not
- 12 include statements that were made; or worse, if what was said is
- 13 completely distorted. I give you one example only. Yesterday
- 14 morning, when the witness referred to three pits, I heard the
- 15 translation "three prisons".
- 16 [09.25.02]
- 17 So what is to be done? So I say this again; that this country
- 18 has enough skilled people to ensure that we have accurate
- 19 translations. I say that it is not at all normal that after
- 20 several weeks of proceedings we do not have direct translations
- 21 from Khmer to French and from French to Khmer. I say that when
- 22 you use the relay system you increase the risk of
- 23 misunderstanding.
- 24 Mr. President, Your Honours, I am asking you to use the powers
- 25 vested in you to ask or to request the administration to act as

- 1 appropriate. And with all due respect to the interpreters, who
- 2 do a very difficult job, I say that we should all make an effort
- 3 to speak slowly; as you have asked us on several occasions, Mr.
- 4 President, to ask short questions. But it is not enough. The
- 5 translation resources for this Court are not sufficient. Thank
- 6 you.
- 7 [09.27.27]
- 8 MR. PRESIDENT:
- 9 The Co-Prosecutor, what do you intend to raise related to the
- 10 translation issue or on any other matters?
- 11 MR. BATES:
- 12 Simply, Mr. President, to seek your guidance on the order in
- 13 which we should respond to Maître Roux's submissions. We have
- 14 two issues: the issue of translation and the issue of documents
- 15 to be admitted to the case file, and the Co-Prosecutors are
- 16 content to make submissions on both issues in the way in which
- 17 this Court finds helpful.
- 18 MR. PRESIDENT:
- 19 Please, the first remark is that the Co-Prosecutor can verify
- 20 about the documents that you have raised yesterday and that we
- 21 temporarily make a decision on it whether you can provide reasons
- 22 for its relevance to the facts during these proceedings. Please,
- 23 the floor is yours.
- 24 MR. BATES:
- 25 Thank you, Mr. President.

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

22/04/2009 Page 8

- 1 I have a request from Mr. Khan for Civil Party Group 1, who I
- 2 understand has an engagement later on this morning, and he wishes
- 3 to speak first on this particular matter. We have no objections
- 4 to him speaking first on this if the Court is content.
- 5 [09.29.24]
- 6 MR. PRESIDENT:
- 7 Mr. Khan, the floor is yours.
- 8 MR. KHAN:
- 9 Mr. President, Your Honours, I'm most grateful for that kindness.
- 10 It was a matter that I did raise with my learned friend last
- 11 evening. At the outset, on behalf of Civil Party 1, we would
- 12 support with vigour the submissions and observations by my
- 13 learned friend for the defence.
- 14 It is of the utmost importance to the integrity of these
- 15 proceedings and the legitimacy of the final verdict that the
- 16 translation is not questioned and is reliable. Your Honours, it
- 17 is of course -- it will be fatal to the integrity of these
- 18 proceedings if one party or the other at the end of the day, had
- 19 valuable ammunition to establish that Your Honours were not in
- 20 possession of the full subtleties of legal argument, and I would
- 21 support the very compelling submissions of my learned friend, Mr.
- 22 Roux.
- 23 It's my respectful submission that the appropriate, and indeed
- 24 prudent, way of proceeding would be for Your Honours to instruct
- 25 the Registrar to appoint an independent expert to review various

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 10

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

- 1 samples of the translation in these proceedings since the initial
- 2 hearing and to compare that translation to the original. Once we
- 3 have those statistics as to the veracity and reliability of the
- 4 interview we can properly assess whether or not there is a
- 5 problem and, if there is, the scale of the problem and any remedy
- 6 that may be appropriate.
- 7 [09.31.35]
- 8 But it does, with the greatest of respect, seem to be prudent to
- 9 do that now, rather than to leave this to fester and become an
- 10 issue later on in proceedings or indeed as an appeal issue.
- 11 Your Honour, the second observation or submission goes to the
- 12 admissibility of the documents. It's my understanding now that
- 13 in relation to ERN Number 2214 to 2217 -- that's the Khmer -- ERN
- 14 Number 00172202 in English, the statement of Chhuen Sothy, that
- 15 there is no objection now by the defence to the admissibility of
- 16 this particular document. I will therefore not belabour the
- 17 point.
- 18 My submission is one of principle. If I understand matters
- 19 correctly, one of the points put forward by my learned friend for
- 20 the defence yesterday was an argument that any document on the
- 21 case file which was not shown by the Co-Investigating Judge to a
- 22 witness should be declared inadmissible. If I understood that
- 23 argument by my learned friend properly, it is a novel and
- 24 unheralded proposition and it is one that I would ask Your
- 25 Honours to reject.

- 1 The rules governing admissibility of documents are very squarely
- 2 set out in Rule 87, and Rule 87 makes it very clear that the
- 3 general starting point is that all evidence is admissible. This
- 4 of course is a civil law system, informed of course by both the
- 5 Cambodian legal tradition and informed by international
- 6 standards.
- 7 Your Honours, you are of course professional judges and you are
- 8 fully able to assess evidence and to accord whatever evidence is
- 9 placed before you properly at the end of the day. As a matter of
- 10 law it's my respectful submission that there must be of course
- 11 some minimum indicia of reliability before documents are
- 12 admitted. However, it is clear from case law -- and I pray in
- 13 aid the Ori? case before the Yugoslav Tribunal, Prosecutor v.
- 14 Ori?, case number IT-0368, the judgement of the Trial Chamber of
- 15 30 June 2006, where at paragraph 29 the judges made it very clear
- 16 that it is not necessary for a document to be authenticated by a
- 17 witness for it to be admitted.
- 18 [09.34.55]
- 19 While an exhibit which has not been presented to a witness has
- 20 less probative value than one which has, it does not affect
- 21 admissibility. There is of course, as Your Honours are fully
- 22 aware, a two-stage process; one of admissibility and then the
- 23 second one a determination as to what weight should be afforded
- 24 to a document.
- 25 Your Honour, ordinarily admissibility can be viewed by the -- on

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 10

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

22/04/2009 Page 11

- 1 two aspects, both the form of document -- whether or not there
- 2 are stamps, whether or not there is an archive log, the date of
- 3 receipt and the signature -- and then the contents of the
- 4 document. Your Honour, I will not belabour that point because it
- 5 was primarily relevant to the report relating to Chhuen Sothy for
- 6 which objection is not being taken by the defence. But as far as
- 7 the contents are relevant, Your Honours may hear evidence in due
- 8 course which is independent and reliable, which may shed further
- 9 light, or you may have heard evidence already which may tend to
- 10 render stronger the contents of this report which the
- 11 Co-Prosecutors are seeking to put before you.
- 12 [09.36.28]
- 13 In relation to the interviews, of course, where interviews are
- 14 available and a witness is before Your Honours, it appears that
- 15 the starting point must be one of admissibility. And of course
- 16 the defence, in accordance with Rule 87, can then seek to
- 17 question whether or not the document should be given any weight
- 18 whatsoever. A difficulty in this case of course may be whether
- 19 or not an interview itself was put to a witness so that the
- 20 witness has accepted it as his interview.
- 21 Your Honour, I will not go, with your leave, into that issue. My
- 22 principal concern was the proposition which was advanced by my
- 23 learned friend that documents on the case file which are not
- 24 presented to the Co-Investigating Judge to a witness should be
- 25 excluded or should not be admissible. That is, as I mentioned

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 10

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

22/04/2009 Page 12

- 1 before, a novel proposition. There is no burden, in my
- 2 submission, upon the Co-Investigating Judges to confront
- 3 witnesses with every single piece of document, every single piece
- 4 of paper on the case file in order for those documents to become
- 5 admissible. To do so would be to establish a dangerous precedent
- 6 for which no authority is cited in support by my learned friend
- 7 for the defence.
- 8 Your Honours, those are my submissions on this issue unless I can
- 9 assist further; I'm grateful.
- 10 MR. PRESIDENT:
- 11 The Co-Prosecutor.
- 12 [09.38.29]
- 13 MR. TAN SENARONG:
- 14 Thank you, Mr. President. On behalf of the prosecution we still
- 15 insist the Chambers to accept the report of Chhuen Sothy to be
- 16 considered, and we will provide the reasons why the prosecution
- 17 wishes the Chambers to reconsider their report, although the
- 18 report was not identified by the Co-Investigating Judges, but the
- 19 document is consistent with the statements of the witness who
- 20 recently provided their interviews, and also consistent with the
- 21 response from the accused during the hearing.
- 22 Also in that report it states during that period of time there
- 23 were two security offices. One is called Staff Security Office,
- 24 which was M 13B, which is also consistent to the responses of the
- 25 witness and the accused, and the M 13A located in Amleang. Also

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 10

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

22/04/2009 Page 13

- 1 in that report there are a number of relevant people that we want
- 2 the accused to respond; for example, Ta Thae and also some
- 3 prisoners who escaped that we need to by very frightened by the
- 4 accused. Also in Chhuen Sothy's report, after the 18th of March
- 5 seventies event, there were a number of people including Vann and
- 6 Ouen and Pon and Huot and Chhum, that really needs to be
- 7 confirmed by the accused.
- 8 Also in that report -- in the report of Chhuen Sothy, the two
- 9 prisons; one was located in Barey village at Wat Trang Pagoda and
- 10 the other one was located at Chhous Pagoda.
- 11 And the report also states some reasons for the arrest of Hoeun,
- 12 the soldier of our national army at the time.
- 13 The report also states some -- the names of the chief of prison
- of M-13B which is Ta Sum.
- 15 Also, in addition, the Chhuen Sothy Report states the security
- office in Amleang and Duch, the accused, and Chan, his deputy,
- 17 were named in that as they were the wicked men.
- 18 [09.41.35]
- 19 Also, in that report -- in Chhuen Sothy report -- it states the
- 20 location of Srat prison at M-13B; it was in Sdok Srat near Wat
- 21 Trapeang, north of Sdok Srat, and also specified the description
- 22 of the prison, the shape of the prisons, the size of the prison.
- 23 I do not want to provide the detail at this stage, and I would
- 24 like the Chambers to reconsider the submission of this document.
- 25 Also, the report states the physical description of that person,

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 10

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

22/04/2009 Page 14

- 1 Soun, and also food ration in the two prisons were mentioned.
- 2 And Chhuen Sothy, himself, was mentioned that he was detained on
- 3 the accusation of being a spy, and he was detained from Sdok Srat
- 4 prison, which was M-13B, until later he was transferred to M-13A.
- 5 And he also stated the number of the guards there and the number
- 6 of prisoners in the M-13A.
- 7 And in this hearing, there is no discussion yet on the details of
- 8 the pits in the M-13B, and whether the three pits are consistent,
- 9 and a physical description of the pits and the size. And in the
- 10 report, it states the size of the pit; its 2 metres wide, and 2
- 11 metres deep and also its 10 metres long. It's like in the first
- 12 alphabet of the Cambodian character. So it provides descriptions
- 13 of the three prisons, and that they are close to each other, and
- 14 also with a sketch of the prison. So this is useful for the
- 15 accused to confirm that to respond to these important facts.
- 16 [09.44.15]
- 17 Regarding the other documents -- related documents, as the
- 18 defence already stated, I would leave it to my colleague to
- 19 respond to the remarks made by Mr. François Roux.
- 20 Therefore the national prosecutor would like to keep insisting
- 21 that the Chamber regard these documents of Chhuen Sothy as
- 22 admissible because it is very consistent with the testimonies of
- 23 the witnesses and the accused when they recalled the history of
- 24 the prisons.
- 25 And I'm very grateful, and I would like to leave it to my

- 1 colleague to continue for me.
- 2 MR. BATES:
- 3 Thank you, Mr. President.
- 4 I'd just like to first state that the suggestion from the defence
- 5 that the Chhuen Sothy Report has not been placed before the
- 6 charged person -- as he then was -- in the investigation and,
- 7 therefore, should not be part of the case file is irrelevant,
- 8 erroneous, not based on any principle in our Internal Rules. If
- 9 it is in the introductory submission as a document and it is in
- 10 the closing order unchallenged, it is in this Trial Chamber's
- 11 case file.
- 12 That was clearly discussed in the initial hearing with all
- 13 parties present, and all parties are entitled to refer to any
- 14 document contained in this Trial Chamber's case file.
- 15 MR. ROUX:
- 16 Mr. President, I apologize for interrupting but, again, we're
- 17 facing a problem of translation. I said exactly the opposite, in
- 18 fact. It's really a problem. I said that the defence did not
- 19 see any problems, including the document that you are mentioning
- 20 in the proceedings, and I said that I only regret that you had
- 21 not done so before the Co-Investigating Judges.
- 22 [09.47.12]
- 23 What has been translated, therefore? So, therefore, I stuck by
- 24 my position; it's not worth it spending hours on this.
- 25 I'd like to maintain that the defence agrees to include this

- 1 document concerning Mr. Chhuen Sothy to include this document in
- 2 the proceedings under the reservations that you put forth the
- 3 original.
- 4 If there has been a translation problem once again, I'm sorry,
- 5 but here we're dealing between English and French.
- 6 MR. BATES:
- 7 Perhaps it was my misunderstanding, Mr. President. My note was
- 8 "The defence regrets that the Co-Prosecutors neglected to put
- 9 this document before the Co-Investigating Judges". Perhaps I was
- 10 jumping to conclusions, and I'm grateful to Mr. Roux for
- 11 clarifying that he is not objecting to the document.
- 12 There are two issues in this case that we're dealing with in
- 13 relation to documents. There is the issue that was raised by
- 14 this Trial Chamber in the direction on the scheduling of the
- 15 trial on the 20th of March, relating to whether the accused can
- 16 be confronted with statements of witnesses yet to be heard.
- 17 And the second issue is relating to the question of whether broad
- 18 categories of documents, in this case documents, statements,
- 19 taken by investigators from the Documentation Centre of Cambodia
- 20 can, without any more discussion, be ignored by this Court.
- 21 [09.49.30]
- 22 There are two issues, but there's one principle. Before I
- 23 discuss that principle, perhaps I can read back paragraph 9(2) of
- 24 the Trial Chamber's direction on the scheduling of the trial, and
- 25 this is Document E-26 ERN-00290321 in English.

- 1 "The accused may be confronted with documents only after they
- 2 have been put before the Chamber in accordance with Rule 87(2)
- 3 and 87(3). The accused cannot be confronted with statements of
- 4 witnesses yet to be heard."
- 5 And I pause and say we, the Co-Prosecutors, have no objection to
- 6 this. It's easily understandable, the reasons for this approach.
- 7 The best evidence comes from a live witness. A live witness can
- 8 be asked to confirm or deny their previous statement. I'll
- 9 continue reading from the paragraph:
- 10 [09.50.47]
- 11 "An exception to this --"
- 12 An exception to the Rule that I've just mentioned.
- 13 "-- is if the witness is dead or cannot be heard for another
- 14 reason and the parties have agreed to the reading of the
- 15 statement."
- 16 It appears to the Co-Prosecutors that the Trial Chamber is saying
- 17 that unless there is agreement between the parties, the accused
- 18 may not be confronted with witness statements from those people
- 19 who are dead or who cannot be heard. With the greatest of
- 20 respect, Mr. President, this part of the Scheduling Order is
- 21 inconsistent with the Internal Rules and is inconsistent with the
- 22 approach to evidence in civil law systems.
- 23 Rule 87(1) is the starting point for everything that is being
- 24 discussed this morning. Unless otherwise provided in these
- 25 Internal Rules, all evidence is admissible. That's the starting

- 1 point. And the only references in the Internal Rules to the
- 2 exclusion of evidence are in two sub-rules: Rule 87(3):
- 3 "Evidence can be excluded if irrelevant, repetitious, impossible
- 4 to obtain within a reasonable time, unsuitable to proving the
- 5 facts, not allowed under the law, or intended to prolong the
- 6 proceedings or being frivolous."
- 7 And the second, and the only other rule under this Court's
- 8 Internal Rules, is Rule 21(2) and (3):
- 9 "That evidence obtained by or under the effective control of
- 10 ECCC authorities in which inducement, physical coercion or
- 11 threats are used shall not be admissible."
- 12 [09.53.10]
- 13 Mr. President, there are no other exceptions to the general rule
- 14 of 87(1) that all evidence is admissible; no other exceptions in
- 15 the law to be applied by this Chamber to this case. The
- 16 Co-Prosecutors are extremely concerned that the Trial Chamber
- 17 appears, as supported by the defence, to be moving towards a
- 18 ruling based on the Directions of the 20th of March. That is to
- 19 say, there is an additional test for witness statements made by
- 20 witnesses who are dead or cannot be heard, namely that additional
- 21 test being that the parties must agree.
- 22 I return to the general point. There is no distinction in our
- 23 Internal Rules between witness statements and any other type of
- 24 documents. All documents are subject to the same broad rule of
- 25 admissibility. A witness statement made out of court, legally

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 10

- 1 speaking, is no different to any other document made outside the
- 2 court. And we have many hundreds of those documents, thousands
- 3 in fact that this Court will hear and consider during the trial:
- 4 military telegrams sent to the Party Centre; written reports of
- 5 chiefs of administrative units sending prisoners to S 21;
- 6 handwritten notes from interrogators.
- 7 Is the Trial Chamber going to say that some of these documents
- 8 cannot be used because we cannot bring the person who made the
- 9 statements to Court and there has been no agreement by the
- 10 defence? I hope the Court will see that the potential impact of
- 11 the direction in which this discussion is progressing is
- 12 extremely dramatic. There is no basis in our Internal Rules
- 13 whatsoever to say that in all cases where the author of a
- 14 statement is dead or not available only those documents agreed
- 15 between the parties are admissible.
- 16 [09.56.02]
- 17 And there is good reason for that. It would put the power of
- 18 controlling the admissibility of documents in the hands of the
- 19 opposing party, instead of in the hands of the Trial Chamber.
- 20 The defence could simply say, "We don't agree to any documents
- 21 for which the maker of the statement cannot be found or is dead."
- 22 And that would just simply prevent the Trial Chamber from
- 23 considering the evidence at all. This cannot have been the Trial
- 24 Chamber's intention.
- 25 The Co-Prosecutors would urge the Trial Chamber not to import

- 1 common law rules of evidence into a system of law that is not the
- 2 same. As a common-law lawyer myself, paragraph 9(2) of the
- 3 Directions seemed familiar to me. Only admitting statements
- 4 where the witness is dead or is unavailable looks very similar to
- 5 an exception in common law to the hearsay evidence rule; evidence
- 6 of statements made outside the courtroom introduced as proof of
- 7 the contents of those statements. But there is no rule
- 8 prohibiting the admission of hearsay evidence in the civil law
- 9 system in general. More importantly, there is no rule under
- 10 Cambodian law nor any rule under our Internal Rules.
- 11 Can I perhaps correct something that Mr. Khan said? He said that
- 12 there is a two-stage test to admitting documents or considering
- 13 documents before these Chambers. He says that, first of all,
- 14 there is a question of admissibility and second of all it's a
- 15 matter of weight; there's the question of weight. With the
- 16 greatest of respect to him, there isn't a two-stage test. In
- 17 this Court, once a document is in the case file and that document
- 18 has not been objected to by the defence -- and I mean objected
- 19 to, to be struck from the record -- then that the document can be
- 20 considered. The only issue here is the weight of the document.
- 21 Once it's in, it's in.
- 22 [09.58.50]
- 23 I come briefly on to the issue of Documentation Centre of
- 24 Cambodia statements. Is it to be said, as the defence wish, that
- 25 all DC-Cam statements are inadmissible because they were not

- 1 taken according to the same procedures as the "procès verbaux" of
- 2 Investigating Judge investigators without even examining the
- 3 method of questioning or the quality and clarity of the responses
- 4 in each individual document?
- 5 The defence have consistently said these are not legal documents,
- 6 therefore they cannot be used. I hope that Maître Roux is not
- 7 saying that DC-Cam documents should be struck from the record,
- 8 i.e. that is to say cannot be considered. I hope he is saying
- 9 that there should be no weight attached to that -- to these
- 10 documents, because Rule 76(1) of the Internal Rules states that
- 11 procedural defects, and in particular in this case the annulment
- 12 to the documents addition to the case file must be made during
- 13 the investigation phase.
- 14 A Rule 76 submission was never made by the defence to any of
- 15 these documents. It was never made in relation to DC-Cam
- 16 statements. Rule 76(7), the closing order cures any procedural
- 17 defects. It is not defective, therefore, that these DC-Cam
- 18 statements are in the case file.
- 19 The defence are perfectly entitled, as is any other party, to say
- 20 that this statement or that statement should be given little
- 21 weight or even no weight because there were no judicial
- 22 guarantees, because we don't know the training of the
- 23 investigators, because we don't know the quality of the
- 24 interpretation.
- 25 [10.01.23]

22/04/2009 Page 22

- 1 The Co-Prosecutors have no trouble with those arguments at all,
- 2 but no matter how eloquently Maître Roux pleads, he cannot get
- 3 over the rule applicable in this case in our Court that once the
- 4 document is before this court it cannot be struck from the
- 5 record. And I hope I've not misstated Maître Roux on this point.
- 6 If I have I'm sure I'll be corrected when he responds.
- 7 Mr. President, some DC-Cam statements may be more useful to this
- 8 Court than others. It won't have escaped your notice, Your
- 9 Honours, that some of these statements contain leading questions.
- 10 It won't have escaped your notice that some of the questions do
- 11 not appear particularly relevant. But each document must be
- 12 judged on its merits. Each individual document must be judged on
- 13 its own merits. And there is nothing within the rules of this
- 14 Court to say that certain categories of documents have an
- 15 additional test of admissibility. Even the procès verbaux taken
- 16 by the Co-Investigating Judges vary in quality and clarity.
- 17 And as I've said, the submissions of the defence that the Court
- 18 might give little or no weight to certain documents is perfectly
- 19 proper but to take a blanket approach, the whole categories of
- 20 documents, is not permitted by these Internal Rules, by our
- 21 Internal Rules.
- 22 [10.03.26]
- 23 The issue is a simple one. The documents are admissible because
- 24 there is nothing that makes them inadmissible under these
- 25 Internal Rules. There is no requirement under our Rules that all

- 1 parties must agree. This relates to both the observations in
- 2 relation to previous witness statements and also to the DC-Cam
- 3 statements.
- 4 To find otherwise would create an extremely dangerous precedent
- 5 for this Court and the prosecution of the cases before these
- 6 Courts. To find that this Chamber can create additional rules of
- 7 admissibility of evidence is not within the power of this
- 8 Chamber. The Co-Prosecutors cannot see any basis for rejecting
- 9 documents on the simple fact of the category of that document.
- 10 My colleague has already set out the relevance and usefulness of
- 11 the Chhuen Sothy report. I hope I have established the
- 12 Co-Prosecutors position on DC-Cam statements. And if we are to
- 13 discuss individual DC-Cam statements and the weight to be
- 14 attached to them, the Co-Prosecutors are perfectly happy to do
- 15 that on a statement-by-statement basis, which is the only proper
- 16 approach this Court can take.
- 17 I apologize for taking so much time up of Your Honours but this
- 18 is a very important issue. And those are my submissions.
- 19 Thank you.
- 20 [10.05.22]
- 21 MR. PRESIDENT:
- 22 Lawyers for civil party group 2, do you have anything to add
- 23 regarding this issue? If you have please, the floor is yours.
- 24 MS. STUDZINSKY:
- 25 Thank you, Mr. President.

- 1 We would like to submit the following concerning this issue:
- 2 First, we observed that here, and as we saw yesterday in the
- 3 discussion, if we can refer to a document which is on the case
- 4 file, a clash between common law rules and civil law rules; we
- 5 would like to emphasize we are here in a civil law proceeding and
- 6 therefore I think it is most important that the Trial Chamber
- 7 takes a decision which is in accordance with general civil law
- 8 proceedings rules and not to make a case-to-case test on every
- 9 document if it is, in general, admissible.
- 10 First, I would like to submit that we join fully the statement of
- 11 the Co-Prosecution and I do not want to repeat these arguments
- 12 that we share in total, including the inconsistency of the
- 13 mentioned-decision E-26 and there, paragraph 9(2) with the Rules,
- 14 and including the statement of Mr. Khan related to the two-step
- 15 test, which we do not share.
- 16 I want only to add another point regarding to Rule 87 which
- 17 should guide these proceedings and which is in accordance with
- 18 the Cambodian from a procedure code, that under Rule 87(2) which
- 19 I will read out, I quote, "Any decision of the Chamber shall be
- 20 based only on evidence." That this is the first element.
- 21 Second element, "That has been put before the Chamber." And the
- 22 next element, "Subjected to examination." This is the rule which
- 23 makes it very clear that the final decision, the judgment at the
- 24 end, has to be based on these elements.
- 25 [10.09.48]

- 1 You are looking then and making the test regarding two witness
- 2 statements which are on the case file. That means they can be
- 3 used.
- 4 There are pieces of evidence, of course -- this document as such
- 5 -- and if they are put before the Chamber and are subject to
- 6 examination, a decision -- final decision of the Chamber can be
- 7 based on these statements which are part of the case file and are
- 8 documents.
- 9 [10.11.08]
- 10 They can be only excluded, and I do not want to repeat this,
- 11 under Rule 87(3), as the prosecution already outlined. Of
- 12 course, such documents, like most of the DC-Cam documents where
- 13 witnesses were asked and we have a report on the case file on
- 14 this questioning, if the witness which is, I want to say, behind
- 15 this document then, of course, the priority should be shed on the
- 16 witness. The primary source should be the witness if the witness
- 17 is available. If not, this document is a document like other
- 18 documents and can and should be considered by the Chamber.
- 19 This general treatment of evidence should be ruled by the Chamber
- 20 and I think it is then only a question at the end that it is the
- 21 duty, and the very own duty of the Chamber, to consider the
- 22 evidence and to weigh if, for example, a document contains a
- 23 statement which seems to be credible, consistent -- and
- 24 consistent within itself and consistent with other evidence. It
- 25 is the same duty and the same work that the Chamber has in

- 1 considering witness statements given orally in Court.
- 2 And, therefore, it is up to the Chamber at the end to determine
- 3 what weight should be ascribed to the evidence adduced. And only
- 4 if evidence is excluded under Rule 87(3), it cannot be
- 5 considered. This is not the case in general for all DC-Cam
- 6 statements. And this is in accordance -- and I repeat this
- 7 because I think we are here in the courtroom and in a mixed
- 8 composition of common law tradition officials and civil law
- 9 lawyers and judges -- and I really call on the Chamber to take
- 10 and follow the civil law approach.
- 11 [10.15.12]
- 12 And I would like to add that, of course, as we face a lot of
- 13 translation problems, the Chamber should take into consideration
- 14 here in Court the original documents and, as we saw with the
- 15 statement of, for example, Hâm In -- In Horn I mean -- that there
- 16 were so many inconsistencies between the English and French
- 17 version already, as I understood, and so I suggest to refer here
- 18 in Court primarily to the original documents which are often
- 19 concerning the DC-Cam statements, are recorded -- as I understood
- 20 -- and can be tested, of course, if the transcript is accurate.
- 21 So to conclude only on this issue -- I'm not covering yet the
- 22 translation problem -- all evidence which is on the case file can
- 23 be used, and this rule should guide the Chamber, which is in
- 24 accordance with the Cambodian law, with the Rules and with civil
- 25 law proceedings. Thank you.

- 1 MR. PRESIDENT:
- 2 Lawyers for Group 3, you can make your remarks.
- 3 MR. CANNONE:
- 4 Thank you, Mr. President. I should like to make two observations
- 5 on behalf of Group 3.
- 6 Firstly, with regard to translation, I fully support Mr. Roux's
- 7 motion. That goes without saying. We are officers of the Court
- 8 as lawyers. I have said before that we seek here to ascertain
- 9 the truth, whatever it is.
- 10 Some aspects of this trial will be determined on the basis of
- 11 statements or representations made in Court. It is important
- 12 that we have an accurate understanding. It is important that
- 13 there is no ambiguity; that the final judgement be based in law
- 14 and should be fair from a human standpoint. It is, therefore,
- 15 necessary for the translation to be accurate and faithful.
- 16 So, once more, I fully support the motion made. In civil law, we
- 17 say when we ask a witness to take the oath or make a solemn
- 18 declaration that he must promise to speak the truth, only the
- 19 truth and the whole truth. I am afraid that part of the truth
- 20 escapes us in these proceedings just because we do not understand
- 21 what is said. That is my first observation.
- 22 [10.19.39]
- 23 My second observation is on putting documents before the Court.
- 24 This proceedings or this trial is special in that it is made up
- 25 of investigative actions and a multitude of documents connected.

- 1 I would like to speak with regard to common sense and with regard
- 2 to law.
- 3 Now, with regard to common sense, the purpose of our proceedings
- 4 is to compare, to confront all the documents, all information
- 5 with the statements that are made here or the testimony given
- 6 here by the witnesses. That is the purpose of the proceedings -
- 7 that is to confront all the information at our disposal, which is
- 8 why, Mr. President, yesterday I very respectfully but firmly
- 9 requested that the Chamber tell us what approach was to be
- 10 adopted so that we would know very clearly to what use these
- 11 documents would be put. I respected that a decision be taken on
- 12 the modus operandi.
- 13 [10.21.27]
- 14 Now to turn to the law. I refer to Rule 77(2) and 77 -- or 76(2)
- 15 and 76(7), and I shall read:
- 16 "At any time in the investigation, if the parties consider that
- 17 any document is null and void, it shall make a reasoned motion to
- 18 the Co-Investigating Judges, asking them to seize the Chamber,
- 19 the Pre-Trial Chamber, with a view to annulment."
- 20 Unless I am mistaken, this was not done. I now move on to Rule
- 21 76(7) that the Co-Prosecutor referred to a while ago.
- 22 "The Closing Order shall cure any procedural defects. No issues
- 23 concerning such procedural defects may be raised before the Trial
- 24 Chamber or the Supreme Court Chamber."
- 25 Mr. President, Your Honours, I would like to say that this is not

- 1 a rule debate. The question has been understood. I respectfully
- 2 request the Court to remind all the parties that this Rule which
- 3 I have just read out is public; we should respect it and that for
- 4 the smoothness of proceedings we should continue to do so. Thank
- 5 you, Mr. President.
- 6 MR. PRESIDENT:
- 7 Lawyers, group 4, you take the floor.
- 8 [10.24.00]
- 9 MR. HONG KIMSUON:
- 10 Thank you, The President and Your Honours. I am Mr. Hong
- 11 Kimsuon, representing civil parties group 4. Just now I already
- 12 stated that I support the motion of the prosecution and, like the
- 13 other lawyers, regarding the presentation of the documents.
- 14 Regarding witness Chhuen Sothy, I noted that the defence does not
- 15 object to content of the document but when it comes to the
- 16 document issued by the DC-Cam regarding the "Searching for the
- 17 Truth" document, other lawyers raised the issue of Rule 87 of the
- 18 Internal Rules regarding the rule of evidence.
- 19 Sub-paragraph 2 and sub-paragraph 3, as raised by lawyer
- 20 Studzinsky, I support her position. I note that these documents
- 21 are consistent with Rule 87(3) and 87(3)(a), only if the document
- 22 is irrelevant or that the President of the Chamber may reject.
- 23 And regarding the being impossible to obtain within a reasonable
- 24 time, which is sub-rule (3)(b), according to the application of
- 25 civil law system, every document placed in the case file suggests

- 1 that all evidence in the case file is regarded as being examined
- 2 or put forward before the Chamber, the Trial Chamber.
- 3 In our national practices and the criminal -- sorry, the Civil
- 4 Court of Cambodia issued on July, Article 155 states the
- 5 admissibility of the document, and according to Article 112, if
- 6 there is any discrepancy or inconsistency in the law, then the
- 7 international laws would be sought. This article states that the
- 8 parties who request a document to be examined have to satisfy --
- 9 have to prove that the document has been conducted properly. And
- 10 if the document is admissible, that's accepted that it was
- 11 obtained by the official on duty and the forms of the document
- 12 were acceptable, that the document must be the public document
- 13 and obtained properly.
- 14 [10.28.17]
- 15 And if there is any suspicion regarding the validity of the
- 16 document, the public document, then the Court can use its
- 17 discretion to ask the relevant authority to clarify the position.
- 18 So although the DC-Cam organization, as raised by the defence
- 19 counsel as not regarded as the competent authority or the
- 20 institution that's recognized by the Court, the documents -- all
- 21 these documents, there are thousands of pages of documents
- 22 obtained from DC-Cam and now are placed in the case file of the
- 23 ECCC.
- 24 So I would like to go back a little bit to DC-Cam. DC-Cam has
- 25 been acknowledged by the Royal Government of Cambodia to conduct

- 1 research for the truth regarding the documents in relation to the
- 2 Democratic Kampuchea regime starting from 17 April 1975 to 1979
- 3 and beyond that. So I would like to say that this organization
- 4 is a very important partner for the ECCC to search for the truth.
- 5 So all the documents that are submitted to the Court, whether
- 6 there are documents before 1975 or between 1975 and '79 or after
- 7 that, not only DC-Cam that forwards these documents to the Court
- 8 and that the Court has put them in the case file.
- 9 So now it lies on the discussion of the Chamber to decide whether
- 10 the documents are consistent or not.
- 11 So finally, I would like to submit that I strongly support the
- 12 motion by lawyer Studzinsky and based on Rule 87(3) and Article
- 13 155 of the Civil Court of Cambodia. So I would like to submit
- 14 that submission; I would like the Chamber to accept those
- 15 documents.
- 16 I'm very grateful.
- 17 [10.31.20]
- 18 MR. PRESIDENT:
- 19 The defence counsel, would you wish to make any further

- 21 MR. ROUX:

- 1 this quote before -- "A sworn enemy of the arbitrary form" --
- 2 that is to say the proceedings -- "is the twin sister of freedom"
- 3 -- "form is the twin sister of freedom."
- 4 So what are we speaking about here? We are speaking about Rule
- 5 76 of our internal regulations concerning procedural defects,
- 6 applications concerning procedural defects, and we would like --
- 7 and we're attempting to give lessons to the defence by saying how
- 8 is it possible? It was up to you to request -- how is it that
- 9 you requested the nullity of the elements before the closing of
- 10 the investigation and now it's too late? Thank you, colleagues,
- 11 for this reminder. Thank you.
- 12 What are we speaking about here? What are we speaking about
- 13 here? Can anybody submit that an interview conducted by DC-Cam
- 14 is a document to include in a proceeding in the legal sense of
- 15 the term? Would you like me to remind you what an element to be
- 16 -- what a legal element is in civil law? You could use a
- 17 dictionary and use the definition of element in a proceeding.
- 18 And an element of proceeding involved in the development of the
- 19 proceedings and the certifying of the proof, among these elements
- 20 we can include introductory exploits -- exploits -- whatever --
- 21 requests, conclusions put forth by the parties, or in certain
- 22 cases, conclusions from public ministries; that is to say from
- 23 the prosecutor, the expert reports and finally, the written
- 24 records containing the interviews of the witnesses.
- 25 [10.34.47]

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 10

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

22/04/2009 Page 33

- 1 So, therefore, if I had to follow Rule 76 it was to request the
- 2 nullity of legal written records. The defence did not believe
- 3 that it had to request for the nullification of judicial written
- 4 records; that is to say that the defence did not wish to request
- 5 the nullification of written records established by the
- 6 Co-Investigating Judges or written records established on the
- 7 basis of the rogatory letters from the Investigating Judges.
- 8 So, therefore, we can close this article, Rule 76, which in no
- 9 case can solve the problem that is put forth here. The documents
- 10 that we're speaking about are not written records, even if they
- 11 wished to resemble written records, but a written record is a
- 12 document, an official document that is produced by people who
- 13 have taken an oath and, in civil law, people who are under the
- 14 control of the Investigating Judges.
- 15 So thank you to the Co-Prosecutors to have finally once again
- 16 brought up these questions that bring me back to a point of
- 17 criticism that I expressed earlier on. We have had together, Mr.
- 18 Co-Prosecutors, a year and a half of investigation with the
- 19 Co-Investigating Judges, more than 30 full days of interviews and
- 20 you have had the possibility to provide to the Investigating
- 21 Judges all of the documents that you wished to put forth so that
- 22 the accused may be interviewed in the context of the
- 23 investigation. And I have asked of you many times to respect
- 24 this investigation proceeding and I warned you many times to be
- 25 careful; what you do not do during the investigation you will not

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 10

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

22/04/2009 Page 34

- 1 be able to do it afterwards. What you do not do during the
- 2 investigation you will not be able to do it afterwards. And
- 3 this, of course, is addressed to the accused who refused to
- 4 answer the Investigating Judges questions. Afterwards it's too
- 5 late.
- 6 [10.38.27]
- 7 So we are dealing here with which rule? Isn't it Rule 76 on
- 8 procedural defects? Well, our Internal Rules has indeed included
- 9 something else to this effect for documents which the
- 10 Co-Prosecutors wish to include in a considerable quantity in the
- 11 proceeding. And here we're facing again a very well-known
- 12 procedural defect with the Co-Prosecutors where tonnes and tonnes
- 13 of documents are provided to the case file and where we lose a
- 14 lot of time sorting through all of these documents.
- 15 And I had wished that in this Court, with the opportunity of
- 16 having Co-Investigating Judges, that we could prepare all of this
- 17 ahead of time to avoid, as of today, to spend two hours where you
- 18 have here many, many people, victims and other people who are
- 19 waiting, that we speak about S-21 finally, and we're still now
- 20 trying to sort out problems that should have been solved before
- 21 the Investigating Judges earlier.
- 22 So Article 87, paragraph 3, when the Chamber bases its decision
- 23 on an evidence included in the case file, it has to be sure that
- 24 this element has expressly been put forward -- evidence for the
- 25 case file is considered put forth before the Chamber if its

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 10

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV 22/04/2009

Page 35

- 1 content has been summarized or read out in Court. The Chamber
- 2 may reject a request for evidence -- I'm not speaking about
- 3 nullity, I'm speaking -- I'm not speaking about nullity here.
- 4 The text says the Chamber may request -- may reject requests for
- 5 evidence where it finds that it is -- first of all, that it is
- 6 irrelevant. Isn't this the case? And third of all, (c)
- 7 unsuitable to prove the facts it purports to prove.
- 8 [10.41.18]
- 9 So therefore I am requesting expressly to the Chamber, that will
- 10 make its decision as it deems useful, to declare non-receivable
- 11 the two written records -- well, so-called "procés verbaux" -- we
- 12 could say interviews, that would be probably more exact -- that
- 13 have been conducted by DC-Cam in very, very, very questionable
- 14 circumstances, as well as the report established by this
- 15 organization and entitled "Searching for the Truth". And if you
- 16 still wish to have evidence of the reason why I should declare
- 17 inadmissible the elements from DC-Cam, Mr. Prosecutor, the
- 18 defence accepts indeed the original documents, yes, but you wish
- 19 to put forth as the document that pertains to Mr. Chhuen Sothy as
- 20 the defence has accepted earlier to discuss the confessions that
- 21 have been gathered at S-21 because they are basic documents.
- 22 So how are you going to explain now to the Chamber Chhuen Sothy's
- 23 report -- which Duch will explain to you where it comes from, and
- 24 that can be interesting for the proceedings. This is a report
- 25 that was done by the CIAPA, the CIAPA that was gathering, indeed,

- 1 former prisoners from the Khmer Rouge and that would ask them
- 2 questions. This was an intelligence service. This is something
- 3 that could interest the Chamber. This is something that can
- 4 interest the Chamber indeed.
- 5 And Mr. Chhuen Sothy states, concerning M 13, this centre was
- 6 used -- is used to detain, and detain people condemned for light
- 7 offences, and there are between 250 to 300 prisoners there. And
- 8 now you put forth at the same time the report, the DC-Cam report
- 9 on page 1, its reference -- the French reference is ERN 00295151.
- 10 That's the French version, and it's indicated in this French
- 11 version, "In believed that from the creation of M 13 to its
- 12 relocation at S 21 that 30,000 prisoners had been killed."
- 13 [10.44.54]
- 14 So Mr. Co-Prosecutors, by trying to prove too much this is where
- 15 you end up. You are asking for the presentation of two documents
- 16 that are completely contradictory. So Mr. President, Your
- 17 Honours, as a conclusion I am requesting that you state that the
- 18 DC-Cam documents are not procedural elements in the way that
- 19 civil law understands it. I am requesting, therefore, to state
- 20 that we cannot request a nullity of these documents which are not
- 21 procedural documents, but I am however requesting that you state
- 22 that pursuant to Rule 87, paragraph 3 that you have the
- 23 possibility to declare non-admissible these documents, and this
- 24 is what I'm asking you to do; to declare these documents
- 25 inadmissible, and I of course am anticipating -- because we will

- 1 be again confronted with this question concerning the film that
- 2 DC-Cam wishes to introduce into these proceedings; the film which
- 3 the defence has worked on as well, and of course that is full of
- 4 surprises.
- 5 MR. PRESIDENT:
- 6 The Chamber would like to take a 30-minute break before resuming.
- 7 (Court recesses from 1047H to 1134H)
- 8 THE GREFFIER:
- 9 Please stand up.
- 10 (Judges enter courtroom)
- 11 MR. PRESIDENT:
- 12 The Court is now in session.
- 13 [11.34.42]
- 14 Just now, before the break, we noted the prosecutor would like to
- 15 raise something, so you can now take the floor but please be
- 16 brief.
- 17 MR. BATES:
- 18 Thank you, Mr. President. I will be brief. I won't pick up on
- 19 every point raised by Maître Roux. I will say, on behalf of the
- 20 Co-Prosecutors, the defence arguments are misleading.
- 21 The Co-Prosecutors have not asked the Trial Chamber to put before
- 22 the parties the DC-Cam report in "Searching for the Truth". In
- 23 fact, in checking the transcript, it was the Trial Chamber itself
- 24 that requested that this document be put to the accused, and
- 25 incidentally, the Co-Prosecutors do not take the position that

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 10

Page 38

- 1 30,000 people died at M-13.
- 2 But, really, this has nothing to do with the question of the two
- 3 DC-Cam statements. All decisions of this Chamber must be made on
- 4 a document-by-document basis, and I can deal very quickly with
- 5 the submissions under Rule 76 and Rule 87.
- 6 Maître Roux's interpretation of Rule 76 is wrong. If the Trial
- 7 Chamber reads Rule 76, it relates to nullity of any part of the
- 8 proceedings. In this case, the part of the proceedings that he
- 9 should have requested for nullity is the request by the
- 10 Co-Prosecutors to place these two documents on the case file. It
- 11 is the putting of these two documents on the case file, a
- 12 judicial act by the Co-Investigating Judges that is the act that
- 13 should have been subject to nullity so it is relevant.
- 14 This only leaves us, or rather the defence, with their
- 15 interpretation of Rule 87. I'm afraid I didn't quite hear his
- 16 argument clearly; it was lost somewhat in the outrage. I
- 17 detected him referring to two of the five tests for considering a
- 18 document not permitted; that the document was not suitable; one,
- 19 and that the document may not be relevant; two.
- 20 But I didn't hear any argument that justifies this Court holding
- 21 the two DC-Cam statements are neither suitable nor relevant. It
- 22 cannot be correct policy for this Court to say that just because
- 23 a document has not been taken according to judicial principles
- 24 that it is, therefore, not suitable. And these two statements
- 25 are clearly relevant. They confirm and corroborate the

- 1 statements of witnesses that have already given evidence. They
- 2 confirm and corroborate the statements that the accused, himself,
- 3 has made before this tribunal.
- 4 [11.39.04]
- 5 The last point I make is that there is no rule that every
- 6 document must be confronted to a charged person during an
- 7 investigation in order for it to be relied upon by the Trial
- 8 Chamber. And I note that my learned friend for the defence made
- 9 no reference to any Internal Rule provision.
- 10 Those are my submissions. Thank you.
- 11 MR. PRESIDENT:
- 12 Mr. François Roux, the floors is yours.
- 13 MR. ROUX:
- 14 Thank you.
- 15 I will not go over all of my explanations. I maintain what I
- 16 stated concerning Rule 76 whose title is, I'd like to remind you,
- 17 are applications concerning procedural defects, and this is
- 18 applied to, as I said, to judicial written records. The
- 19 documents that the prosecutor wishes to put forth are not
- 20 judicial written records so therefore I'm not going to ask for
- 21 their nullity.
- 22 However, Rule 87 reminds us again -- and its paragraph 2 -- any
- 23 decision of the Chamber shall be based only on evidence that has
- 24 been put forth during the proceedings and has been subjected to
- 25 an adversarial hearing. In order to answer what my colleague was

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 10

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV 22/04/2009

Page 40

- 1 saying to me, the documents have to be the object of an
- 2 adversarial hearing under the reservation that they are declared
- 3 admissible, and this is in paragraph 3.
- 4 [11.41.37]
- 5 So therefore I propose that the Chamber looks at this paragraph
- 6 3, the Chamber shall give -- the Chamber may declare inadmissible
- 7 evidence if it transpires, first of all, (a) that it is
- 8 irrelevant or if it has a repetitious character, and you forgot,
- 9 dear colleague, irrelevant and also being repetitious -- being
- 10 repetitious, and again, (c) unsuitable to prove the facts it
- 11 purports to prove.
- 12 So therefore I'm going to start with this last point, unsuitable
- 13 to prove what it purports to prove. That is indeed the case of
- 14 an interview that has been conducted in disputable conditions.
- 15 It is, therefore, not liable to prove what it purports to prove.
- 16 We're not speaking here about just a simple document that would
- 17 be presented by DC-Cam, such as this report that has been found
- 18 in an official Cambodian institution. Here we're dealing with a
- 19 document that has been established by DC-Cam itself, not from an
- 20 official institution. And because this document does not
- 21 correspond to any form, any legal form it cannot prove what it
- 22 purports to prove.
- 23 And I would like to add to this that these documents have a
- 24 repetitious character as well, and the Chamber, therefore, has at
- 25 any moment the possibility to state that the Chamber knows enough

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 10

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

22/04/2009 Page 41

- 1 about a specific issue.
- 2 [11.43.29]
- 3 So I would like to remind you that we have examined three
- 4 witnesses concerning M-13 and the accused as well, and that M-13
- 5 is not part of the facts that fall under this Chamber's
- 6 jurisdiction. And I think that now we should move ahead and
- 7 finally start dealing the questions for which Duch is being
- 8 prosecuted; that is to say the facts, the deeds that happened as
- 9 of April 17th, 1975.
- 10 Therefore, I am requesting the Chamber that -- to rule that these
- 11 two documents from DC-Cam are irrelevant and are not liable to
- 12 prove what it purports to prove, and third of all, have a
- 13 repetitious character, and under these characters, given Rule 87,
- 14 I request the Chamber to declare that these documents are
- 15 inadmissible as evidence.
- 16 Thank you.
- 17 [11:45:01]
- 18 MR. PRESIDENT:
- 19 We have listened to the submissions and observations by other
- 20 parties and the Trial Chamber will declare that those submissions
- 21 raised by the Co-Prosecutors and other parties regarding the
- 22 ability, the current ability of the translation and also the
- 23 issues of other documents, not only the particular documents we
- 24 have discussed now but we are talking about the other documents
- 25 too that might have the same weight, and also due to the

- 1 complication of these documents and based on the Rules 76 and 87
- 2 the Trial Chamber decides that these matters will be discussed
- 3 and a decision will be made at a later stage.
- 4 Next, I will provide the floor to Judge Lavergne concerning
- 5 certain documents that needs to be discussed, the documents of
- 6 the UNHCR.
- 7 Judge Lavergne, the floor is yours.
- 8 [11.46.50]
- 9 JUDGE LAVERGNE:
- 10 I shall try to put some questions to shed light on the
- 11 circumstances under which the interview between the accused and
- 12 Mr. Peschoux, Representative of the United Nations High
- 13 Commissioner for Human Rights, took place. That is Document
- 14 Number 09. And this interview took place in April or May 1999.
- 15 MR. ROUX:
- 16 For the time being we shall not challenge the admissibility of
- 17 this document, for the time being. We're just referring to the
- 18 conditions under which it was collected. As you will imagine,
- 19 the defence will have something to say on the matter.
- 20 JUDGE LAVERGNE:
- 21 I just want to make sure that this is properly translated before
- 22 your response is given.

- 1 QUESTIONING BY THE BENCH
- 2 BY JUDGE LAVERGNE:
- 3 Q. The Chamber wishes to put questions in order to determine the
- 4 exact circumstances under which this interview took place. There
- 5 is no question of examining the content of the interview itself.
- 6 I hope this is clear. You were interviewed during the
- 7 investigation phase with regard to this interview, Mr. Duch. Do
- 8 you remember how long this interview lasted, where it took place
- 9 and when it took place.
- 10 [11.49.08]
- 11 A.Your Honours, from my memory I went to Battambang on the 29th
- 12 April. At the time, Ms. Hogo took me to rent a room. It's Ms.
- 13 Hogo took me to rent a room at the motel in Battambang province.
- 14 In the afternoon of the 29th I saw Mr. Christophe Peschoux who
- 15 arrived together with Heng Hamkheng as an interpreter. The
- 16 conversation and the actual interview commenced from the
- 17 afternoon of 29 April. Therefore, in that interview there were
- 18 five people altogether.
- 19 First is myself, Kaing Guek Eav; two, Mr. Christophe Peschoux;
- 20 three, Ms. Ruth Hugo, and Mademoiselle Prieto (phonetic). My
- 21 apology, the third is Ms. Hugo; the fourth, the interpreter Heng
- 22 Hamkheng; and number 5, Père Bernard, a Catholic who comforted me
- 23 psychologically. He's a pastor.
- 24 [11.52.14]
- 25 That is the date and the location of that interview. All of us

- 1 noticed that it's called "interview", but Peschoux still -- the
- 2 way Peschoux carried it out, it looks like it's an interrogation.
- 3 I protested it but then he said, "This is a United Nations
- 4 standard". He said they had a mandate, a UN mandate, and Heng
- 5 Hamkheng, my friend, he also emphasized on this matter. If the
- 6 tapes would be listened to again we could see that the interview,
- 7 the conduct of the interview, was not enough for me to cooperate
- 8 with them. I just did this out of boredom.
- 9 Let me emphasize that this person, Heng Hamkheng, he's also from
- 10 Kampong Thom. He is my one-year junior colleague from the same
- 11 school. He entered the revolutionary lines for one year, but he
- 12 boasted himself that he knew everything about the Khmer Rouge.
- 13 Therefore, the characteristic of this Heng Hamkheng made me
- 14 bored; lost my spirit of cooperation.
- 15 So later on, after I listened to the tapes of the interview when
- 16 the Co-Investigating Judges allowed the lawyers to give me the
- 17 tapes to listen to, I noticed that half-segment of one ...side of
- 18 the tape -- I noticed that one side of the tape had another
- 19 person's voice, therefore, I presumed it was not the original
- 20 tape.
- 21 In conclusion, I would like to inform Your Honours and the
- 22 Chambers that the content of what I am going to speak is about to
- 23 reveal the truth because I want to seek out the truth. I want to
- 24 report to the nation, to the country, and to the world that I
- 25 committed something wrong; that I committed something wrong, that

- 1 I truly committed crimes. However, at some parts I do not want
- 2 to answer fully because I lacked the spirit of cooperation.
- 3 That is all my response to Your Honours.
- 4 [11.57.48]
- 5 Q.Could you tell us how long this interview or interviews
- 6 lasted? Was it just the one? Were there several? Did it take
- 7 just a day, one afternoon? How long was it?
- 8 A. Your Honours, I already informed Your Honours the interview
- 9 started in the afternoon of the 30th of April 1999. The first
- 10 day, the second day, the third day; it finished on the third day
- 11 -- on the third night of May. So it started from 7 a.m. 'til 11
- 12 a.m. when I was interrogated, and in the afternoon it -- I don't
- 13 exactly remember the time -- it was roughly from 2 p.m. 'til 5
- 14 p.m., and at night from 7 p.m. 'til 9 p.m. So during that three
- 15 or four days, I was constantly interrogated.
- 16 That is my response to you.
- 17 Q.So during those three days you were in the company of the
- 18 other people whose names you have provided, that is Mr. Peschoux,
- 19 Ms. Hugo, the interpreter and Father Bernard; is that correct?
- 20 A.And also a journalist, Nate Thayer.
- 21 [12.01.01]
- 22 Q.Now, specifically with regard to the journalists, had you met
- 23 journalists prior to this meeting? If so, which ones and what
- 24 did you tell them?
- 25 A. Your Honours, the first person who came to see me was Nic

- 1 Dunlop and later on, on the date I appeared as Duch, there were
- 2 Nate Thayer and Nic Dunlop and another person he's Giroir
- 3 (phonetic). He was a cameraman. But these three did not present
- 4 themselves or not present with me altogether at the same time.
- 5 They did not show me the voice recorder. The person -- the
- 6 cameraman, the Giroir (phonetic) he didn't ask any questions he
- 7 only took photos and Nic Dunlop, he took photos and he asked
- 8 questions. Nate Thayer also asked me questions.
- 9 Later on I saw Peschoux, Ms. Hugo and Heng Hamkheng who came to
- 10 meet me and invited me to come to Battambang.
- 11 Q.What did you say during these interviews with the journalists?
- 12 What did you say to them and what did they say to you? What were
- 13 you told?
- 14 A.I forget it all. But on some events written by Nic Dunlop, I
- 15 believed that was what I said. I said that before I used to
- 16 serve human being but now I serve the God. And another point
- 17 that Nic Dunlop wrote and which I believe was in my speech is
- 18 that I said the Christian is the God who took you to meet me.
- 19 [12.04.54]
- 20 I spoke to Nic Dunlop; "it's the Christ -- the Christ who brought
- 21 you to meet me". I told Nic Dunlop, "the Christ brought you to
- 22 meet me." Nic Dunlop quoted that words and those are the words
- 23 that I spoke to him. And I also said that Ta Mok was extravagant
- 24 in the past but now he is powerless, that's why he was
- 25 imprisoned. That's what I said; that's another thing I said.

22/04/2009 Page 47

- 1 And another thing that I said is, I only talked thing -- about
- 2 the three topics that I spoke. I told Nic Dunlop that -- that I
- 3 was busy and the three things I said were; number one, to find a
- 4 school for students to study because the Khmer Rouge returned
- 5 from the refugee camps and there was no school; all the schools
- 6 had been destroyed. In my position as the chairman of an
- 7 education office of the District, I had to find a school for the
- 8 children.
- 9 Second, I had to find a church to pay homage to the God, and
- 10 third, to find rice, food, to feed myself.
- 11 I would like to tell Your Honours and the Cambodian people that
- 12 at that time I almost starved to death, I was so poor.
- 13 That is my response, from my recollections and what I spoke to
- 14 them.
- 15 Q.During these interviews with these journalists did you speak
- 16 about the -- Pol Pot's position in relation to S-21 and did you
- 17 express the desire to state the truth about S-21?
- 18 [12.08.46]
- 19 A.On the topic of S-21, I spoke about it. I said Pol Pot denied
- 20 that S-21 was a fabrication made by the UN. I objected to his --
- 21 Pol Pot's speech on this topic. For the S-21 I was the chairman
- 22 of that office. The crimes committed in S-21 were under my
- 23 responsibility. My superior was, initially, Professor Son Sen
- 24 and later was Nuon Chea.
- 25 So Pol Pot said it's an invention by the UN, no it's not, because

- 1 I was the chairman of that office
- 2 Q.In the list of agreed facts, you insisted that a paragraph be
- 3 added that did not exist in the working document that had been
- 4 presented by the Co-Prosecutors. This paragraph regards your
- 5 acknowledgement of guilt, and in particular, there is this
- 6 sentence, and I will read it, and you will tell me if you agree
- 7 with this sentence or not. You said, or at least it is said in
- 8 this paragraph, "He explained that -- it was explained that,"
- 9 speaking about you, "I had been brought," you'd been brought to
- 10 step out of your silence in 1999 believing that you could not
- 11 avoid saying the truth about S-21 after having listened to what
- 12 Pol Pot was saying, denying S-21's existence and who was
- 13 pretending that this was a fabrication by the Vietnamese.
- 14 Do you confirm what I just said? Is there a problem? Didn't
- 15 you -- did you hear what was said? I'm asking -- they're asking
- 16 the translation booth here. May you, please, repeat, Duch,
- 17 what you just were saying?
- 18 A. What you have just read out, Your Honours, it means I stepped
- 19 out of my silence because what Pol Pot said. I could not bear
- 20 with what Pol Pot said so I had to show up my (inaudible). So
- 21 from my recollection, that sentence was what I had said with them
- 22 at that time.
- 23 JUDGE LAVERGNE:
- 24 I believe that there are other questions, but it might he time
- 25 now to adjourn the Court, but there will be other questions to

- 2 [12.13.34]
- 3 MR. PRESIDENT:
- 4 Now it's time to adjourn. We will adjourn for lunch until 1.30.
- 5 The detention guards, bring the accused back to his waiting room
- 6 and bring him back before 1.30 this afternoon.
- 7 (Court recesses from 1214H to 1401H)
- 8 (Judges enter courtroom)
- 9 [14.01.53]
- 10 MR. PRESIDENT:
- 11 We now declare the continuation of our proceedings.
- 12 Next, I should give the floor to Judge Lavergne to continue his
- 13 questioning to the accused, related to the document of the UNHCR.
- 14 [14.02.06]
- 15 BY JUDGE LAVERGNE:
- 16 This morning, you explained to us that you had met with
- 17 journalists before you were interviewed by Mr. Peschoux. I think
- 18 you said it before, but it is not a bad idea to say so clearly
- 19 again.
- 20 Could you tell us whether you also met Mr Peschoux and Ms. Hugo
- 21 before the interview that started on the 30th of April; had you
- 22 met them before, and when you did meet them do you know who they
- 23 were?
- 24 A. Your Honours, after I met the two journalists and the
- 25 cameraman, I separate met three of them, Christophe Peschoux, Ms.

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 10

- 1 Hugo, and Heng Hamkheng. These three who arrived at my younger
- 2 sibling's house in Samlaut -- my younger sister. So we talked.
- 3 At that time, the (inaudible) took me to see the site where a
- 4 school was to be built and after going to visit that site, when
- 5 we returned home, they organized for me to go to Battambang, so I
- 6 met these people -- these three people separately from those
- 7 journalists, and I believe they gave me a name card -- each of
- 8 them gave me a name card. Ms. Hugo and Peschoux also gave me the
- 9 name cards.
- 10 They clearly told me that they from the UNHCR and they told me
- 11 their boss was Thomas Hammaberg, and they invited me to come to
- 12 Battambang under the term of discussion for building a school.
- 13 That is my reply to your questioning, Your Honour.
- 14 [14.06.03]
- 15 Q. So what you are saying is that the only reason they asked you
- 16 to come to Battambang was because you were going to discuss the
- 17 building of a school and that is all they talked about with you.
- 18 Is that right?
- 19 A.I came along with them to Battambang with a strong belief that
- 20 we discuss with them to find fund for building a school.
- 21 Q. Did you tell them what position you held; what duties you had
- 22 performed previously? Were they informed of your presence at
- 23 that place and, if so, who informed them?
- 24 A. They knew. They told me Nate Thayer told them. So they knew
- 25 I was Duch, the chairman of the S-21, and I also presented them

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 10

- 1 to the district headquarters.
- 2 Q.So did you discuss S-21 or not?
- 3 A. With these two representatives from UNHCR, I did. I told them
- 4 about the S-21's office at my younger sister's house, and also on
- 5 the way when we walked towards the location where a school was to
- 6 be built.
- 7 [14.08.34]
- 8 Q. Who suggested to Father Bernard that he come?
- 9 A. The person who invited Bernard was not the UNHCR
- 10 representative, it was Nate Thayer.
- 11 Q. Were you informed that Father Bernard would be attending the
- 12 meeting?
- 13 A.At first, Nate Thayer was about to find another person but he
- 14 found Bernard so he invited Bernard.
- 15 Q.When did you become aware that Father Bernard would be
- 16 present? Did you try to find out why this priest was there? Did
- 17 you try to get an explanation for his presence?
- 18 A. Nate Thayer said they would like to invite a Jesuit to stay
- 19 with me, and then I said okay, you could go. And then without
- 20 the Jesuit, came but Bernard came instead and he presented
- 21 himself -- introduced himself.
- 22 [14.10.44]
- 23 Q.To discuss the building of a school?
- 24 A. When Bernard came we knew that the issue of my testimony to
- 25 them, that I was interrogated was already discussed and I

- 1 expected that.
- 2 Q. You say that you were expecting to be interviewed or
- 3 interrogated? About what were you expecting to be interviewed?
- 4 A.It started from the evening of the 29. Sorry, no, not that.
- 5 Please hold on. Maybe the 30th of April and then on the 1st and
- 6 on the 2nd and on the 3rd of May. So I started to meet but now
- 7 on the 30th of April in the morning. We had a discussion but
- 8 then they already discussed about this even from the evening
- 9 before that.
- 10 [14.12.25]
- 11 Q. I'm trying to get this clear. Before the interview began,
- 12 before you even went to the interview you were informed of the
- 13 questions that put to you. Were you informed that Father Bernard
- 14 would be there to assist you psychologically?
- 15 A.When they started to ask questions, that Nate Thayer asked me
- 16 to find someone to support my emotional -- to give me emotional
- 17 support; that he decided to look for a Jesuit. So the reason
- 18 that the idea to find some psychiatrist or someone to support my
- 19 emotion was originally from Nate Thayer, not from me.
- 20 And I would like to say that my church was in Battambang in
- 21 Chamkar Samroung. But at that time I was mixed up and I could
- 22 not think of anything. Therefore, I let Nate Thayer to invite
- 23 the Jesuit but then that person did not come except Père Bernard.
- 24 So I was interrogated or interviewed while Père Bernard was close
- 25 to me and he spoke Khmer fluently.

- 1 Q. So you went to a meeting, a planned meeting with Mr.
- 2 Peschoux, Ms. Hugo, and during that meeting you knew that you
- 3 would be assisted by a priest and you knew that questions would
- 4 be put to you. Is that correct? Did you know whether questions
- 5 were going to be put to you about S-21?
- 6 A.Your Honour, at the beginning when Peschoux was not yet there
- 7 I did not expect they would ask me about S-21, but when they
- 8 landed from the plane and then they took that confession and then
- 9 I realized, wow, I was interrogated or interviewed. No, they
- 10 took the list of questions and then -- and I saw them and I asked
- 11 them -- I was surprised because I told them wow, I was
- 12 interviewed, and how you interview or interrogate me because the
- 13 court was not yet established and there has no permission --
- 14 there was no permission from the government yet. They said they
- 15 had the mandate of the United Nations to do so. They said they
- 16 had the United Nations mandate and I could not say anything else,
- 17 and then they also took pictures. They were about to take both
- 18 pictures and record my voice. I was -- I did not agree. I
- 19 allowed them to only take the record of my voice, not the
- 20 pictures.
- 21 This is what I told Your Honours earlier that I was not satisfied
- 22 with the conduct of that interview. I was not very happy with
- 23 that. So I had not been in the position to cooperate genuinely.
- 24 But sometimes I was even angry with Heng Hamkheng.
- 25 So in conclusion, the things that I have just said was the

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 10

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

- 1 product of my emotional painfulness from the consequences of the
- 2 Pol Pot regime. Whatever regretfulness or remorse I have had I
- 3 would like to reveal to the full capacity but in reality when I
- 4 could see that Heng Hamkheng was rather not well organized or
- 5 aggressive then I could not really hold my anger.
- 6 [14.19.17]
- 7 Q.So you said that Mr. Peschoux indicated to you that a United
- 8 Nations mandate which authorized him to put questions to you.
- 9 Did he tell you that you were obliged to answer his questions?
- 10 A. They told me that they had the right. I was told that they
- 11 said they had the right because they had the United Nations
- 12 mandate. So they pressed on using that word, that term, right in
- 13 front of me. So therefore they confirmed their rights, the
- 14 rights suggested that I was obliged to respond.
- 15 [14.20.28]
- 16 Q. Were you taken forcibly to this interview? Were you kept
- 17 there against your will? Since this interview took several days
- 18 were you forced, were you made to go there on several occasions
- 19 by force?
- 20 A. There had not been any police who guard along the road.
- 21 However, at that location there were four of us who stationed
- 22 there.
- 23 Those people included me, Christophe Peschoux, Heng Hamkheng and
- 24 Nate Thayer, who stayed in another separate room. I stayed in
- 25 another separate room. Heng Hamkheng and Peschoux stayed in

- 1 another separate room individually. Heng Hamkheng and Peschoux
- 2 shared the same room. Père Bernard went with his -- to his
- 3 church, but Hugo went to her office.
- 4 [14.22.44]
- 5 So people who were at the location were four, and the other
- 6 people went to their places after the interview finished.
- 7 Q. You were interviewed by the Co-Investigating Judges regarding
- 8 the conduct of this interview, and a question was put to you by
- 9 Mr. Alex Bates, Co-Prosecutor. But unless I'm mistaken, you
- 10 answered that you had concealed nothing from Christophe Peschoux
- 11 and that you had answered the questions put to you during the
- 12 interview freely. Do you confirm what you stated before the
- 13 Co-Investigating Judges, or is this at odds with the facts as you
- 14 remember them?
- 15 A.Regarding my free answer without any force, it stemmed from my
- 16 spirit that I would like to reveal the truth. However, in some
- 17 cases Kheng and Peschoux shouted at me. That's why some of my
- 18 statements were made without any much thinking. I just answered
- 19 without having to think that I would be responsible for such
- 20 answer.
- 21 The evidence in the form of the voice recording I think is still
- 22 there, which contains my communication, my discussion with Heng
- 23 Hamkheng and me myself, although that recording is not the
- 24 original version but it still tells us that in the recording that
- 25 was my voice of -- the voice of me and Heng Hamkheng and Peschoux

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 10

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

- 1 in that discussion.
- 2 [14.26.11]
- 3 However, in general at that moment I was -- I could feel that
- 4 Peschoux, who represented the United Nations, he came like a
- 5 thief who came to steal things from me. I do not regard him as
- 6 other persons but I called -- now, I'm talking about Mr.
- 7 Peschoux, who did not have any permission from the government yet
- 8 but he worked -- he acted like a thief who came to interview me.
- 9 In my opinion, the United Nations should be more well-behaved and
- 10 not the way like Peschoux treated me.
- 11 And I would like to note that the reason that I was satisfied at
- 12 that moment, because of Thomas Hammerberg conducted a press
- 13 release on the 30th. He told the people that he found me -- I
- 14 was found and he sent the name to Sok An, to the Minister of
- 15 Justice and to Pol Sarouen, and if he had done that it would have
- 16 been proper but the way Peschoux conducted an interview with me
- 17 was not that proper. This is based on my thought.
- 18 Q. How long after this interview were you taken into custody?
- 19 A. Thank you, Your Honours, for asking this question. On the
- 20 fourth night, in the morning of the 4th of May, I left the
- 21 Monorom Hotel to sleep at Battambang. On the night of the 5th I
- 22 went to sleep at my house and on the night of the 6th the police
- 23 took me to sleep at the prison in Battambang. But they did not
- 24 have me sleep in the prison cells but they allowed me to sleep in
- 25 the working office of the prison staff.

22/04/2009 Page 57

- 1 In the morning of the 7th I was picked up by a helicopter and
- 2 brought to Phnom Penh, and on the night of the 7th I slept -- I
- 3 apologize; I slept at the camp at the Meanchey district
- 4 headquarters for one night -- at the police headquarters for one
- 5 night, and a person named Soeun from the Ministry of Interior
- 6 went down to interrogate me. And later I saw the staff from the
- 7 Military Court to come to get me and I was brought to the
- 8 Military Court on the night of the 8th.
- 9 [14.31.00]
- 10 Q.So during these meetings or interviews with Mr. Soeun, the
- 11 Minister of the Interior, or with the judges from the Military
- 12 Court, were you presented with the content of the interview that
- 13 took place with Mr. Peschoux? Were you confronted with the
- 14 content of the interview that was conducted by Mr. Peschoux?
- 15 A.Your Honours, when an Investigating Judge from the Military
- 16 Court conducted an interrogation with me he had no tape recording
- 17 or any text. I apologize. He did not bring any tape recording,
- 18 tape for the tape, or any text or copy of the text of Christophe
- 19 Peschoux to present to me during the interrogation, and from my
- 20 recollection he did not even mention about that event.
- 21 [14.32.55]
- 22 Q.In your interview a proposition has been brought up, a
- 23 proposal to bring you to Thailand so that you may be arraigned
- 24 there and eventually judged in Belgium. They also mentioned that
- 25 a certain amount of money had been offered to you to go to

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 10

- 1 Thailand. Can you tell us a bit more about this? Can you tell
- 2 us also most specifically when this proposal was made to you?
- 3 A. Your Honours, thank you, Your Honours, for raising this
- 4 question.
- 5 Towards the end, Peschoux and Ms. Hugo told me that Peschoux went
- 6 around the whole world in order to find an asylum for me -- for
- 7 me to be a political asylum. And in the end they said they
- 8 couldn't find it, and then they told me "Okay, so be imprisoned
- 9 in Belgium;" that I should go to Belgium to be imprisoned there.
- 10 I was -- I could not believe it. I was speechless.
- 11 So I asked them if I were to go to Belgium and if I were to be
- 12 tried -- if I were to be tried and if I were to be sentenced not
- 13 for a life sentence and if I had to return home how could I find
- 14 enough money to buy an airfare to return home? And then I also
- 15 asked another question, if I were to be in prison in Belgium
- 16 could my relatives go and visit me? How could they find enough
- 17 money to spend on airfare to go and visit me there?
- 18 This is the way that I tried to show my gentle objection.
- 19 However, they still forced me to go. They gave me \$50 to get on
- 20 a car and left. After I left a bit further from Poy Pet, then
- 21 the international police would arrest me and then that I would be
- 22 sent to Belgium. I was speechless so I left in the morning.
- 23 That was the time when Bernard spoke one word to Peschoux. He
- 24 was disappointed.
- 25 [14.37.52]

- 1 Please stop. Let me rephrase. That was the time Bernard play a
- 2 word to Christophe Peschoux. Peschoux asked me if I ate enough.
- 3 The Khmer word means filled with -- let the interpreter stop and
- 4 let me say in Khmer. When Peschoux asked me whether I was full
- 5 with my meal I replied that yes, I was full. Then Père Bernard
- 6 said, "full with dissatisfaction." It means I was disappointed,
- 7 angry. That was correct.
- 8 Q.When were you offered the first time to go to Thailand; at
- 9 which exact moment?
- 10 MR. PRESIDENT:
- 11 Judge Lavergne, could you please ask the question again because
- 12 the accused was too quick to respond to your question without
- 13 giving enough time to the interpreter to interpret. Please ask
- 14 the question again.
- 15 And I would like to remind the accused that please listen to the
- 16 interpretation and when the interpretation completes then you can
- 17 respond.
- 18 BY JUDGE LAVERGNE:
- 19 Q.So I will ask you the question again. At which specific
- 20 moment was the possibility brought up to you to go to Thailand in
- 21 order to be tried abroad?
- 22 [14.40.54]
- 23 A. Your Honours, they started to show their intention for me to
- 24 be in prison in Bruges -- they showed their intention to be
- 25 imprisoned in Brussels when they finished their interrogation.

- 1 That is it was on the evening of the 3rd of May 1999.
- 2 JUDGE LAVERGNE:
- 3 I do not have any further questions, thank you.
- 4 [14.42.40]
- 5 MR. PRESIDENT:
- 6 The Co-Prosecutor, do you have any comments to make or what is
- 7 your intention of wanting to take the floor? Because this is the
- 8 time now the Chambers will declare the end of any adversarial
- 9 discussion on M 13 office.
- 10 MR. BATES:
- 11 Thank you, Mr. President. It was just that the Co-Prosecutors
- 12 wished to ask one or two follow-up questions from Judge
- 13 Lavergne's questions to the accused on the circumstances of the
- 14 1999 interview. We do not have anything more to say on M 13.
- 15 MR. PRESIDENT:
- 16 Yes, the floor is yours but I would like to remind you all that
- 17 the defence has clearly stated from the beginning that we should
- 18 not ask any content of that interview; only we ask about the date
- 19 of the interview and the location the interview was conducted.
- 20 MR. BATES:
- 21 Thank you, Mr. President. That was in fact my intention.
- 22 QUESTIONING BY THE CO-PROSECUTOR
- 23 BY MR. BATES:
- 24 Q.Mr. Kaing Guek Eav, you've made some very serious allegations
- 25 about the conduct of the people who interviewed you. You have

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 10

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

22/04/2009 Page 61

- 1 said that Christophe Peschoux and Heng Hamkheng shouted at you a
- 2 number of times, and you have said that Mr. Peschoux is like a
- 3 thief come to steal information. Is there any reason why you did
- 4 not tell the Investigating Judges those things when you were
- 5 given the opportunity to put your responses either verbally or
- 6 writing?
- 7 That's my first question.
- 8 [14.45.11]
- 9 A.Now my response to the Co-Prosecutors. I would like to state
- 10 that the evidence to confirm the discussions and the force that
- 11 they made upon me was recorded in the tapes. You can examine the
- 12 tapes. Secondly, my submission -- my suggestion is just my
- 13 suggestion. So if I am guilty of my suggestions then of course I
- 14 will accept it, because that's what he did; Peschoux acted like a
- 15 thief. It was a democratic country. Why they did not have any
- 16 agreement in advance with the government? If I am guilty of this
- 17 presumption then I am responsible and I'm willing to take it.
- 18 Q.To be more specific, Mr. Kaing Guek Eav, you have had the
- 19 opportunity to point out these threats that were made by Monsieur
- 20 Peschoux and Mr. Heng Hamkheng. You've had the opportunity to
- 21 have the tape listened to and those parts of the tape put where
- 22 you allege that they are threatening you or shouting at you. Can
- 23 you explain to the Court why you have not done that so far?
- 24 A.My respectful Co-Prosecutor, can you look back at those times?
- 25 Can you see those issues, how many minutes that the Judge has

- 1 just asked me?
- 2 [14.47.23]
- 3 Q.Mr. President, I would like to read a document from the case
- 4 file which has already been referred to by His Honour Judge
- 5 Lavergne. It is the record of interview of the accused dated
- 6 21st of January last year, Document D38; in English, ERN
- 7 00159555. In response to a question by the Co-Investigating
- 8 Judge, Marcel Lemonde, regarding the conditions of the meeting
- 9 which took place in early May 1999, the charged person answers in
- 10 some detail and at the end he says, "I will send you these
- 11 observations shortly, early February at the latest." That is in
- 12 relation to the interview that we're discussing today.
- 13 I ask again, Mr. Kaing Guek Eav, is there any reason why you have
- 14 not presented these extremely serious allegations of the
- 15 behaviour of Mr. Peschoux before today?
- 16 A.My respectful Co-Prosecutor, for the document that you read I
- 17 would like you to read from the beginning so it could be in
- 18 details, and probably it's better if you can ask the Cambodian
- 19 Co-Prosecutor to read it in Khmer. That is the first suggestion.
- 20 Secondly, I would ask you, Alex Bates, to really think of the day
- 21 that interview was taken at the time, because you were present
- 22 there, how many minutes we have? And now how many minutes we
- 23 have to discuss on this particular issue?
- 24 MR. BATES:
- 25 I'm very happy to invite my Cambodian colleague to read from the

- 1 portion in Khmer. Perhaps we'll need just a moment before that
- 2 can happen.
- 3 MR. PRESIDENT:
- 4 The National Co-Prosecutor, you can take the floor to read out
- 5 the document in Khmer, as requested by the accused.
- 6 [14.50.40]
- 7 MR. TAN SENARONG:
- 8 Thank you, Mr. President, for allowing me to read out this
- 9 document. On page 4 with ERN Number 158838, in the section when
- 10 the accused stated that:
- 11 "I was interrogated every day from 7.00 to 11.00 and from 2.00 to
- 12 4 p.m., starting from the 30th of April and the 1st of May until
- 13 the evening of 3rd of May. The interview was conducted at the
- 14 hotel where I was rented for and the accommodation fee was
- 15 covered by Mr. François (sic) Peschoux."
- 16 The questions by Peschoux in French and translated in Khmer by
- 17 the translator and I responded to the questions in Khmer and the
- 18 translator translated into French. Mr. Judge asked me to provide
- 19 my observation in writing regarding both documents -- Document
- 20 001, under the title, "The Questioning of Duch as the Chairman of
- 21 S-21," dated on the 4th, the 5th, and 6th of May 1999. And
- 22 Document 07 D9 under the title "Interview with Duch":
- 23 "I will send you these observations shortly, early February at
- 24 the latest."

- 1 So this is what Mr. Kaing Guek Eav, alias Duch, stated as my
- 2 colleague already submitted.
- 3 MR. ROUX:
- 4 Mr. President, I am used to asking for complete readings when
- 5 readings are made. So I would like to read in French, therefore,
- 6 read out this interview of the 21st of January but from the
- 7 start; not only what suits the Co-Prosecutors.
- 8 So since the start it is a question coming from You Bunleng, the
- 9 Investigating Judge, who, on the 21st of January 2008 is asking
- 10 Duch:
- 11 "Do you remember that on the 4th, 5th, and 6th of May 1999 you
- 12 were interviewed by journalists and by UNHCR representative?"
- 13 And the following paragraph is titled "Observations by François
- 14 Roux." So I would like you, please, to read it. What did I say
- 15 then? Before our client answers this question the defence would
- 16 like that his expressed reservations regarding this document be
- 17 noted in the written documents.
- 18 These reservations are twofold. First, Mr. Duch was not only
- 19 interviewed by journalists, but also by a United Nations
- 20 representative who should have informed him of his right to
- 21 remain silent which was not done.
- 22 Second, there is some confusion regarding the various
- 23 translations of this interview which have been included in the
- 24 case file. Incidentally, we would like to obtain a copy of the
- 25 audio recordings of this interview. These reservations, having

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

22/04/2009 Page 65

- been noted, our client is ready to answer your questions.
- 2 [14.56.14]
- 3 And indeed, later on the Judges asked -- put questions, such as
- 4 Judge Lavergne is doing, on the way the meeting took place. And
- 5 at the end of these questions the possibility was given to Duch
- 6 to express his comments. Duch then waited for the Co-Prosecutors
- 7 to provide a copy of the recordings, since there was indeed
- 8 serious difficulties with the written documents that had been put
- 9 forth.
- 10 We did not understand these documents anymore, some of these
- 11 documents were just notes that had been taken down by Mr.
- 12 Peschoux himself and other documents were an English translation
- of the statements that Duch supposedly made.
- 14 So, when we met again on the 5th of May 2008 before the
- 15 Investigating Judges, after Duch was able to listen to the tapes
- 16 this is what was -- may I please have five minutes, Your Honour?
- 17 May I please have five minutes? I apologize.
- 18 JUDGE LAVERGNE:
- 19 It seems important for me to add a bit of precision so that the
- 20 proceedings may be fair. Under Index D-79 of the case file there
- 21 is a letter which is a letter that was -- that Mr. Peschoux wrote
- 22 to the Co-Investigating Judges. This letter is dated 8th of May
- 23 2008 and it is the letter stating that the tapes were sent. So I
- 24 am therefore not sure that on the 5th of May the tapes were
- 25 available to the accused. Maybe he could give us the answer.

- 1 [14.58.46]
- 2 MR. ROUX:
- 3 I think that we received the first tapes before because on the
- 4 5th of May 2008 Duch was questioned again by the Co-Investigating
- 5 Judges and he said the following -- you are right -- yes, you are
- 6 right, in fact they had not -- the tapes had not yet been
- 7 included in the case file, you're right. But anyway he said the
- 8 following:
- 9 "I was never told that this statement would be used against me by
- 10 a prosecutor and nobody notified me of my right to remain silent.
- 11 Therefore, I do not wish to make any comments concerning this
- 12 statement."
- 13 Therefore, I -- of which -- and I also noticed that the original
- 14 tapes had not even been included in the case file and this
- 15 therefore is on May 5th. We are therefore now on May 5th and on
- 16 the 5th of May 2008 the tapes were still not included in the case
- 17 file indeed, and Duch concludes before the Co-Investigating
- 18 Judges:
- 19 "I tried during the investigation [he said] in the presence of my
- 20 lawyers, [Duch said] to answer all of the questions from the
- 21 Judges and I consider, therefore, that this statement to the
- 22 UNHCR as obsolete and without any interest today."
- 23 This was to answer the prosecutor who seemed to want to hold
- 24 against Duch the fact that he did not provide any further
- 25 comments. Please, colleague, you can refer to the written record

- 1 of the 5th of May 2008 and indeed it is stated in this written
- 2 record -- he stated to the Co-Investigating Judges that he did
- 3 not wish to provide any additional comments since he had
- 4 explained himself before the Judges.
- 5 MR. BATES:
- 6 I understand Maître Roux's point, but I'm afraid it's a bad one.
- 7 I'm not asking or seeking that every single, tiny point to be put
- 8 before this Court. It's not a matter of tiny detail. It is not
- 9 an insignificant detail for an accused to allege that he had been
- 10 shouted at, in effect threatened, and it is that point that I
- 11 wish to bring to the Trial Chamber's attention. I believe I've
- 12 made my point. I don't believe we're going to get an answer and,
- 13 to quote my friends own words, "The Chambers can draw their own
- 14 conclusions from that."
- 15 BY MR. BATES:
- 16 Q.I have one last question to put to the accused, and that is
- 17 this: would Mr. Kaing Guek Eav accept that the real reason he
- 18 does not want the responses he made to Christophe Peschoux put
- 19 before this Trial Chamber is because some of the responses are
- 20 even more incriminating than he gave and has given so far, and
- 21 that today he doesn't want those answers used against him?
- 22 A.I don't understand your question and I don't know what you
- 23 asked me.
- 24 [15.03.59]
- 25 MR. PRESIDENT:

- 1 The Prosecutor, it appears that you were asking or putting a
- 2 question to the accused, but through our observation we don't
- 3 know whether it was your question or your own remarks --
- 4 interpretation of the point, so could you please rephrase your
- 5 question so that the accused is able to answer your question.
- 6 And please try to avoid ambivalent questions that make the
- 7 accused not answer your question and then he would be framed as
- 8 pretending not to answer the question. So please repeat your
- 9 question.
- 10 MR. BATES:
- 11 Of course, Mr. President. Thank you.
- 12 BY MR. BATES:
- 13 Q.Simply the question: is the accused afraid of the responses
- 14 that he gave to the representative of the High Commissioner for
- 15 Human Rights, Christophe Peschoux?
- 16 A.I would like to frankly put it to the Prosecutor that I am not
- 17 in any fear. In my heart I would like to make sure that I can
- 18 really get something out of my chest. So this is about the
- 19 interrogation that Peschoux asked me and about the response I
- 20 made to him.
- 21 [15.06.09]
- 22 MR. ROUX:
- 23 Mr. President, I do not wish that through these questions the
- 24 Prosecutor is trying to get the accused to talk about the
- 25 substance of that interview, because that is not what is at issue

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 10

- 1 here. We said that we would only discuss the conditions under
- 2 which the statement was taken, and the Prosecutor is trying to go
- 3 in through the window because the door has been closed. I beg of
- 4 you, please do not put any questions relating to the substance.
- 5 MR. BATES:
- 6 No further questions, thank you, Mr. President.
- 7 MR. PRESIDENT:
- 8 The remarks by the defence are appropriate. Now the Chamber has
- 9 received all related information regarding that document and the
- 10 Chamber will issue a decision in due course.
- 11 So now the Chamber would like to announce that the matter of M-13
- 12 comes to an end and from now on the Chamber is in the session of
- 13 putting to discussion the matter of the establishment of S-21 and
- 14 Ta Kmao Prison.
- 15 The Chamber also reminds parties to the proceedings that
- 16 according to the direction regarding the topics, there are eight
- 17 topics: the M-13 and then followed by the establishment of the
- 18 S-21 and Ta Kmao prison. So the reasons we laid out these orders
- 19 of the event is to help smooth the proceedings and it is in
- 20 accordance with the Closing Order that the orders are organized
- 21 that way and to avoid the mix up of the facts. That's why we
- 22 would like you parties to only focus on this particular topic and
- 23 facts at issue, and we try to avoid any confusion by just only
- 24 focusing on this particular topic.

- 1 Next the security guard, could you please bring the accused to
- 2 the dock and then we can proceed with what the Chamber has
- 3 already planned?
- 4 MR. PRESIDENT:
- 5 Mr. Kaing Guek Eav, are you now clear that from now on the Court
- 6 is in session concerning the establishment of S-21 altogether
- 7 with the prison in Ta Kmao?
- 8 Could you please change the headsets for the accused?
- 9 MR. PRESIDENT:
- 10 Before we comes to the heart of the issue, we would like to
- 11 inform Duch that we are now proceeding to the facts of S-21
- 12 regarding the establishment of S-21 and another subsidiary fact,
- 13 which is the Ta Kmao Prison, and because there are a lot of facts
- 14 in the case that's why we have to put them in order, starting
- 15 from the M-13 I mean and to the establishment of the S-21 and Ta
- 16 Kmao Prison and then come to the functioning operation of S-21.
- 17 Do you understand?
- 18 QUESTIONING BY THE BENCH:
- 19 BY MR. PRESIDENT:
- 20 Q.Mr. Kaing Guek Eav, can you tell the Court about your memory
- 21 of the establishment of S 21? You take the floor.
- 22 [15.12.24]
- 23 A.Mr. President, first I would like to confirm that S-21 was the
- 24 combination of security office of Division 3 called Office 03 by
- 25 Nat and other cadres who came from M-13 office. So my

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 10

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

22/04/2009 Page 71

- 1 introduction is that S-21 was formed from Security Office M-13
- 2 and cadres from Office 03.
- 3 MR. ROUX:
- 4 Mr. President, there are serious translation problems. It is not
- 5 Office 03, it is Office 703. It is not the same thing.
- 6 THE ACCUSED:
- 7 I would like to confirm again that the division was Division 703
- 8 and that security office belonged to the Division 703 or called
- 9 Office 03, and I only used this term. Nat had a secret name
- 10 which he referred to as Brother 03.
- 11 So next I still remember that. I would like to state this to the
- 12 whole Court. At the beginning I only touch upon the parts of the
- 13 cadres from 703 who joined hands at S-21.
- 14 On the 20th of June 1975 I was called to attend a training
- 15 session -- my deputy, Som, and Meas and Brother Mom Nay, alias
- 16 Chan, who were party members who started in Phnom Penh starting
- 17 from the 24th of June 1975. Why I remember the date clearly,
- 18 because there are documents, the notes of Brother Mom Nay that
- 19 the Co-Investigating Judges Office gave to me.
- 20 I attended the session for about half a month and my boss, Mr.
- 21 Son Sen, asked me to wait for the division at the train station,
- 22 and other cadres were allowed to go back to their office, except
- 23 Comrade Som, who was allowed to look for a wife in Siem Reap. So
- 24 I waited for work at the train station in Phnom Penh, which was
- 25 called the secretariats messenger.

22/04/2009 Page 72

- 1 [15.16.25]
- 2 So coming to this point, I would like to take this opportunity to
- 3 reveal the truth that was presumably -- that was wrongly
- 4 presumed. They said that I stayed at the office of the messenger
- 5 and with the leader, but actually it was not true. At this
- 6 location it was for the messengers of Son Sen, for cadres who
- 7 were not being appointed to stay temporarily before they were
- 8 appointed.
- 9 At this location it was at the train station of Phnom Penh.
- 10 Before that there were cadres who had stayed at that location,
- 11 including Pol Pot and Son Sen, but they had left already. And
- 12 the evidence is in the confession of Khieu Samphan, who said Pol
- 13 Pot, Nuon Chea and he himself stayed at the train station and
- 14 after the train station they stayed at Preah Kev Morokat. They
- 15 call them silver pagoda.
- 16 And a short while later they went to K-1 and K-3, according to
- 17 their testimony. So altogether by June they reached Office K-1
- 18 and K-3 already. These are the evidence that I had not raised
- 19 before.
- 20 And also I would like to confirm that the messengers of Son Sen
- 21 classified into three categories. One category were referred to
- 22 the close messengers. Well, they're called protecting
- 23 messengers. They were Comrade Nuon and Pon, who were the close
- 24 messengers of Son Sen, and they were ready to be used at any
- 25 moment because they were close to the boss.

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 10

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

22/04/2009 Page 73

- 1 With the name of messenger it doesn't mean that we were close to
- 2 the leader. So there were 12 messengers controlled by Comrade Pi
- 3 and they're stationed at the office where Son Sen worked to the
- 4 north of Borey Keyla, or stadium. And the name of the place was
- 5 -- in the map by the Co-Investigating Judges we identify it as
- 6 "B". And the telephone central office was also installed there
- 7 and other equipments were installed. And we worked with the
- 8 leaders also at this location, and the location for the leaders
- 9 was named as "A" at the train station. At this location it was
- 10 for cadres who were not yet appointed but were waiting for being
- 11 appointed.
- 12 [15.19.52]
- 13 So in conclusion, after the training we stayed at the train
- 14 station, which was the place where people were waiting to receive
- 15 duties but not staying with any leaders.
- 16 And after a while then our leader asked Nat to take me from the
- 17 train station to live with Nat at the old general headquarters on
- 18 Norodom Boulevard, and then we stayed at that location for being
- 19 appointed or given duties.
- 20 On the 15th of August '78 we were called to present the name of
- 21 the establishment of S-21 with Nat as the chairperson and Kaing
- 22 Guek Eav as deputy chief and another comrade called Khem Va --
- 23 not Vad -- Khem Va, alias Hor, who was also a member. The
- 24 details of that location was not yet made by the leader. And
- 25 then the leader appointed Duch "to bring your cadres from Amleang

- 1 to Phnom Penh and that Nat, you should stay to finish your police
- 2 work at Division 703 until it's completed."
- 3 And at the same time when you went to bring forces, then you can
- 4 -- you could collect documents from the chiefs of the soldiers
- 5 and the police and the public buildings so that those documents
- 6 could be collected. And then I collected those documents.
- 7 [15.21.46]
- 8 I would like to say that I asked Sok, Comrade Sok, the chief of
- 9 the secret force in Phnom Penh. I already presented Comrade Sok
- 10 to you because there were two pictures of me and Sok standing --
- 11 posing for pictures.
- 12 So I just collected those documents. I informed the Chamber that
- 13 when I went to collect those documents at a place called CIPRA --
- 14 CIPRA is an abbreviation, a French abbreviation. C stands for
- 15 "centre" or "central". I means "interrogation". So it's an
- 16 interrogation centre. And P stands for "prison". It is an
- 17 interrogation centre. In the Khmer the CIPRA is called the
- 18 interrogation centre for the prisoners of war and the defectors.
- 19 This is the document that the Co-Investigating Judges wanted to
- 20 ask me about the CIPRA. This is not a DC-Cam document but DC-Cam
- 21 collected this information from the CIPRA. I recognize this
- 22 document because I collected those documents and I collected
- 23 those confessions from their office.
- 24 This is just a small description of the CIPRA. It was north of
- 25 Pasteur Road -- my apology, it's east of Pasteur Road but it's to

- 1 the west of the Norodom Boulevard and I stayed north of the
- 2 Sisovat School. That's where I was. It's near the old building
- 3 of Omset (phonetic). That's where I collected the information.
- 4 And I did not collect those confessions so DC-Cam went to collect
- 5 those documents and confessions.
- 6 So in summary, I went around to collect those documents, the QCRR
- 7 building. It's the army's administrative headquarters and I also
- 8 collected from Wan Sal's (phonetic) house, also from Lon Nol's
- 9 house. I myself went there for two days to ransack it to collect
- 10 documents. So I spent time collecting those documents and
- 11 Comrade Meas went to collect the files from Amleang to Phnom Penh
- 12 from the M 13 office, and then we stayed at Sansam Kosal Pagoda
- 13 near the Kamara Kumen (phonetic) Road. It was called 371 Road --
- 14 I'm not sure.
- 15 [15.25.10]
- 16 So we stayed there. I went around gathering documents, and the
- 17 rest they looked for those houses because we weren't yet assigned
- 18 any duties. At that time, after I collected some documents Nat
- 19 called me to go to Ta Kmao as his deputy, so he took me around to
- 20 see places. So he took me to see a prison in Ta Kmao. When I
- 21 went there I suddenly recognized a person who used to be close to
- 22 me, so I withdrew myself. I thought, "Oh, now, I came to the
- 23 same situation," and I did not want to go to that place again.
- 24 But later on Nat took me again to a special prison. The special
- 25 prison is for those from Kampong Chhnang. It was a villa of the

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 10

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

- 1 Prince Sisowath Monireth. It was on the Norodom Boulevard to the
- 2 south of the National Bank.
- 3 So Nat took me there and I saw Sorphan there, sitting there
- 4 writing confessions. Sorphan was a deputy governor of Phnom Penh
- 5 during the Lon Nol regime. So that's when I went to see the old
- 6 prison.
- 7 Now let me talk about the Ta Kmao. Ta Kmao used it as a prison
- 8 for that Division 703, or it was called Office 03. They detained
- 9 ordinary prisoners there. Let me confirm to the Chamber that Nat
- 10 used the word 03 until the end of November, he still used it, and
- 11 it's shown in the documents about the biography and the follow-up
- 12 of Kum Toth (phonetic) it's what he wrote in that document with
- 13 his signature. So he used 03. Even after establishment of S 21
- 14 he still used the word 03. I doesn't want to say that, okay, 03
- 15 was responsible for the other part. I just want to say that S 21
- 16 was a combination of the forces from M 13 Office and the Security
- 17 Office 03.
- 18 So probably if in September or October, I was not sure --
- 19 probably it was in October, from my recollection, Nat ordered me
- 20 to stay in a house in street number 413 or 431. It was behind
- 21 the Tuol Sleng Genocidal Museum. The house belongs to the
- 22 General Khieu Kim Eng (phonetic). He rented to UNHP at the time.
- 23 I stayed there and then I was asked to bring the prisoners from
- 24 Ta Kmao to that house for the cadres to interrogate them.
- 25 [15.28.37]

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

22/04/2009 Page 77

- 1 So my duties started from there. It means collecting those
- 2 documents from the beginning. So the establishment of S 21
- 3 office started from that time with me as deputy chairman, and the
- 4 Ta Kmao prison was a big prison but the prison at the south of
- 5 the current Tuol Sleng Museum is an interrogation place.
- 6 A bit later Nat changes the place from the west of the current
- 7 Tuol Sleng Museum to the general headquarters or the police
- 8 headquarters, which was called P.J., but that was just an
- 9 interrogation place. It was not like at the Ta Kmao prison.
- 10 This is according to the evidence of the remaining documents.
- 11 So we stayed there for a while, then the superior said, oh, we
- 12 couldn't stay there because of the Chinese visitors. So Nat then
- 13 changed it back to the old location, which was the west of the
- 14 current genocide museum of Tuol Sleng. After that I was moved
- 15 from the house 413 to another house which was called number 2.
- 16 This house number 2 was an old villa of Dr. Mey Samedi. I stayed
- 17 there.
- 18 And when the interrogator was still at the P.J. and after Nat
- 19 left, I left that Dr. Mey Samedi's house and stayed at the house
- 20 where I took a photo with Comrade Sok, which I wrote number 3 on
- 21 the map. So after Nat left I supervised S 21. I had the keys of
- 22 the S 21 to myself. That is my response.
- 23 Q.Can you give the reasons why the security office was called
- 24 S-21? What is the meaning of S-21 and when was it called by that
- 25 name, and who designated that name?

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 10

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

22/04/2009 Page 78

- 1 A.I would like to confirm that the word "S-21" was put on the 15
- 2 of August '75. At that time Teacher Son Se, my superior, said we
- 3 did not use -- we no longer use the word "police" because the
- 4 word used by the police -- by Youn used that word so we don't use
- 5 it, we use the word Santebal. The police means people who look
- 6 after the territory. The word Santebal means those who looked
- 7 after the peace, who preserve the peace in the country. So we
- 8 use the word Santebal and the short is "S" and then we thought of
- 9 the number,
- 10 [15.32.34]
- 11 When the superior has not responded, then we put "21" because
- 12 that is my communication number. So then they thought S-21 was
- 13 established.
- 14 So let me just add a bit further to this; that this office was
- 15 officially known as S-21, not S-24. S-24 was, you know,
- 16 (inaudible); I was surprised to hear that S-24 because there's
- 17 surviving documents about the meetings on the agricultural
- 18 matter, for example. Comrade Tue (phonetic) went to a meeting in
- 19 the name of the S-21, not S24, so I rejected the term "S-24"
- 20 because not (inaudible) that name, not by the Communist Party of
- 21 Kampuchea, but S-21 is under my responsibility and the crimes
- 22 there, I am responsible for it.
- 23 That is my response to you, Your Honour.
- 24 Q.Can you confirm on the organization of the Santebal office or
- 25 security office, S-21. How was it organized; what is its

- 1 organizational structure from the establishment in the beginning?
- 2 A.Mr. President, Your Honours, after its organization has been
- 3 established, as I informed, I was in a -- we were in the process
- 4 of organizing those documents from the Lon Nol regime, and to
- 5 compile some of those documents and then to report to the
- 6 superior and to send some documents to the superior as well. For
- 7 example, we confiscated some maps of the location -- of the
- 8 military locations in Youn and in Thailand to send to the
- 9 superior. That was the first duties.
- 10 [15.34.47]
- 11 Later on, when we were at a general headquarters of the police we
- 12 -- I taught them how to interrogate and to look after -- to watch
- 13 those who interrogate the prisoners and not use (inaudible) as
- 14 his club.
- 15 He established another organizational structure which is further
- 16 in details; he wanted to create an office of the S-21. Then, I
- 17 also signed on the word "S-21" for that office name. So that is
- 18 the truth.
- 19 Separately, the daily activity and the administrative work,
- 20 including those in Presaw (phonetic) was under the supervision of
- 21 Comrade Ho. I still maintain that I do not avoid from the crimes
- 22 committed but I just want to express the truth. I myself was
- 23 organizing those documents and the confessions.
- 24 Also, the party's work. I would like to inform the Chamber that
- 25 Nat was a secretary. So the parties were his responsibility; he

- 1 knew. Nat and I were in the revolutionary line from 1965. So on
- 2 the theory, I beat him. On the common theory, I beat him. On
- 3 the proletarian theory, yes, I beat him.
- 4 So Santebal, or the security office of S-21 was established, but
- 5 did not lead the meeting, so the party's works was my
- 6 responsibilities and the records was also my responsibility. It
- 7 means the works of the confession and the sending of documents to
- 8 the superior was my responsibility at that time, but the daily
- 9 works was under Ho -- under Ho's supervision (inaudible).
- 10 [15.37.11]
- 11 They say the organizational part of the S-21 and those cadres
- 12 from Amleang were part of the interrogation team.
- 13 Q.We have read the document and it is clear about the mechanism
- of the establishments of various offices and the S-21; for
- 15 instance, the document office, the logistics, the guards, the
- 16 interrogation team, for instance.
- 17 Let me put a question to you. At the start of the establishment,
- 18 what is the functioning of those organization, whether -- did
- 19 they draw the organizational chart for various units, for its
- 20 operation from that time -- for the time of its establishment or
- 21 at a later stage?
- 22 A.Mr. President, Your Honours, the old organizational chart was
- 23 in place and I did not change it. I was a deputy and I did not
- 24 want to change the organizational chart.
- 25 So after he left I was also -- I did not change and I allow Ho to

- 1 manage all the daily activities and I, myself, I dealt with the
- 2 superiors and for other units, photography, for instance, the
- 3 interrogation, the guards, the special force team, the production
- 4 unit, and the re-education unit. These small units were existing
- 5 from the previous arrangement.
- 6 [15.39.14]
- 7 And for those who came from M-13 were put only in interrogation
- 8 unit and Brother Mam Nai who, at the time, Mam Nai he was used as
- 9 his clerk by Nat but then I use him as assistant. For example,
- 10 when I want to order somebody to do something I write -- I wrote
- 11 it down and I gave it to Mam Nai. But for Ho I did not have to
- 12 write him anything; I called him to come and discuss and then I
- 13 assigned him work to do and he did the work as my deputy without
- 14 going through Nai.
- 15 But Nai had to give to -- to take the written order from me and
- 16 for Comrade Pon, he was not an assistant, he was a cadre of the
- 17 -- for interrogation of the important prisoners and, besides
- 18 that, I still maintained the old existing infrastructure.
- 19 Q.Do you still remember the names of the people who were in
- 20 charge of S-21? Were they called the chairman of S-21 and deputy
- 21 chairman of the S-21 or secretary or members like what you said,
- 22 or were there any differences in the way people were identified
- 23 in the roles at S-21?
- 24 A.Mr. President, in the formal way of the party, I was the
- 25 secretary of committee of S-21 where -- office and -- so this is

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 10

- 1 the full-time member of S-21 and we did not recruit people, and I
- 2 was regarded as the chairman of S-21, while Ho was my deputy.
- 3 But in general the office was called -- I was called the chairman
- 4 of S-21.
- 5 Q.Could you tell the Court that when the forces were integrated
- 6 from Division 703 and from Office M-13 altogether -- for example,
- 7 Meas brought them -- how many of them were altogether?
- 8 A.There were 100 people from Division 703. I could not -- I'm
- 9 not sure of how I can calculate the numbers. But I would like to
- 10 say that Nat was the secretary of the division. He was the
- 11 secretary of the division. Comrade Hor in the wartime before 7th
- 12 of April he was the secretary of the special unit and he was in
- 13 the military rank, and the special unit was trusted so they
- 14 fought their heart for the Party by way of indoctrination they
- 15 obtained. But when they came to S-21 Nat tried to promote Hor to
- 16 the regiment position. And when I was at Amleang, I was member
- 17 of the branch office only.
- 18 [15.43.18]
- 19 So in short, these forces -- if we're talking about the value of
- 20 the forces, it was equivalent to a battalion or we can put it
- 21 this way, that the value of it was that no one was on top of it
- 22 and was below it. It was the regiment, independent regiment.
- 23 So there were two -- no, three units, the unit of the secret
- 24 resistance. There were about 10 of them who brought in. And
- 25 finally only one leave; he left, escaped to Peam Kampon Tralach,

- 1 Kampong Chhnang province. So these three units were combined
- 2 together and hundreds of people from Division 703.
- 3 According to the collection, there were about 200 people from
- 4 Division 703. So in the division there were a lot of forces. So
- 5 I took them on a truck -- two trucks. So altogether there were
- 6 about 50 people that I requested. So the composition of the
- 7 people at S-21 were in the hundreds, along with the cadres and
- 8 the combatants. And people who were half combatants and cadres,
- 9 I think altogether there were about 2,000 -- or more than 1,000.
- 10 But it was not under my control anyways for those people.
- 11 [15.45.38]
- 12 Q. You said the people who organized the establishment of S-21
- 13 was initiated by Son Sen. Is that correct?
- 14 A.People who initiated the establishment of S-21 was Son Sen, my
- 15 superior. He was the general staff.
- 16 Q.Just now you said you travelled to Ta Kmao prison. Was it the
- 17 prison at the location of the psychiatrist?
- 18 A. Yes, it was at that location.
- 19 Q.Did you notice that the prisoners who were detained at that
- 20 location, how many of them were there?
- 21 A.I went only into one room and met Doctor Gy (phonetic) who I
- 22 had known at 25 and I did not want to know more in the name of
- 23 the deputy chief about the people who were arrested there.
- 24 But I would like to say that the prison at Kmao although Nat left
- 25 it Nat asked me -- I use the word pleaded with me. He explained

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 10

- 1 to me that we should not give -- we should give Doctor Kmao (sic)
- 2 to others. But then when he left he came back to pay a visit to
- 3 Comrade Hor. So I can say that the Kmao prison existed until May
- 4 or July and then we organized Ponhger Yat High School to detain
- 5 prisoners.
- 6 After Nat left he asked me to keep this prison. One day my
- 7 superior, Mr. Son Sen, called me and said "Duch" and I said
- 8 "Yes." "The prison at the Kmao did Ministry of Social Affair
- 9 wanted it" but I said that no, I could not give the prison now
- 10 until I -- unless I already resumed all the bones of the dead
- 11 body from that location and empty it. And then I talked to Hor.
- 12 Brother Son Sen demanded that we send -- or that we give the Kmao
- 13 prison to the Social Affair, but then we had to deal with the
- 14 bones, the people who were buried, and resume them and then have
- 15 them cremated. And a month later, Hor reported that the bones
- 16 were cremated but still there were some under the big dykes. And
- 17 then later on I called my superior that of course the bones were
- 18 exhumed and cremated except the bones under the two big canals.
- 19 So this is how the prison was organized. That's why no bones was
- 20 left.
- 21 [15.49.36]
- 22 Q.You said earlier that later on there was an interrogation --
- 23 there were two interrogation locations and that -- could you
- 24 please confirm that position?
- 25 A.At P.J., I taught people to interrogate and also I prepared

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 10

- 1 report to the superior regarding the string of traitors.
- 2 Q.My question is that the prisoners that you said were brought
- 3 from the Kmao prison to be interrogated in two interrogation
- 4 locations, including the former P.J. prison. So after
- 5 interrogation where were they sent to? They were sent to the
- 6 Kmao back or left in Phnom Penh?
- 7 [15.50.48]
- 8 A.In principle, anyone who was being -- after interrogation
- 9 everyone was to be smashed. And I can presume that at that Kmao
- 10 prison was the place where people were smashed.
- 11 So at P.J. prison we could not really kill the people -- people
- 12 could not be killed and buried because they were made of brick
- 13 floor, cement floor.
- 14 I would like to make it clear that at P.J. I never paid a visit
- 15 there. Once I sat down with Nat's uncle called Ban Ouch Nol
- 16 Pech, the former Khmer Issarak. His name was given by the former
- 17 Prince Sihanouk. So Nat probably would like me to help with
- 18 maintaining that location, but I just listened.
- 19 [15.52.00]
- 20 MR BATES:
- 21 Mr. President, I'm sorry to interrupt the accused, but I do
- 22 invite the accused to speak a little more slowly. It's a little

- 24 MR. PRESIDENT:
- 25 Let me remind you again the problem of the translation. I myself

- 1 find it difficult too because I speak fast, so I try to slow down
- 2 on my reading and speaking, and it's an appropriate remark by the
- 3 Co-Prosecutor. So please speak slower to give enough time for
- 4 the interpreter to interpret for both the questions and the
- 5 response.
- 6 Next I give the floor to the Judges of the bench. Do you have
- 7 any questions to be put to the accused related to the facts on
- 8 the establishment of S 21 and the Ta Kmao Prison, the former
- 9 psychiatrist hospital?
- 10 My apologies; let's have a brief break because we are running out
- 11 of tape. Court Officer, please arrange a replacement for the
- 12 tape.
- 13 (Break for technical reasons)
- 14 MR. PRESIDENT:
- 15 Next, would our Judges wish to put any questions to the accused
- 16 concerning the establishment of S 21 and Ta Kmao Prison? The

- 19 JUDGE YA SOKHAN:
- 20 Thank you, Mr. President.
- 21 BY JUDGE YA SOKHAN:
- 22 Q.he accused, could you please confirm that when you said to the
- 23 President that the person who initiated the establishment of S 21
- 24 was Mr. Son Sen, what was the role of Mr. Son Sen and where did
- 25 he come in the rank in the Party? And could you presume whether

- 1 there has been any agreement from Pol Pot and Nuon Chea to
- 2 establish the location?
- 3 A. Your Honour, thank you, and I would like to respond as
- 4 following.
- 5 Mr. Son Sen, he was the Minister of Defence and the general staff
- 6 of the Army of Democratic Kampuchea, but in the Party rank he was
- 7 the seventh person of the Party. The first person was Pol Pot.
- 8 The second one was Nuon Chea, the First Deputy Secretary. The
- 9 third person was Sor Phem, alias Yan, the Second Deputy Secretary
- 10 in charge of the East Zone.
- 11 The fourth person was Oung Choeun, alias Mok, the Third Deputy
- 12 Secretary in charge of the new Southwest. The old Southwest was
- 13 both located on the north and the east of Road Number 4.
- 14 Previously Sector 25 was part of the Special Zone. After the 17
- 15 April there was no longer a Special Zone. Let me continue.
- 16 Person Number 5 in the Communist Party of Kampuchea is Teacher
- 17 Ieng Sary, alias Van. He was a full-rights member of the
- 18 standing committee in charge of foreign affairs, both with the
- 19 (inaudible), both with the governments -- overseas governments of
- 20 other countries.
- 21 [15.58.50]
- 22 Person Number 6 was Vorn Vet, alias Vorn. He has a lot of
- 23 aliases; Thouk, for instance. He was in charge as a Deputy Prime
- 24 Minister, the Second Deputy Prime Minister. The First Deputy
- 25 Prime Minister was Ieng Sary and the Second Deputy Prime Minister

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 10

- 1 was Brother Vorn. So he was Person Number 6. He was a cabinet
- 2 member of the standing committee. And Person Number 7 in the
- 3 standing committee was Professor Son Sen. He was a Third Deputy
- 4 Prime Minister but he had a lot of power because he was in charge
- 5 of the police, the security.
- 6 That's what I reported according to the document of the 9 October
- 7 '75. Therefore the work was done when they were together at
- 8 Office 870. They reported straight away. And the establishment
- 9 of the S 21 office, I was not sure when the decision was made
- 10 because I did not see any documents on it. However, there was no
- 11 reason to deny that Pol Pot was not the initiator of the
- 12 establishment. Whatever Pol Pot decided, Nuon Chea had no rights
- 13 to make decisions but his duty was all involved with the works of
- 14 the implementation of the policy of the Communist Party of
- 15 Kampuchea.
- 16 Therefore Pol Pot was the one who initiated the idea, Son Sen
- 17 implemented it, but Nuon Chea was the one who would do the
- 18 follow-up. This is from my observation and from the surviving
- 19 document, the document of the 9 October 1975. That is my
- 20 response to you, Your Honours.
- 21 Q. The establishment of S-21, what was its duty in establishment?
- 22 Was there any writing, any authorization, or any letter in
- 23 writing? And what is its role comparing to other security
- 24 offices?
- 25 A. Thank you, Your Honour.

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 10

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

22/04/2009 Page 89

- 1 I would like to state that the organization of the Khmer Rouge in
- 2 the Communist Party of Kampuchea, it was very -- extremely hard
- 3 to find any letter of appointment or authorization letter. The
- 4 surviving document which came into my hand during the time of the
- 5 investigation -- I saw two documents, one dated the 30th of March
- 6 '76 and another one dated the 9th of October '75. These two
- 7 documents were the secret documents which would not go to the
- 8 lower level; it was only with the upper echelon.
- 9 [16.02.45]
- 10 So in conclusion, the appointment or the authorization of the
- 11 establishment of S-21 was unknown. Even the document dated the
- 12 30th of March '76 and the document dated the 9th of October '75
- 13 did not have any stamp on it or any signature on it, but it was a
- 14 secret document.
- 15 So it was clear the 30th of March '76; it was extremely clear.
- 16 It was the crisis used by Pol Pot. It was short but firm.
- 17 Everybody recognized his style. So whatever Pol Pot decided, it
- 18 has to be implemented.
- 19 I would like just to state to Your Honours that whether there was
- 20 any authorization, official authorization or permission for the
- 21 establishment, that is my response, and I would like to thank
- 22 you, Your Honour, for asking the question.
- 23 There was another document confirming that S-21 was under the
- 24 supervision of Son Sen according to his -- to my direct daily
- 25 activity to my superior and based on the document dated 9th

- 1 October '75.
- 2 And for the communication between S-21 and other security office
- 3 throughout the country, there is no horizontal communication
- 4 line.
- 5 INTERPRETER:
- 6 The interpreter would like to correct.
- 7 THE ACCUSED:
- 8 There was no what they call a communication line. There was only
- 9 horizontal communication line. So if the security office under
- 10 which zone then the secretary for that zone was responsible for
- 11 it. The surviving documents --
- 12 [16.05.04]
- 13 MR. ROUX:
- 14 Mr. President, I would like the translation to be verified.
- 15 Would you be so kind to repeat, Mr. Duch, when you refer to
- 16 vertical and horizontal lines? I think there is a translation
- 17 problem there. Could you please repeat what you said more
- 18 slowly, please?
- 19 MR. PRESIDENT:
- 20 Mr. Kaing Guek Eav, please repeat again because we have a problem
- 21 of translation?
- 22 And we will also decide on the issue of the translation at a
- 23 later stage, but the proceedings will go on. We will try our
- 24 best to endeavour our effort for the proceedings to proceed
- 25 smoothly.

Page 91

- 1 So please repeat about your horizontal and vertical lines to the
- 2 questions raised by the Judge?
- 3 [16.06.05]
- 4 THE ACCUSED:
- 5 Let me state that the vertical communication line is between,
- 6 basically, the office to another security office. For instance,
- 7 the security office S-21 communicated with the security office in
- 8 the West Zone. That is called the vertical communication line.
- 9 In French, it's called horizontal communication line. That was
- 10 the communication between the S-21 to the other security office
- 11 in the zone.
- 12 So there was no communication from the S-21 to the Centre Zone or
- 13 to the West Zone. So it was between the police to the police, or
- 14 some (inaudible) to (inaudible). There was only one horizontal
- 15 communication from me to my superior, Mr. Son Sen. It means from
- 16 the bottom to the upper level; that is vertical communication
- 17 line.
- 18 This communication is confirmed in a document dated the 13th of
- 19 May '76 -- 30th of March '76, and the person who had the
- 20 decision, who could decide to smash at the base areas, was under
- 21 the zone. The Zone Standing Committee did not refer to any
- 22 member of the Standing Committee, but it only referred to the
- 23 special secretary.
- 24 I give you an example. A document of Kang Chab, alias Se,
- 25 secretary of the new HO1 Zone reported to Pol Pot; he showed from

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 10

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

22/04/2009 Page 92

- 1 the secretary of the zone from Se, or alias Kang Chab to Pol Pot.
- 2 So that was an evidence of a communication line. And when Kang
- 3 Chab, alias Se, went to make an arrest and then it was a relative
- 4 of the wife of Khieu Samphan, then with this document Pol Pot
- 5 allowed to make a decision to order the arrest and brought to the
- 6 S-21. So the records of the confession -- of the last confession
- 7 was there and that was the evidence.
- 8 So it shows there was no --
- 9 [16.09.48]
- 10 MR. BATES:
- 11 I'm sorry, Mr. President --
- 12 THE ACCUSED:
- 13 -- there was no vertical communication line from S-21.
- 14 MR. BATES:
- 15 Please, a little more slowly. My learned friend and I, the
- 16 defence, are looking at each other across the room and shaking
- 17 our heads. We're not really getting this.
- 18 MR. PRESIDENT:
- 19 Judge Lavergne, please make your remark.
- 20 JUDGE LAVERGNE:
- 21 I think it is absolutely crucial for us to have the exact
- 22 reference of the document being referred to, otherwise it
- 23 wouldn't be very useful. Could the accused please give us the
- 24 reference of the document that he's referring to?
- 25 MR. PRESIDENT:

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

22/04/2009 Page 93

- 1 The accused, can you do that?
- 2 First, please be reminded that you speak rather slower so that
- 3 your speech can be translated well. And also please point to the
- 4 reference if you would like to refer to them.
- 5 Can you do that?
- 6 THE ACCUSED:
- 7 Thank you, Mr. Co-Prosecutor and Judge Lavergne.
- 8 The documents that Khieu Samphan reported that relatives of his
- 9 wife were arrested, and that Pol Pot decided to arrest Cham Sam,
- 10 alias Se; so Document D49 page 5 in Khmer, this text appears on
- 11 the first line. D49 is the name -- the code of the document,
- 12 page 5, ERN 001569192 in Khmer. So I would like to read the
- 13 document in Khmer; the question of the assistant of the
- 14 Co-Prosecutor:
- 15 "Therefore, how did you know that the prisoners at Preah Vihear
- 16 were released?"
- 17 "Among the people who were arrested there were relatives of my
- 18 wife who were sent to Ta Kmao, and Ta Kmao unit was in charge of
- 19 supporting the office K-1 and K-3. The cadre who arrested them
- 20 was Kang Chab. Later he was also arrested."
- 21 So this document indicates the role of Kang Chab in relation to
- 22 the security office of Zone 801. I have not brought with me
- 23 another document regarding the document sent by Kang Chab, the
- 24 confession of San Eap to Pol Pot. San Eap was the chairman of
- 25 commerce in Phnom Penh and I have not brought it along with me.

- 1 This document the Co-Investigating Judges already sought my
- 2 clarification.
- 3 [16.13.56]
- 4 So according to the document --
- 5 MR. BATES:
- 6 Mr. President, the document to which the accused refers is a
- 7 "procés verbeaux" of Khieu Samphan of 14 December 2007 and it is
- 8 not in Case File 1. We have a slight problem. The defence of
- 9 course may wish to put this on the case file. It's a matter if
- 10 they wish to apply, but it's currently not on the case file.
- 11 MR. PRESIDENT:
- 12 I can see that it is now tense and time is running out and that
- 13 it's time for a break already for the day, so the Chamber would
- 14 like to declare the adjournment of today's hearing at this
- 15 moment, and the session will be resumed tomorrow morning.
- 16 [16.15.45]
- 17 The Chamber would like to order the security guards to take the
- 18 accused back to his detention facility and bring him in before 9
- 19 a.m.
- 20 MR. PRESIDENT:
- 21 We would like to inform that tomorrow the hearing will be
- 22 conducted only the whole morning, and the Chamber will not have a
- 23 hearing in the afternoon because we need to discuss on some
- 24 remaining issue regarding the ruling of some applications and
- 25 requests made by parties.
