- 1 PROCEEDINGS
- 2 (Judges enter the courtroom)
- 3 THE GREFFIER:
- 4 Please be seated.
- 5 [09.08.23]
- 6 MR. PRESIDENT:
- 7 The Trial Chamber declares continuity of the session.
- 8 First, I would like the Greffiers to report the presence to these
- 9 proceedings.
- 10 THE GREFFIER:
- 11 We already checked the attendance of the parties. Today, Mr. Kar
- 12 Savuth is absent. Thank you.
- 13 MR. PRESIDENT:
- 14 I would like the Greffiers to include the attendance list into
- 15 the transcript.
- 16 The detention facility security guards, please bring the accused
- 17 to the dock.
- 18 MR. ROUX:
- 19 Mr. President, I think it would be well to check to ensure that
- 20 future witnesses are not in the public gallery and remind
- 21 witnesses who will appear that they cannot attend hearings.
- 22 (Deliberation between Judges)
- 23 MR. PRESIDENT:
- 24 The Chamber would like to inform you following people when -- the
- 25 people whose name appears in the witness list are not allowed to

- 1 sit in the public gallery to observe these proceedings because
- 2 doing so is contradicted to the Internal Rules on witnesses.
- 3 Also at this Court we have the Witness Support -- the WESU Unit
- 4 who can help the witnesses to make sure that the proceedings are
- 5 smoothly maintained. So from now on if the witnesses -- if you
- 6 are witnesses, then you have the obligation to leave the
- 7 courtroom, or the public gallery, before you are called to
- 8 testify, and I would like the WESU Unit to help facilitate these
- 9 proceedings as having agreed so far.
- 10 [9:17:06]
- 11 Yesterday we were asking the accused concerning the facts of the
- 12 security office M-13; questions were asked by Judge Lavergne.
- 13 Today the Chamber will proceed the questioning and I would like
- 14 Judge Lavergne to proceed with further questions regarding that
- 15 fact.
- 16 BY JUDGE LAVERGNE:
- 17 [9:17:48]
- 18 Q.We shall continue with the questioning and I would like to put
- 19 questions to you still with regard to the conditions under which
- 20 people detained in M-13 were detained there. Can you explain to
- 21 us what security measures were taken to ensure that prisoners
- 22 would not escape? Were there particular facilities; were there
- 23 particular measures taken?
- 24 A.Regarding this matter, at first people were kept to do
- 25 farming. The first stage, people were kept in the house. After

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 3

- 1 they were interrogated they were smashed. And the second stage
- 2 they were taken to Tuol Svey Meas, a village, Tuol Svey Meas
- 3 sector so that they can do farming. So at night they were
- 4 shackled, in the daytime they were let out to work.
- 5 And I remember that one of the detainee grabbed a rifle, weapon,
- 6 and then shot at the guards and escaped. After that we relocated
- 7 the location to Trapeang Chrap area as I told you yesterday.
- 8 When we moved to Trapeang Chrap at night detainees were shackled,
- 9 in the daytime they were let out to go -- to do farming. Female
- 10 detainees were let out to grow eggplants. And for male detainee
- 11 who were let by me myself to build the dyke. And I did so
- 12 because I was -- be ready to judge if anyone would be willing to
- 13 grab a weapon from the guard.
- 14 [9:20:31]
- 15 So these people were tied together in the necks using the hammock
- 16 string. So one string was tied to three people so that they
- 17 could not manage to escape. So this is one of the approach to
- 18 keep them. And we did not have any effort to build a house or
- 19 shed, that's why we chopped down some kind of bamboo to dry them
- 20 and then put them under -- leave them under the water so that
- 21 they could be used as fence to surround that area. And using
- 22 these kind of bamboos with the bamboo as a fence then we dig the
- 23 pits about two metres wide and three metres long and with the
- 24 palm leaves as a roof to protect the bombing and also to make
- 25 sure that the victims could not escape. And both men and women

- 1 were shackled through their legs. So this is the method to keep
- 2 them in the detention so that they could not escape or could not
- 3 steal a weapon to fight back.
- 4 [9.22.24]
- 5 Q:Did the guards have special instructions for cases where a
- 6 detainee escaped or attempted to do so?
- 7 A: I have my good eyesight, and I was smart with that,
- 8 especially watching people who attempted to escape, so I think I
- 9 am the one who was very good at spotting any person who was
- 10 willing to escape. So if -- even Brother was not as good
- 11 as I was. So if any guard was under his watch, some detainee
- 12 could escape, then he would be questioned. But for people who
- 13 could manage to escape, in our strict principle, I was to report
- 14 to the superior immediately when the detainee escaped, so if
- 15 anyone escaped from M-13, whenever that person was arrested by
- 16 the military or by any unit then that person would be smashed
- 17 immediately at the spot when he or she was found.
- 18 Q: Did quards have weapons, and did they have any instructions
- 19 with regard to how the weapons were to be used if there was an
- 20 attempt to escape?
- 21 A: The guards had weapons, so when someone escaped, then the
- 22 guards had to fire at the escapee. I would like to recall the
- 23 event that happened when someone escaped and that the guard had
- 24 to shoot at him or her. At that time I was not at the detention
- 25 location, and the detainee who was the victim escaped, and then

- 1 Brother chased after him and tried to shoot him. Mr.
- 2 Sarun who was good at shooting at the detainee, and then he shot,
- 3 accidentally his bullet hit Brother , so normally this is
- 4 the incident that our guard mistaken for a detainee. So
- 5 it's part of our policy, actually, to shoot at someone who tried
- 6 to escape. I would like to tell you that Brother did not
- 7 have any, or take any revenge against Comrade Sarun, they could
- 8 live together happily.
- 9 Q:So the instruction was to fire on any detainee who tried to
- 10 escape? Before you answer, I would like to draw your attention
- 11 to the fact that a list was distributed yesterday with the
- 12 pseudonyms to be used for those witnesses. I would like to draw
- 13 this to your attention, because we have live broadcast, and it is
- 14 best to avoid any difficulties. Have you understood this
- 15 clearly? Do you wish your counsel to explain what is at stake?
- 16 [9.27.30]
- 17 To resume, you confirm that the instruction was that if a
- 18 detainee tried to escape the quards were to shoot at him; is that
- 19 right?
- 20 A. This order was laid down from the superior and I order my
- 21 quards to do so accordingly.
- 22 Q.You also mentioned a while ago an attempt -- an escape attempt
- 23 with a guard who was killed with a gun, and yesterday, if I
- 24 remember correctly, you mentioned the escape of several detainees
- 25 and you reported the event or the incident to your superiors,

- 1 particularly Vorn Vet, and asked for punishment, if I remember
- 2 correctly.
- 3 Can you tell us under what conditions this last incident
- 4 occurred?
- 5 A.Thank you, Your Honour, for raising these two matters, to ask
- 6 me at the same time. These two matters are inter-related a
- 7 little bit. First, when the detainee escaped at Phnom Pis, I
- 8 asked one comrade to guard on the termites mound. At that time I
- 9 was not in because I worked with the zone, then the comrade who
- 10 was watching on the termites mound, he could smoke and there was
- 11 a detainee, a strong built detainee who asked him for tobacco,
- 12 then the guy grabbed the weapon and shot at the guards.
- 13 [9:30:22]
- 14 At 5 p.m. I was reported. At 7 p.m. I approached the zone and
- 15 asked to meet Vorn Vet to report to him the practical event. At
- 16 that time we were not ready to fire at the detainee because the
- 17 guard were fired at Comrade Pon, Comrade Meas and Comrade Mao who
- 18 were injured. So this is the first event.
- 19 For the second event there was a firing at the detainee at M-13
- 20 in 1973. The detainee was named Yue. I did not know where he
- 21 came from.
- 22 The superior would like the test -- the confession of these
- 23 individuals so that we could trace where the weapon was brought
- 24 in. He was aggressive and we were -- I was afraid that it would
- 25 be -- the situation would repeat. I went to meet Chou Chet,

- 1 alias Si, who was not far from me, about 10 kilometres from my
- 2 location.
- 3 When I reported the details of the event to him, Chou Chet made
- 4 the decision but it beyond my purpose. My purpose was to ask the
- 5 superior to allow that person to be smashed secretly but Chou
- 6 Chet made a decision to ask me to order one of the comrades who
- 7 allowed such a detainee to grab the weapon to shoot at that
- 8 detainee in the head.
- 9 [9:32:35]
- 10 And I asked -- and I did not see the event but the detainee was
- 11 shot in the head, as ordered, and the brain were scattered and
- 12 stained at some of these and the event shocked everyone in the
- 13 neighbourhood and this was not my original purpose, but the
- 14 decision was decided by Chou Chet.
- 15 And after that, that person comrade -- the comrade was shot and
- 16 regretful, and a few days later on he asked me to leave the
- 17 location and I have never heard from him. But I never point the
- 18 finger to him for shooting the detainee and I don't really point
- 19 my finger to Brother Si for ordering such a shooting. But I
- 20 myself am responsible for the crime because the crime is -- was
- 21 so brutal and such event really intimidated other people at the
- 22 location.

- 1 MR. PETIT:
- 2 Mr. President, I think that suddenly channel 2 became French and
- 3 channel 3 English and so there was no translation.
- 4 What is more, the accused's microphone was off. Perhaps the
- 5 translation could tell us what the channels are. Channel 1 is
- 6 Khmer, Channel 2 is English, and Channel 3 is French.
- 7 JUDGE LAVERGNE:
- 8 Can I be heard? Is it working?
- 9 BY JUDGE LAVERGNE:
- 10 Q.So you mentioned a first incident and I'd like to know whether
- 11 this involved the escape of several detainees.
- 12 A.At first, during the first incident, there were about 30
- 13 detainees who escaped. So all the detainees were -- or could
- 14 manage to escape; no-one left.
- 15 Q.So this incident, you are relating it, and so you report this
- 16 incident immediately to your superiors by asking them to punish
- 17 them. Is that true?
- 18 [09.36.53]
- 19 A.I learned the information at 5 p.m. and I asked my superior,
- 20 Vorn Vet, so that I could report to him at night.
- 21 O.Did this event lead to modifications in the way that the
- 22 prisoners were being watched over, and what were the measures
- 23 that were taken in consequence?
- 24 A.After that incident, as I already told Your Honours, I asked
- 25 Vorn Vet to punish me. A little while later there was a prisoner

- 1 who was sent into that facility again, and the principle was
- 2 still applied. Detainees were shackled days and night. At first
- 3 they were only shackled at night, in the daytime they would be
- 4 let out to do the work, but later on they were shackled all day
- 5 and night when the detainees increased in numbers. And when
- 6 there were more of them, then we released -- we let them out to
- 7 do the farming. At that time that we started to dig the pits to
- 8 protect the bombing and to protect the victims from escaping.
- 9 Q.So you're telling us that the pits were dug also to avoid
- 10 having the prisoners escape. Is that so?
- 11 A. That is correct, Your Honour. The pit was about two metres
- 12 tall, so it's above the head of the victims. So if they were put
- 13 in the pit they would not be able to climb up that two metres
- 14 high wall.
- 15 [09.39.27]
- 16 Q. Were there collective pits and were there individual pits
- 17 where there was only one prisoner?
- 18 A.When there was only one detainee I did not dig the pit. The
- 19 pit was only dug during the B 52 bombing, so they were at least
- 20 five detainees in the pit. The most number was about 10, so
- 21 there was no individual pit for individual detainees. And I
- 22 tried to dig the individual pit for a detainee when only I
- 23 oversaw the S-21.
- 24 (Microphone not activated)
- 25 A.Could Your Honour repeat your question?

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 10

- 1 MR. PRESIDENT:
- 2 Make sure that the accused's mic is well activated.
- 3 BY JUDGE LAVERGNE:
- 4 Q.I'd like to repeat my question. Were there collective pits or
- 5 were there also individual pits where there was only one
- 6 prisoner?
- 7 A.I would like to state that I started to dig the pits only when
- 8 B-52 bombing started. So the pit was about two metres wide,
- 9 three metres long and two metres deep. These pits were designed
- 10 for all detainees. It was -- they were not just designed for
- 11 individual detainees.
- 12 [09.42.05]
- 13 Q. Were these pits close to the river or were these pits -- and
- 14 were these pits flooded at one time?
- 15 A. The pits were about five metres from the riverbank. In 1974,
- 16 maybe before October, I guess the pits were flooded, so everyone
- 17 fled the area. Even the pigs were floating and detainees were
- 18 moved to another higher area about 50 metres from that location.
- 19 So in 1974, in October probably, there was a big flood.
- 20 Q.If I've understood correctly, you told me that the prisoners
- 21 had been moved. However, were there detainees that had drowned?
- 22 A.So far as I remember, no detainee was drowned. At the
- 23 beginning I did not allow them to move, but when the water kept
- 24 increasing then I asked them to move from the pits to the higher
- 25 ground. But because they were so weak to climb the wall of the

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

7/04/2009 Page 11

- 1 pits, I led them to the higher ground but later on they died of
- 2 sickness, but they were not drowned.
- 3 [09.44.14]
- 4 Q.This flooding, was this flooding reported? Did you report
- 5 about this flooding to your superiors?
- 6 A.I actually reported to the superior but I did not do it
- 7 immediately, as immediate as I did so when the detainees escaped.
- 8 Q.So in this report you state only that you took measures to
- 9 distance the place of detention from a place that was at risk of
- 10 floods.
- 11 A. The flood was about 48 hours and I waited until the water
- 12 receded, then I brought back the detainees to the detention
- 13 facility. Only after that I managed to report to the superior.
- 14 In the report I only said that we evacuated the detainees to the
- 15 higher ground to avoid the flood.
- 16 Q.Now, I would like to ask you questions on the interrogations
- 17 of the prisoners.
- 18 And can you tell us if there were different methods of
- 19 interrogation and which means were used to interrogate the
- 20 prisoners?
- 21 A. There was no agreement on this particular issue because there
- 22 were various views. Let me start from the beginning.
- 23 [09.46.46]
- 24 From what I can recall and still remember -- I already informed
- 25 Your Honours already -- one man whom I interrogated, I tried to

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 12

- be humble in my interrogation but he did not confess or respond.
- 2 He just said he came to buy the chicken. And I informed Your
- 3 Honours yesterday at that time I myself had a fever and two Hanoi
- 4 cadres came with pistols. They came and beat up that person
- 5 before me.
- 6 So they beat up the person and the person confessed. And I was
- 7 angry and I said, "I asked you calmly but you did not respond,
- 8 and now they beat you up and you confess." And I wanted to beat
- 9 him up but he begged me, "Please do not beat me up," so I did
- 10 not. And later on I completed my interrogation with that person.
- 11 So sometimes I beat him with one or two whip. That's all.
- 12 That's what I still remember. That's when I personally
- 13 interrogated and tortured that person.
- 14 And another one in my experience of interrogation when I led the
- 15 interrogation -- and from my experience, and I wanted to
- 16 experiment of what I learned, and the interrogation took almost
- 17 one month. The person was Nget Sambon alias Rum Pe who used to
- 18 write poems for the newspaper and he went to the Liberated Zone
- 19 at the time. So I wanted to experiment and I interrogated that
- 20 person for almost one month and I beat up the person by myself.
- 21 That's the truth.
- 22 [09.48.55]
- 23 So to sum up with the torture that I did personally on at least
- 24 two persons -- besides that mostly I only interrogated and I
- 25 instructed others to torture. So although I instructed others to

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

- 1 interrogate because I was a superior person at the time, I would
- 2 like to inform Your Honours that I am responsible for those
- 3 crimes and the tortures over there. And the confessions from the
- 4 tortured detainees I would accept their responsibility.
- 5 I just would like to emphasize about the truth that happened at
- 6 the time over there at that location. And even if I was an
- 7 inspector at that time who orders other people to take and to
- 8 conduct activities, I am fully responsible for that.
- 9 I apologize. I saw Chhum Mey's face and I would like to
- 10 apologize to him. I did not beat up Chhum Mey. It was Comrade
- 11 Seng who beat Chhum Mey up, but I ordered him to do that.
- 12 MR. PRESIDENT:
- 13 Now, we are talking about the facts at M-13. Please do not
- 14 deviate from the facts at M-13. And what you have just said was
- 15 about another fact. Please focus only on the facts related to
- 16 the questions raised by the Judges concerning M-13.
- 17 Please, Judge Lavergne, you may continue.
- 18 BY JUDGE LAVERGNE
- 19 Q.So you just told us -- it's a technical problem. I'm sorry,
- 20 Your Honour. I will --
- 21 A. Your Honours, I apologize for what I said regarding S-21.
- 22 In summary, the torture was done and I am responsible for all the
- 23 crimes that I personally committed or instructed other people to
- 24 do it. I am fully responsible for it. And that was cruel --
- 25 crueller than what I did personally when I ordered those people

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 14

- 1 to do it. It means if I ordered them to do it, it means more
- 2 people were victimized. So I am responsible for these crimes.
- 3 That's one issue.
- 4 [09.52.38]
- 5 Another issue is that I would like to report to Your Honours
- 6 regarding the torture by means of -- by means of having a bath
- 7 during rainy season. So the person shivered because it was very
- 8 cold. And it happened to all female detainees. So it violated
- 9 the physical -- or the rights of the detainees.
- 10 One day I recalled if we did not beat them up or let them take a
- 11 shower with the cold wind when we could get any results from it,
- 12 so that was my idea; that is, to let a person have a bath and
- 13 then stood in the cold wind. And after that experiment it was
- 14 not satisfactory because it did not achieve the results even if
- 15 it happens on a female detainee. So I stopped that experiment
- 16 that method was used upon female detainees.
- 17 And I could not recall any other crimes or torture I personally
- 18 did on other people. What I did personally I have already
- 19 informed Your Honours, including the orders to ask others to
- 20 commit the torture.
- 21 Q.Yesterday, when you were interviewed -- I think these are your
- 22 own words -- you said that in the detention centres, in the Khmer
- 23 Rouge detention centres or in the older detention centres during
- 24 the Khmer Issarak period, torture was unavoidable. Can you
- 25 confirm that torture was unavoidable there?

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 15

- 1 A.That was the truth and nobody could deny it. In the police
- 2 office during the Issarak, as well as in the police office before
- 3 17 April or after 17 April, torture was used in all the police
- 4 offices. It was unavoidable.
- 5 [09.55.31]
- 6 I would like to emphasize that the torture that I myself did
- 7 personally or that I ordered others did or other comrades do it,
- 8 if that was the truth.
- 9 Q.What kind of violence was used during the interrogations?
- 10 A.If talking about the cruel acts on the victims during the
- 11 interrogation at the office M-13, there are two kinds -- three
- 12 types.
- 13 [9.56.05]
- 14 One is cold method. We invited the person to talk about this, to
- 15 talk about that, to persuade the person, and if they did not
- 16 follow it -- but that was one in the cold method. We use verbal
- 17 communication or sometimes we threatened, we threatened them, or
- 18 we use like a big stick to threaten the detainee, or a sword, or
- 19 a hammer, a wooden hammer, just to threaten them.
- 20 So the detainees were not beaten, and later on if the person did
- 21 not confess, then other people would be instructed to beat them
- 22 up. It could be the young cadres who could beat them up, so that
- 23 was one form. And the instructions from Vorn Vet could not be
- 24 implemented. I could not implement his instructions.
- 25 The use of the plastic bag, the Yuen use a plastic bag to cover

- 1 the head. I could not use it because in a liberated zone, we
- 2 could not find any plastic bags, and I -- now I recall another
- 3 form.
- 4 When interrogating to find weapons, the victims used to talk to
- 5 each other to find the appropriate response to the questioning.
- 6 I thought if that happened, if they keep telling others how to
- 7 answer, then we could not find the weapons. After I thought for
- 8 a while, I reported the matter to Brother Si, Chou Chet or Si,
- 9 the former secretary of the Southwest Zone. So after I reported
- 10 to him, he closed his eyes and pondered, and he said to erect the
- 11 poles and tie them up to the poles, and do not let them talk.
- 12 So because we wanted to find the weapons in order to satisfy Ta
- 13 Mok, when I returned I asked them to be tied to the poles, about
- 14 four poles. So after four or five days because of the tied
- 15 strings tied on their hands, they got pain, and then I ask the
- 16 medic to use medicine to apply to all their wrist, and that's
- 17 another form of torture, by separating them and not allow them to
- 18 talk to each other.
- 19 So that's the forms of torture that I could recall to report to
- 20 Your Honours. The tying to the posts was also my instruction,
- 21 and I ordered to the quards to implement that instruction.
- 22 Q.When you say "tied to a post", were they tied or were they
- 23 hanging from it?
- 24 A.In order to show it clearly, I would like to stand and show it
- 25 physically to Your Honours.

- 1 That was the post, and then they were tied at this spot and that
- 2 spot.
- 3 [10.00.58]
- 4 THE INTERPRETER:
- 5 The interpreter cannot see the demo.
- 6 BY JUDGE LAVERGNE:
- 7 Q.So are you telling us that they were tied? They were not
- 8 hanging from it, they had their hands behind their backs, tied
- 9 behind their backs to the post?
- 10 A. When the person came, he was tied to the post with the hands
- 11 behind the post. So one segment of the hand was tied and the
- 12 wrists were also tied.
- 13 Q.So the detainees stayed there for four days without being
- 14 allowed to speak to the detainees nearby? Were they able to be
- 15 fed?
- 16 A.I forget whether they were allowed to eat or let the guards
- 17 feed them. I forget.
- 18 Q.Did you see any detainees hanging either from their hands,
- 19 their arms or their feet to be interrogated?
- 20 A.I did not order that method, and there was nothing to hang
- 21 them anyway.
- 22 Q.Did you see any prisoners who might have been plunged into
- 23 water in the pond?
- 24 A.I would like to inform Your Honours that taking the prisoners,
- 25 the detainees, to bath and then to stand in the cold wind, that

- 1 was the method used only once. The -- I use a female detainee
- 2 with Comrade Pon, and then later on I did not allow any other
- 3 people to do this method. It only happened once.
- 4 [10.04.02]
- 5 Q.So you never saw a session during which the detainee's head
- 6 was submerged into water?
- 7 A.When a person was submerged under the water with somebody
- 8 holding the head to submerge it, in the M-13 office there was no
- 9 such method. It means the submersion under the water.
- 10 Q.Did you see detainees who were forced to eat, drink sour
- 11 drinks or detergents or soapy water?
- 12 [10.05.08]
- 13 A.I would like to inform Your Honours that at that time, I
- 14 myself did not even have any soap to use or to wash my clothes.
- 15 Q.Did you see detainees who had needles stuck under their nails?
- 16 A. That form was not existent.
- 17 Q.Did you see detainees who had had their nails pulled out?
- 18 [10:05:09]
- 19 A. The torture, at that time, was monitored by me closely; that
- 20 form was not used and there was no needle to use and there was no
- 21 order for me to use that form of torture. I did not order that
- 22 and I did not see anyone pulling the nails out, or the submersion
- 23 under the water.
- 24 [10.06.45]
- 25 Q. Were detainees burned with lit torches containing wax?

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 19

- 1 A.It happened once. I would like to describe about this event
- 2 in details to Your Honours. That night Comrade Pol was arrested.
- 3 I ordered him to be arrested from -- with the order from the
- 4 upper echelon; however, I wanted to train Comrade Meas to
- 5 torture, to interrogate Comrade Pol. I wanted to train Comrade
- 6 Meas to torture Comrade Pol, to interrogate Comrade Pol. That
- 7 night three or four of us were around. I was a superior and I
- 8 was lying in the hammock and Comrade Pon -- next in rank after me
- 9 -- he was also lying in his hammock. Comrade Meas was the
- 10 youngest and he interrogated. So for the psychological plan, he
- 11 was the younger and he joined the Youth League later, too.
- 12 Q.(Not interpreted)
- 13 A.Let me report again. There were four of us; I, myself,
- 14 Comrade Pon, two, Comrade Meas, the third; he was the
- 15 interrogator, and Comrade Pol was the interrogatee. Let me
- 16 emphasize that Comrade Meas was the youngest amongst us and he
- 17 joins the Youth League after Comrade Pol. After he interrogated
- 18 with Comrade Pol, then Comrade Pol got angry. After Comrade Pol
- 19 angry, he had his grip and then hit Comrade Meas. So Comrade Pon
- 20 stood up and the torch -- the lit torch was nearby. He stood up,
- 21 took the lit torch and pushed it on the face a few times -- on
- 22 the face of Comrade Pol and then it burns the faces -- the face
- 23 of Comrade Pol. When I heard that, I stood up and Comrade Pol
- 24 saw me standing up, he was afraid and he begged me, "Oh, Brother"
- 25 and then I rest my hand to stop him and let talk in normal way.

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 20

- 1 So I was also responsible for this because I asked Comrade Meas
- 2 to interrogate Comrade Pol. If I were, myself, interrogated then
- 3 -- interrogating then probably it would not happened. If I was
- 4 not there probably Comrade Pon would not use the lit torch to
- 5 attacks the face of the Comrade Pol. Because if I were there,
- 6 what happened then it -- Pon would also be responsible for it.
- 7 So Pon quickly took to grab the lit torch in the sense of
- 8 protecting me as well.
- 9 In conclusion, the lit torch used on the victim, it did happen
- 10 and I witness with my own eyes.
- 11 [10.12.35]
- 12 Q.So the detainee who was being interrogated at the time was
- 13 called Pol. Beforehand, had this detainee been part of the
- 14 staff, the support staff, of M-13?
- 15 A.It is true, Your Honours. Let me talk a bit about Comrade
- 16 Pol. His full name was Min Sophal. He was the young man from
- 17 Phnom Penh to Sector 25. Later he came with me to Amleang as
- 18 well.
- 19 [10:14:00]
- 20 When I was over managing the creation of M-13B, I assigned him to
- 21 be the deputy of Comrade Sum. While he stayed there for awhile,
- 22 he got problem with women so my superior transferred him to
- 23 another unit. After he's transferred to another unit, probably
- 24 in November, my superior transferred him to another unit; I do
- 25 not know which month, but later in November, I saw him arriving

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

- 1 at my house in Amleang. He held an AK-47, a new one. He came
- 2 with a new AK-47 and handed with two hands to me and when I went
- 3 to work, I reported the matter through teacher Son Sen. I took
- 4 the weapon, as well, to him. My superior did not give any
- 5 instructions, but later on when I went to see him, he told me to
- 6 arrest him, interrogate him and smash him. So Comrade Pol was a
- 7 cadre of M-13, not a candidate member but he was a member of the
- 8 Youth League.
- 9 O. Was the order to interrogate this comrade given because he had
- 10 had what was described as immoral conduct or because he was
- 11 carrying a weapon that he should not have had access to?
- 12 A. The orders I received regarding Comrade Pol was that, number
- 13 1, the immoral issue was minor, but the actual issue is that he
- 14 went -- when he was transferred to another unit he caused
- 15 troubles in that unit. So in the old unit some of the people
- 16 understood him and forgave him, but when he went to the new unit
- 17 he caused trouble and he was reported to the upper echelon.
- 18 [10.17.30]
- 19 Q.In your view, when violence was used was the objective to
- 20 obtain confessions that tallied with the truth or was it to
- 21 obtain confessions in line with what you were being requested to
- 22 provide?
- 23 A. The question Your Honours asked is did, in politics, let me
- 24 answer, according to my view and understanding.
- 25 Personally, before I conducted torture or ordered others to do

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 22

- 1 tortures, I instructed them to first interrogate them. So first,
- 2 whatever it needs in order to get the confessions which would
- 3 reveal the truth to a limited -- to a certain extent.
- 4 However, although that's what happened I never believed the
- 5 confessions I received tallied to the truth. The most was
- 6 probably 40 percent true. I said 40 percent, that means I talk
- 7 about as a politician but not like Son Sen. When Son Sen says 50
- 8 percent, it's complete, but 40 percent here is the 40 percent in
- 9 the name of mathematicians.
- 10 So the confessions I received, the truth in it was probably 40
- 11 percent. So that's the situation that they confessed. But about
- 12 those, they implicated only 20 percent is true.
- 13 [10:19:54]
- 14 Every time I was scared. I was scared that it could implicate
- 15 other people, and that is my understanding and my practice and
- 16 what I compared, but it is very hard for me to compare and give
- 17 you an actual percentage. So that is in the operation, but if
- 18 you talk about the crimes from those tortured confessions, there
- 19 is no scientific monitoring following the confessions.
- 20 The crimes is the crime and it is the crimes that I am
- 21 responsible. And, in practice, what I have said is just to
- 22 reveal the truth, to some extent, in the operations. So the
- 23 crimes exist, but there is no scientific method to verify the
- 24 truth in those confessions. That's what I would like to inform
- 25 Your Honours.

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 23

- 1 Q.I am now going to put questions to you regarding executions.
- 2 What can you tell us about executions? Who decided at what time
- 3 and who decided who was in charge of carrying out executions?
- 4 A. Your Honours, in the Khmer Rouge regime those who had the
- 5 authority to make arrests and, if the order is to arrest or to
- 6 smash, sooner or later we had to do it; it means to smash. So
- 7 once the -- the sooner the interrogation finish, the better.
- 8 So that makes me shocked. If I thought if my superior be tried
- 9 then I will be gone as well, then my head will roll from my neck.
- 10 Brother Kim Huor assured me that that's all right because those
- 11 who make the decision was the members of the Central -- of the
- 12 Standing Committee, Ta Mok, Si or Chou Chet and Brother Pal; Huot
- 13 Heng, that was his original name. They were the members of the
- 14 Central Committee, so they were responsible before the history
- 15 because they were the ones who made decision.
- 16 [10:23:08]
- 17 But right now, let me return to the question you asked; the
- 18 people who orders the arrest and sent to Office M-13 was the one
- 19 who ordered the smash as well. So you the comrade, once you
- 20 finish the interrogation, you have to smash them.
- 21 That is the principle, but in practice I also want to satisfy the
- 22 upper echelon and when the interrogation finish I show them, here
- 23 is a complete interrogation, the confession. So that was like a
- 24 pot of coal or my humbleness to my superior. So that is the
- 25 principle of smashing and after I received such principle, then I

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 24

- 1 would order the smash.
- 2 Brother Meas was young. He was a peasant, a son of a peasant in
- 3 Amleang in Thpong. He was a person built specially for the
- 4 protection and for the smashing. And those who led the smashing
- 5 was Comrade Meas and other comrades. For example, Comrade Nan
- 6 was also in the team, and I don't recall the names of other
- 7 comrades because it was my guard's unit who carry out the smash.
- 8 Once in a while, Comrade Pon would join but not frequently, and
- 9 he reported to me that Comrade Meas was skilful and that he could
- 10 not follow Comrade Meas because of his skill in carrying out his
- 11 duty.
- 12 So, in conclusion, the smashing, I was not a model in the
- 13 smashing because I was afraid.
- 14 As I already informed Your Honours, Brother Kim Huor told me
- 15 about this duty but I told him I was not -- I was afraid to carry
- out that. We, the intellectuals, we had witnesses so that I
- 17 should assign this duty to the children of the peasants, they
- 18 would do it better, although that's what happened.
- 19 Everytime, there was a smashing. I ordered that smash. I
- 20 decided.
- 21 [10.26.09]
- 22 So the crimes in the smashing of the people, although the
- 23 decision was made from the upper echelon, I was responsible at my
- 24 level for every smashing order. So the burden is still fall on
- 25 me, it's my responsibility, and I would like to apologize to the

- 1 souls of those who died. I still cannot forget their names and I
- 2 would write their names in a book. I can never forget the crimes
- 3 that fall on my head and responsibility.
- 4 Q.So what you're telling us is that the executions were carried
- 5 out to follow orders that had been issued by your superiors. In
- 6 particular you said that these were decisions taken by members of
- 7 the Central Committee. Is that correct?
- 8 A.Your Honour, I already emphasized it in details but I may add
- 9 further that the power to arrest or smash was made from the
- 10 people at the regime from the members of the full Tri-Standing
- 11 Committee. But people who were interrogated, in principle I
- 12 could manage to smash without any problem but sometimes -- but in
- 13 general after a few interrogations then I would report to the
- 14 superior whether these people were ready to be smashed, just to
- 15 please them; so before they were smashed, ultimately.
- 16 Q.You mentioned a team, so to speak, a specialized team for
- 17 executions. Could you tell us how old the team members were?
- 18 A. Your Honour, Comrade Meas was used by me since he was 16, and
- 19 it is the way I used him. But when he was 18 he entered the
- 20 Party but still maintained the duty, but he was then below 18
- 21 when he was used by me.
- 22 Q. Were there any children who were in charge of some executions?
- 23 [10.29:56]
- 24 A.At that time a 12-year-old boy who was a teenager -- there
- 25 were two teenagers whom I used as messengers, so they were not

- 1 smashed. Apart from them, people above 12 years old, there were
- 2 two children. First was the son of our comrade and also the
- 3 brother of our messenger. They were too young. They were not
- 4 used, they could just play around.
- 5 So in conclusion, there were two children that were not smashed,
- 6 and two teenagers who were used as my personal messengers.
- 7 Q.I asked you the question to know if children were in charge of
- 8 executing. In other words, were children brought to kill
- 9 prisoners?
- 10 A. The two children who belonged to our comrades were a bit --
- 11 did not see the site where people were smashed. I cannot
- 12 remember whether the two teenagers who were my messengers were
- 13 there. Their names were Sae and Chhen and they were not at the
- 14 smashing site. So they may went there without any assignment but
- 15 I myself did not assign them to enter the study session; never.
- 16 Q.How were the executions carried out? Which methods were used
- 17 to execute the prisoners?
- 18 A.At M-13 and at other police offices they used the stick to
- 19 club the back of the neck, and apart from that there was no other
- 20 method.
- 21 Q.Did you carry out executions personally or did you witness
- 22 these executions, or did you explain how executions were to be
- 23 carried out?
- 24 A. Talking about instruction, I kept reminding them -- to remind
- 25 them not to let the people escape before they were smashed and

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 27

- 1 make sure that they could not scream to -- so that their
- 2 executions were compromised. So this was my regular task, but
- 3 regarding where the detainees would be beaten then, I also
- 4 instructed through Comrades Meas and Pon, and I also told them
- 5 about how the execution was applied; for example, from the way
- 6 Chhay Kim Huor done that, and he advised me to be careful. And
- 7 he advised us also to make sure that the dead people were buried
- 8 deep in the underground so that they were not to be pulled out by
- 9 tigers, for example.
- 10 [10.35.00]
- 11 So this is the way I observed the execution but I trusted Comrade
- 12 Pon, who oversaw these executions, but I never personally went
- 13 there by myself. I already stated yesterday that in my mind the
- 14 person who killed -- and did not have -- was not guilty. Prince
- 15 Sihanouk was guilty of such a killing. I of course was involved
- 16 in their crimes but I did not commit the crimes personally.
- 17 MR. PRESIDENT:
- 18 Now we should adjourn and resume at 15 minutes to 11:00.
- 19 THE GREFFIER:

- 22 THE GREFFIER:

- 25 MR. PRESIDENT:

- 1 The Court is now in session.
- 2 Before giving the floor to Judge Lavergne, I would like to inform
- 3 the accused that when you listen to the questions in French then
- 4 you should pause to let the interpreters to translate the
- 5 question before you proceed to respond. Because we have noticed
- 6 that when you immediately responded to the questions after you --
- 7 after the French version, we had a little bit of problem with the
- 8 translation because we should give them enough time to translate
- 9 the questions.
- 10 Second, when you finish your response you should deactivate your
- 11 mic in order that the proceeding is smooth, you understand that.
- 12 I would like now to give the floor to Judge Lavergne to proceed.
- 13 [10.57.40]
- 14 THE ACCUSED:
- 15 I would like to state more clearly my last statement that I was
- 16 not clear at the beginning, before the break. May I?
- 17 The last statement that I made I was so quick to say that and
- 18 that's why it was rather confused. It was from the meaning I
- 19 intended to say I was talking about Preah Pehn. I talked about
- 20 King Norodom Sihanouk, the head of state, and then I linked that
- 21 situation to me myself.
- 22 I would like to now emphasize that the Norodom Sihanouk, the head
- 23 of state, at that time the person was sentenced in the name of
- 24 the King so that accused, who were sentenced to death at that
- 25 time, had the right to ask for pardon or amnesty from the King.

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 29

- 1 So the King title was very high, it was equal to the Central
- 2 Committee at that time.
- 3 So when I recalled the crimes then I moved so quickly to that but
- 4 I did not compare myself to King Sihanouk, the head of state at
- 5 that time.
- 6 BY JUDGE LAVERGNE:
- 7 Q. These executions, were they secret in character? Did they
- 8 take place in specific places or the people who were in charge of
- 9 executing; were they instructed not to speak about these
- 10 executions?
- 11 [11.00.09]
- 12 A. Your Honours, the unit or the individual who were entitled to
- 13 smash victims at M-13 had to make sure that the execution was
- 14 secret where the detainees or victims were smashed and how they
- 15 were smashed and must be kept secretly. Because of the secrecy
- 16 principle that's why the location where the dead people were
- 17 smashed and buried were not far apart from our office. It was
- 18 about 100 metres. So it was about how to keep secrecy concerning
- 19 the smashing.
- 20 Q. Were these executions numerous? Were people being executed
- 21 every day? Can you give us any indication about that, please?
- 22 A.At M-13 office the victims who were detained and smashed, in
- 23 conclusion I can say that there were not exceeding 300 people and
- 24 no less than 200, but in Amleang Commune I can recall that there
- 25 were about 20, 25 or 30 people. So I can just estimate that

7/04/2009 Page 30

- 1 people at the base, there were about 60 people in total including
- 2 the people at the base and people who were brought from the other
- 3 area who were accused of being spies. Altogether there were no
- 4 more than 300 people.
- 5 Q.So these people were spies, enemies, cadres from the Communist
- 6 Party, from the Cambodian Communist Party. Were they purges back
- 7 then?
- 8 A.Regarding the people who were accused of being spies, there
- 9 were some of them at the beginning people who entered from Lon
- 10 Nol territory to the liberated zone. But in the reference
- 11 location at Amleang people were -- those who were accused of the
- 12 enemy of the class who rebelled against the revolution. And
- 13 former cadres of the Democratic Kampuchea regime, I remember
- 14 clearly first Sangha Hoeun, the close person of Ta Mok -- I
- 15 already informed you yesterday, he was the artist and another one
- 16 that the person -- the cadre from Hanoi, Mr. Prach Sonn, alias
- 17 Pot, who I was instructed to interrogate him but I did not do so,
- 18 and later on there was another person.
- 19 [11.04.21]
- 20 So the cadres in the Democratic Kampuchea were arrested. So
- 21 these are the people I remember. I don't remember other people.
- 22 There were four cadres from Hanoi. So altogether there were
- 23 about six or seven people.
- 24 As for the people who lived near the village close to the area
- 25 where enemies stay, in Pao village, as Son Sen claimed, six to

- 1 seven of them were brought into M-13 to be interrogated, the rest
- 2 were sent to Battambang province.
- 3 So altogether the crimes were inflicted on the people who were
- 4 accused of being the spies and the people who, in the reference
- 5 base, who were accused of being the people who were attempting to
- 6 rebel, people who belonged to the feudalism class and the people
- 7 who were accused of being the traitors of the revolution and
- 8 people who were influenced by the enemies because they lived
- 9 close to the village regarded as the enemy zones.
- 10 [11.05.55]
- 11 Q. Were Vietnamese imprisoned and executed at M-13?
- 12 A.No Vietnamese was brought to M-13, or maybe I did not
- 13 remember, but so far as I know none of Vietnamese was there.
- 14 [11.06.28]
- 15 Q.Did it happen at times that there was a high amount of
- 16 civilians who were brought to M-13, for example, because of the
- 17 war -- for example, the fall of Oudong? Did this lead to an
- 18 influx of civilian prisoners?
- 19 A.Regarding the fall of Oudong, I cannot recall but since you
- 20 asked me this question I may now emphasize. The fall of Oudong
- 21 -- the victory over Oudong, a lot of people were sent to M-13 but
- 22 temporarily, and then at night those people were sent to
- 23 Battambang province, leaving just six to seven people for me to
- 24 interrogate them.
- 25 Q.So concerning Pal, whom we spoke about earlier on, were other

- 1 staff members executed at M-13?
- 2 A.None, except Comrade Pal. No other staff of M-13 was executed
- 3 or smashed at M-13. So at M-13A my staff who were recruited from
- 4 the commune, if I noticed that they did not pay good attention to
- 5 their work then I would like -- I just managed to make sure they
- 6 could be reunited into their commune or villages; no smash.
- 7 Q. Was there punishment for the staff other than execution? Were
- 8 there ways of controlling the staff? How were the self-criticism
- 9 sessions organized and what was being said during these
- 10 self-criticism sessions?
- 11 A.Apart from the smashing I already informed Your Honours
- 12 recently, people who could not fulfill their task properly I
- 13 managed to send them back to their villages.
- 14 Second, the way people controlled one another by way of
- 15 self-criticism for the children, for the young people, these kind
- 16 of even took place regularly and clearly once a week. The team
- 17 leader would conduct such a meeting. Even I am the member of the
- 18 candidate I had to attend such a self-criticism meeting once
- 19 every fortnight at the office of the zone. So in the DK regime
- 20 people could not escape from attending such self-criticism
- 21 meetings.
- 22 Q. You said that the staff would control each other. Does this
- 23 mean that there was an instruction to favour people denouncing
- 24 each other? Do you understand "denouncing each other"? Was
- 25 there anything there to encourage people in the staff to denounce

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

- 1 each other; to denounce maybe staff members who did not perform
- 2 properly?
- 3 [11.10.40]
- 4 A.Regarding this punishment on the severe misconduct, or
- 5 misconducts other than the self-criticism, this kind of thing
- 6 existed. At M-13A I did not allow these things to happen. I
- 7 just allowed the people who had this problem to move to their
- 8 villages without telling them their real causes of the problem.
- 9 First I asked Comrade Pal to become the chairman of M-13A and he
- 10 had a moral misconduct with a woman, along with Comrade Pi and
- 11 Pal who was a member of the Youth League, was removed to --
- 12 relocated to another unit.
- 13 So this problem happened because the superior noted the
- 14 incidents. However, for me I did not really relocate them to
- 15 another unit and I would just send them to their villages.
- 16 Because I recruited them, I knew for sure that I myself belonged
- 17 to an intellectual class as a professor, and I was worried about
- 18 my status who joined the revolution. So when I recruited people
- 19 to assist me I selected people from the peasants class so that I
- 20 made sure the Party trust me. So if I did not feel happy about
- 21 or satisfied with the people I recruited, then I would just send
- 22 them back to their villages.
- 23 So in conclusion I could say that there are two different kind of
- 24 reports to the upper echelon, especially when it comes to M-13A
- 25 and M-13B. So at one office we would report to the upper echelon

- 1 to remove them, and at the other location people would be
- 2 relocated.
- 3 [11.13.28]
- 4 Q.You said yesterday, I believe, that eight people -- that you
- 5 had managed to release eight people, eight people therefore who
- 6 had not been executed. You spoke about, in particular in your
- 7 statements -- I don't think -- maybe you mentioned it yesterday,
- 8 but in your statement before the Co-Investigating Judges you
- 9 spoke about a certain Ham In. Can you tell us -- can you confirm
- 10 that Ham In is someone that you released? And can you explain to
- 11 us what was the -- what kind of relation you had with this Ham
- 12 In?
- 13 A. Your Honour, I released 10 people but when I responded before
- 14 the Co-Investigating Judges I could remember only eight people.
- 15 After reading the book of Bizot then I could remember another two
- 16 names. So recently I noticed KW-30. He is the person I released
- 17 at that time. So altogether 10 people were released by me and I
- 18 talked about this to the Co-Investigating Judges concerning Ham
- 19 In. Ham In and myself had never been in contact before but I
- 20 knew his father.
- 21 [11.15.24]
- 22 I knew his father clearly, the late Mr. Ham. Among the cadres of
- 23 Amleang Commune, Brother Ham was the poorest comrade and was the
- 24 most gentle person. So when I noticed there were five people who
- 25 were arrested and sent to us, at the beginning I asked them to

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

- 1 interrogate briefly and grasp their biography, and I noted that
- 2 Hâm In was the son of Brother Horn, and I told myself if I
- 3 tortured In and then smashed In, then Brother Horn would come and
- 4 intervene.
- 5 Then to avoid this I went to Chou Chet, alias Si, to release Inn.
- 6 Brother Si said, "Duch, this person arrested by Brother Pal, so
- 7 you could ask him." Then I went to meet Brother Pal, and Pal
- 8 listened to my plea, my request, and he said, "Duch, wait. I
- 9 would like to ask permission from the Standing Committee of the
- 10 Zone."
- 11 [11.16.56]
- 12 And then a few days later Brother Hok been informed that the
- 13 Standing Committee allowed a person to leave, but could not be
- 14 released, and then I was warned not to kill the person. He could
- 15 be shackled and let out to work in the daytime but not smashed.
- 16 So I did not know in particular but I had some relation with his
- 17 father because I knew him.
- 18 So when I met In, at the first time I knew that he was born in
- 19 the year of Momi, in Khmer, and I talked to him. I don't know
- 20 why the person who born in this kind of year is attracted to
- 21 being in jail. So that's why I had some kind of sentiment
- 22 towards him from the beginning because I knew his father, Brother
- 23 Horn. So I tried to release people, if I could, whether or not
- 24 -- I think releasing In was the most difficult job that I ever
- 25 done.

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 36

- 1 Q.I think that at the very beginning of this hearing we
- 2 mentioned that a document would be used. That is D59, Annex 4.
- 3 This is a statement collected by a representative of DC-Cam from
- 4 a person called Hâm In and these statements are dated 17th of
- 5 August 2001. I should like to add that the said Hâm In was the
- 6 subject of a request for an interview by the Co-Prosecutors
- 7 during the investigation and that the verification subsequently
- 8 made by the Co-Investigating Judges led to the information that
- 9 Hâm In, as we understood it, died in 2003.
- 10 In the statements in D59, Annex 4 Hâm In says -- talks about his
- 11 experience as a detainee -- a detainee and employee, support
- 12 staff member in M-13. He describes Duch as being the head of
- 13 M-13 and the person who decided on who to be killed and who was
- 14 to be executed -- to be interrogated. He lists a number of forms
- 15 of violence used for interrogation and he states that he was an
- 16 eyewitness to the following events.
- 17 [11.20.52]
- 18 He states that he witnessed blows, the detainees being hit. In
- 19 particular he says that his cousin was cut all over his body with
- 20 a knife; that he bled. His blood was collected in a basin.
- 21 He also says that -- and he tried this himself -- that he saw
- 22 detainees hanging from their wrists, from their feet -- by their
- 23 feet. He indicates also that needles were stuck into or under
- 24 the nails of the detainees. Some had their nails ripped off. He
- 25 also states that torture, using a torch and hot wax dripped on

- 1 the body was used. He also indicates that soapy water was forced
- 2 down the throats of the detainees by the guards.
- 3 He stated that the accused himself carried out torture. He
- 4 described particularly cruel scenes. He further states that
- 5 children were asked to visit violence on the detainees and he
- 6 explained that he thinks he was saved because he was advised that
- 7 he -- to admit that he had been an enemy, that is that he had
- 8 been a policeman with three marks on his shoulders. When the
- 9 accused released him the accused asked him to work for him; that
- 10 is, to spy on the other detainees for him, and this person -- Hâm
- 11 In, that is -- mentions a large number of executions in M-13.
- 12 The accused mentioned two to three hundred persons and, if I'm
- 13 not mistaken, Hâm In talks about 30,000 detainees killed. So I
- 14 would like to hear what you think about this. Have you read this
- 15 statement?
- 16 [11.23.47]
- 17 A.I did not read Hâm In's statement but having read -- having
- 18 listened to the statement read out by Your Honour, I think there
- 19 will be another event that need to be investigated, especially
- 20 the dead bodies of the detainees who were smashed at M-13.
- 21 People who were smashed at M-13 were not buried far away from
- 22 M-13 location, maybe just a hundred metres from that premises.
- 23 There was relocation at Thma Kob, Anlong Veng, two at Ta Liev
- 24 location and at the third location at Trapeang Traob, between the
- 25 river and Trapeang Chrap.

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 38

- 1 So the remaining evidence can prove that the people died when and
- 2 how many of them were buried there.
- 3 So according to the statement, I already confessed to the nation
- 4 and the people, it is clear. The other dead body in other
- 5 locations were the dead body of the Khmer people who died because
- 6 of the CPK. And once again, I would like to apologize for those
- 7 kind of crimes and I am very regretful, and I would like to offer
- 8 condolences to the family of the dead people. But again, only
- 9 200 to 300 detainees were smashed at M-13, no 30 thou -hundred
- 10 or something like that.
- 11 You may see how many people were brought in at any given day at
- 12 M-13. For example, yes, at any given day there were about 20 to
- 13 30 people brought in, so you could calculate it.
- 14 [11:26:13]
- 15 So I told you that there was an enormous influx of victims but I
- 16 told you already those people were sent to the Northwest, leaving
- 17 only few for M-13 to interrogate. So the people of the whole
- 18 village were temporarily brought into M-13 but not only for --
- 19 not for execution or interrogation only for the transit.
- 20 So this is the account of the event that I should -- that I would
- 21 like to report that there were two separate arrest but not for
- 22 the M-13 alone but for the Northwest Zone and M-13 South as the
- 23 transit area. And I would maintain my position that there were
- 24 pits that detainees were buried and these pits will be used as
- 25 the locations where these body could be resumed to find out the

- 1 truth.
- 2 And I still maintain that I accept all the crimes I committed and
- 3 -- before the ECCC and before the whole nation.
- 4 Q.Now, an excerpt of the document will be read in the French, it
- 5 is page 6. This concerns the episode of the drowning. The
- 6 French version is as follows: "With regard to the flooding story
- 7 how did it happen?"
- 8 MR. PRESIDENT:
- 9 I note that Robert Petit is on his feet.
- 10 MR. PETIT:
- 11 With your leave, could you please refer, Your Honour, to the ERN
- 12 number at the bottom of each page or the top of each page? This
- 13 would help for a better transcript and for the reference of the
- 14 parties because the pages do not correspond in the original and
- 15 the translation.
- 16 [11:29:14]
- 17 JUDGE LAVERGNE:
- 18 I do not have an ERN number in my French version. Perhaps in the
- 19 English there might be one.
- 20 MR. PETIT:
- 21 Is this what was filed on the 6th of April in the record of the
- 22 case?
- 23 JUDGE LAVERGNE:
- 24 It is the only one that exists.
- 25 MR. PETIT:

- 1 Perhaps it has not yet been given an ERN number.
- 2 MR. ROUX:
- 3 On ZyLAB we have the ERN Number 00295087 in the French version.
- 4 JUDGE LAVERGNE:
- 5 Has everyone found the paragraph?
- 6 BY JUDGE LAVERGNE:
- 7 Q.And I repeat the question; with regard to the flood, how did
- 8 the flood happen? Has everyone found this paragraph?
- 9 [11:30:27]
- 10 INTERPRETER:
- 11 The Interpreter would like to indicate that for the English
- 12 version it is 00289745.
- 13 JUDGE LAVERGNE:
- 14 Could you give the ERN for the English?
- 15 MR. PETIT:
- 16 In the English version it is 00289745.
- 17 MR. ROUX:
- 18 Could the Khmer ERN be provided? Perhaps the Co-Prosecutor could
- 19 help us. I'm afraid I do not speak Khmer myself, I am sorry.
- 20 MR. PETIT:
- 21 Perhaps it can be provided subsequently.
- 22 INTERPRETER: But the interpreter can indicate that the Khmer ERN
- 23 is 00002086.
- 24 JUDGE LAVERGNE:
- 25 If all parties are agreed I shall read out the document.

- 1 [11:31:37]
- 2 "How did the flood happen? This is the story of the flood. 'At
- 3 the time the flood came many people died. Before that time I had
- 4 been released I looked all right. They made me work in the rice
- 5 -- in the field but under their supervision. During that
- 6 flooding they made me swim and transport prisoners and I took
- 7 them to areas where there was no flood. I helped them to cross
- 8 the water and gathered them somewhere. Those who stayed too late
- 9 were drowned.
- 10 As I said before, some were detained separately in cells, others
- 11 in the collective pits, each of three by three metres, here and
- 12 there. When the water came suddenly many prisoners died. Ta Sum
- 13 was also a boss but he was the subordinate of Ta Duch. At that
- 14 time Ta Sum interrogated me. He prepared a paper and pen so that
- 15 I could spy on Duch. So I said to him that we shouldn't do that
- 16 because when elephants fight, elephants die and ants do not die.'
- 17 How many dead were there after the water receded finally?
- 18 [Answer] There were many. He asked me what was going on; we were
- 19 cooking potatoes, he asked me to spy on Ta Duch because
- 20 apparently there were many people dead. He asked me this because
- 21 he couldn't believe how many people had died. I knew it, I did
- 22 not dare to tell him before I confirmed that there was a large
- 23 number of dead people and that he could ask the guards if he
- 24 didn't believe me. The guards confirmed this. I saved six or
- 25 seven women. They were not in a good physical state and they

- 1 were very thin. I brought them to dry land."
- 2 End of reading.
- 3 BY JUDGE LAVERGNE:
- 4 Q.This is a different version from what you indicated for us.
- 5 The first difference is that some women detainees were taken to
- 6 dry land but a number of people, according to this person, a
- 7 large number of people were drowned.
- 8 [11:34:32]
- 9 The other information -- piece of information is that he says
- 10 that he was asked to spy on you and to denounce you. As somehow
- 11 being responsible for these deaths what do you have to say to
- 12 that?
- 13 A.Regarding the people who died of the flood I still maintain my
- 14 statement that those people who were -- who were evacuated all
- 15 were evacuated to a dry land, no one drowned. But those people
- 16 died of weak physical state, but died later, not died during the
- 17 flood. And it was not convinced that Comrade Sum -- of course,
- 18 Sum was my superior but he, as a subordinate, he works -- he
- 19 worked at M-13B. He did not have anything to do with relation --
- 20 to communicate with guards to spy on me.
- 21 And I would like to confirm that in my capacity as the person who
- 22 oversaw M-13A when this incident happened and that the detainees
- 23 were at risk, then the superior did not try to punish me. Even
- 24 people who escaped from Ta Liev, and I asked them to punish me
- 25 from the police work, then they did not take any action. So I

- don't think that he contacted Hâm In to spy on me; I think it was
- 2 not true.
- 3 [11.37.09]
- 4 Q.I am going to read another excerpt from this document. This
- 5 is on page 10 of the French. I am going to read from the
- 6 question, "During your imprisonment, did you meet Duch often?"
- 7 MR. PETIT:
- 8 Can the French ERN be provided?
- 9 MR. ROUX:
- 10 00295091 in the French version. Has the page been found in the
- 11 English?
- 12 MR. PETIT:
- 13 Could we have the question, please?
- 14 BY JUDGE LAVERGNE:
- 15 Q. The question is as follows: "Did you meet Duch often during
- 16 your imprisonment?" Answer: "I met him every day." "Did he
- 17 speak with you?" "He talked to me a lot when I was jailed."
- 18 The Khmer version is 00002086.
- 19 MR. PETIT:
- 20 The ERN for the English is 0289749. I must say that the English
- 21 and the French versions are relatively different. This was the
- 22 case for what you read previously; the versions are significantly
- 23 different.
- 24 MR. ROUX:
- 25 And the defence would like to record that this is not a judicial

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

- 1 document; it was not a judicial document from the start. It was
- 2 collected by a nongovernmental organization for whom we have a
- 3 great deal of respect, but it is not from the Co Investigating
- 4 Judges. I think this should always be mentioned when this
- 5 document is being used.
- 6 JUDGE LAVERGNE:
- 7 I am going to read. If there is a significant difference, then
- 8 please indicate it to me so that it can be corrected, if
- 9 necessary.
- 10 So, "During your imprisonment, did you meet Duch often?" Answer
- 11 "I met him often." "Did he talk with you?" Question. Answer:
- 12 "He talked to me a lot during my detention. He was not arrogant,
- 13 not even towards his subordinates. He was intransigent. When he
- 14 wanted to execute a prisoner, he would point his finger at him
- 15 and say, 'Take that one to be executed.' When he chatted, he
- 16 chatted normally and laughed normally like everyone, but, when he
- 17 said that he was going to beat a prisoner, he did it
- 18 immediately." Question: "Did you see this with your own eyes?"
- 19 [11.40.41]
- 20 MR. PETIT:
- 21 (No interpretation) in English and seek guidance. You will read
- 22 a passage, or at the end of your passage.
- 23 JUDGE LAVERGNE:
- 24 Is it a missing passage, or is a completely different meaning?
- 25 If it's a completely different meaning, then there is no purpose

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 45

- 1 in reading the document. Is that a missing passage or is there
- 2 something that means complete -- something completely different?
- 3 MR. PETIT:
- 4 I would not have interrupted if it was something minor. It is a
- 5 missing passage. Also, the version appears to be different. Do
- 6 you wish me to correct the English? Or, perhaps one might
- 7 suggest that the Khmer version be read.
- 8 So a Khmer speaking person would read the Khmer, which is the
- 9 original, which was recorded by the interviewer and the witness,
- 10 and that will be interpreted by the interpreters, and that
- 11 interpretation would be the most accurate reflection of what the
- 12 witness said, and the accused could then be questioned about
- 13 that. So I suggest that we refer to the original text which was
- 14 filed with our introductory submission in 2007, and perhaps, I
- 15 respectfully suggest, one of the Judges could read out the text
- 16 and then our interpreters could interpret. I think that would be
- 17 the most faithful rendition of what the witness said.
- 18 [11.42.56]
- 19 MR. ROUX:
- 20 Mr. President, Your Honours, the defence would like to say
- 21 something. I understand the proposal of the Office of the
- 22 Prosecutor, but I am somewhat in difficulty because in the French
- 23 there is no indication as to who asked the question, who was the
- 24 interpreter. Did the interpreter take an oath? And if so, in
- 25 front of whom? I'm sorry, but there are minimum -- there is a

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 46

- 1 minimum of rules of procedure to be followed and I'm going to
- 2 fall in with the common law system.
- 3 And I would have preferred us to deal only with witnesses who can
- 4 appear before the Court, because here we have a witness whose
- 5 statement was collected in conditions that we know nothing about,
- 6 and now we can see that the French and the English are different.
- 7 And then there is going to be a reading of the Khmer, without
- 8 knowing who it is who took the statement, so perhaps the person
- 9 who took the statement could be called to appear. Otherwise we
- 10 should stop.
- 11 MR. PETIT:
- 12 Thank you, Mr. President. The purpose of this exercise is to
- 13 have the accused's comments concerning a statement by a person,
- 14 whom he says he knows, and detained and freed, that he was close
- 15 to and someone with whom he said he was close.
- 16 So it is alleged that this witness said a number of things. The
- 17 accused has already made comments about these events. I fail to
- 18 see any difficulty, because prior statements can be presented to
- 19 the accused or any other witness. This is a statement by a
- 20 witness that the accused said he had dealings with. Let us put
- 21 these allegations to him and then we shall hear his position with
- 22 regard to the allegations, because there will be other witnesses
- 23 from M-13 who will come to give testimony, perhaps with regard to
- 24 the same allegations. Then we will have a full picture, then we
- 25 can put it to the accused.

- 1 [11.45.42]
- 2 JUDGE LAVERGNE:
- 3 A while ago I summarized the document. Are the parties in
- 4 agreement with the summary which I prepared based on the version
- 5 I have? Do you wish me to reread this summary? I do not think
- 6 that it is necessary to read one version or another if the
- 7 versions are different. But is there agreement as to the resume
- 8 or the summary as I read it out?
- 9 MR. ROUX:
- 10 Your Honour, once more the defence expresses the following
- 11 reservation: Even the summary that you read out is based on a
- 12 statement made by a person who is not a professional who is not
- 13 under oath and who was acting only at the behest of a
- 14 non-governmental organization, so we should be extremely prudent.
- 15 [11:47:00]
- 16 To respond to my learned friend, in a civil law system these are
- 17 people who are interviewed first by policemen and Investigating
- 18 Judges whose statements can be read out. This is not the case
- 19 here. This is an NGO which has decided to go and interview
- 20 witnesses. That could well be true but this is not judicial
- 21 evidence.
- 22 [11.47.14]
- 23 JUDGE LAVERGNE:
- 24 I think it was stated clearly at the beginning of this hearing
- 25 that these documents were not taken or prepared as part of

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 48

- 1 judicial proceedings but they were in the record of the case.
- 2 They contain a number of allegations. And it was said that the
- 3 accused would be afforded the possibility or the opportunity of
- 4 giving his viewpoint on these allegations. So it is obvious that
- 5 this is -- this document is not part of the proceedings.
- 6 MR. ROUX:
- 7 This is what the defence wanted to point out.
- 8 MR. PETIT:
- 9 And to answer your initial question, I think that the summary
- 10 that you prepared a while ago of the witness statement was
- 11 essentially what he said.
- 12 MR. PRESIDENT:
- 13 Please, the Co-Prosecutor?
- 14 MS. CHEA LEANG:
- 15 Thank you, the President and Your Honours.
- 16 [11:48:23]
- 17 As Judge Lavergne already raised, the witness already died so
- 18 although the statement was conducted by an NGO I would like to
- 19 tell the national judge that in Khmer we have page 12 that you
- 20 can refer to on the document D/108/27.4. So I think the
- 21 Investigating Judges do not need to ask further because the
- 22 person was deceased already.
- 23 But the reason to bring this matter is only to ask the accused to
- 24 confirm whether the testimony of that witness is true and we want
- 25 to hear from the accused whether the relevant witness testimony

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

- 1 is true. So I would like to confirm to the national judges that
- 2 the document is available in Khmer. The document is D/08/77.4 in
- 3 Khmer version.
- 4 [11.50.00]
- 5 JUDGE LAVERGNE:
- 6 I believe that the accused wanted to provide his comment in
- 7 relation to what is being said.
- 8 THE ACCUSED:
- 9 I'm sorry; I have not grasped what's being discussed because I
- 10 was reading the other document.
- 11 JUDGE LAVERGNE:
- 12 I wanted to know if you have any comments to provide in relation
- 13 to what was just said.
- 14 THE ACCUSED:
- 15 Your Honours, I would like to confirm that my authority at M-13
- 16 was full. I maintained my strict position in managing M-13.
- 17 Whether I assigned anyone to be smashed, this kind of thing has
- 18 been always done secretly. I never acted like in a drama because
- 19 I did not contest that I was responsible for the crimes but I
- 20 never acted like in a play pointing anyone to be taken away to be
- 21 executed.
- 22 I would like to tell you frankly that I tried my best to make
- 23 sure that the secrecy was well maintained in my capacity as a
- 24 full right cadre. It was to make sure that we order something
- 25 and that people had to carry out the order in respect.

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 50

- 1 So I do not contest the crimes I committed but I contest the
- 2 statement that I acted like in a play. So it's not really a joke
- 3 and that kind of thing.
- 4 [11.52.42]
- 5 THE PRESIDENT:
- 6 Judge Lavergne, would you like to ask further questions?
- 7 JUDGE LAVERGNE:
- 8 I was thinking about asking questions about document D.59 and
- 9 X.12 which is related to the statement of a certain In Vorn but
- 10 I'm afraid we'll be facing the same difficulties so maybe it
- 11 would be a good idea that the Chamber makes a decision concerning
- 12 a reading of this document or a possible reading of this document
- 13 or maybe we should adjourn the hearing of this morning and that
- 14 we could maybe assess this when we meet again after lunch.
- 15 MR. PRESIDENT:
- 16 You take the floor, the Co-Prosecutor.
- 17 MR. PETIT:
- 18 We're speaking about the statement which in Khmer is under index
- 19 D/59; is that so; that it is In Vorn statement? Is it therefore
- 20 the one that is indexed under D/59 that was presented in the
- 21 introductory submission and whose French and English translation
- 22 was done on the 24th of March 2008 and was included in the case
- 23 file and it's referred to as D/10827.12. Is that the case?
- 24 [11.54.20]
- 25 JUDGE LAVERGNE:

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 51

- 1 I mean, -- well, that's the statement that we would like to refer
- 2 that we're talking about. Maybe we should verify the references
- 3 during the interruption.
- 4 I would like to specify that this person -- you also asked during
- 5 the investigation that this person be interrogated by the
- 6 Co-Investigating Judges and this was agreed to and the Chamber
- 7 considered therefore interviewing this person, but it happens
- 8 that the support unit for the witnesses told us that In Vorn, in
- 9 fact, died, so it is not possible to interview him.
- 10 MR. ROUX:
- 11 Mr. President, Your Honours of the Chamber, in order for you to
- 12 take a stance regarding these documents I would like to remind
- 13 you that unless I'm mistaken, the Co-Investigating Judges did not
- 14 directly take these into account, insofar that there were other
- 15 witnesses who were able to be interviewed in the context of a
- 16 normal legal proceeding. So we are here, and we'll have other
- 17 opportunities of course -- we are here in the presence of
- 18 documents that are included in the case file by the
- 19 Co-Prosecutors Office, whereas we are not dealing here with legal
- 20 documents. And that is the problem. That is a problem that we
- 21 are facing.
- 22 [11.56.21]
- 23 So, once again, in the name of the defence team, I have a lot of
- 24 reservations, and I'd like to express these concerning these
- 25 documents because we don't know their origin, nor the people who

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 52

- 1 did the interviews, nor the competence of the people who did the
- 2 interviews, nor their independence of opinion.
- 3 So, in short, you do not have here the guarantee that these
- 4 documents have been established according to the rules of a legal
- 5 proceeding. So I would like, therefore, that we only refer
- 6 ourselves to the witnesses who can appear before the Chamber and
- 7 to have the accused answer these witnesses. But as long as these
- 8 documents are included in the file, of course, I thank the
- 9 Chamber to give the possibility to the accused to express his
- 10 point-of-view, but my problem is that these documents are still
- 11 in the case file. That is really my problem. It should not be
- 12 in the case file. And it's the same for certain films as well,
- 13 by the way.
- 14 We had the same discussion several times and it's clear if there
- 15 were certain elements that were not in the case file, it is clear
- 16 that an aim, therefore, of this discussion here is to establish
- 17 what is true and what is not true. So let's look at the facts.
- 18 Let's weigh them, let's test them, and let's come to a
- 19 conclusion.
- 20 And, of course, if we're dealing with legal elements they will be
- 21 evaluated in a certain way, and if these are non-judiciary
- 22 elements they will be evaluated in a different way. But the aim
- 23 here is, before professional judges, is not to be afraid of
- 24 evidence but to confront it and to assess it and to pass
- 25 judgement on this evidence.

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 53

- 1 But I don't have any existential questions, however, in relation
- 2 to the elements here that are presented, but I will let you
- 3 decide.
- 4 (Deliberation between Judges)
- 5 MR. PRESIDENT:
- 6 We already listened to the comments made concerning the documents
- 7 made by the different counsel and the prosecutors.
- 8 Now, I would like -- the Chamber would like to know whether the
- 9 civil parties' lawyers wish to make any comments concerning the
- 10 documents that have been discussed by the defence counsel and the
- 11 Co-Prosecutors.
- 12 So I would like to right now allow Group 1 civil parties' lawyers
- 13 to state your comments first.
- 14 [12.01.51]
- 15 MR. WERNER:
- 16 Thank you, Your Honours. We do fully support the prosecution's
- 17 submissions in full.
- 18 MR. PRESIDENT:
- 19 Next, civil parties' lawyer Group number 2.
- 20 MS. STUDZINSKY:
- 21 Thank you, Your Honours.
- 22 We would like to draw your attention that all evidence is
- 23 admissible before the Chamber except what is not allowed under
- 24 the law.
- 25 And, in addition, I would like to state that I also identified

- 1 differences between the English and French versions, and so I
- 2 suggest if the Chamber decides to read certain parts of the
- 3 document, then to read it in Khmer and to get the translation
- 4 then here in the courtroom; that we have the same results. Thank
- 5 you.
- 6 MR. PRESIDENT:
- 7 Civil parties' lawyers, Group 3, you can take the floor.
- 8 [12.03.25]
- 9 MR. CANONNE:
- 10 Civil party Group 3. A very brief observation.
- 11 What we are looking for in this trial is truth so; therefore, it
- 12 is suited to consider the case file in its totality.
- 13 I would like to get back to the major observation that the
- 14 Co-Prosecutor, Robert Petit, provided it to us. We will assess
- 15 all of the documents on the basis of their nature --these are
- 16 judiciary documents or if they are extra-judiciary documents, all
- 17 of the parties will be confronted with these. All of the parties
- 18 will have the possibility to express their observations.
- 19 So, therefore, we consider that the documents that we're dealing
- 20 with here must be presented and examined in its totality. Thank
- 21 you.
- 22 [12.04.25]
- 23 MR. PRESIDENT:
- 24 Now, civil parties' lawyers, Group 4.
- 25 MR. KONG PISEY:

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 55

- 1 Your Honours, I am on behalf of Group 4. Mr. Hong Kimsuon is
- 2 sick and Mr. Pierre-Olivier Sur is not available today. I am
- 3 here to represent Group 4.
- 4 I would like to make some comments concerning the documents that
- 5 are already available in Khmer. So may I suggest that the Khmer
- 6 version is read out so that it can be translated into other
- 7 official languages?
- 8 And I think that these documents, whether it is obtained by the
- 9 NGO, it is part of the judiciary documents because it is
- 10 admissible and included in the case file. So the parties can
- 11 review these documents from the very beginning. So if they would
- 12 like to contest the documents that they would have done so during
- 13 the investigative phase when the documents have already been
- 14 forwarded to the Trial Chamber. So I think -- I think it is
- 15 admissible and that the Trial Chamber should read the Khmer
- 16 version then.
- 17 MR. PRESIDENT:
- 18 It is time to adjourn for lunch break. So we shall now have
- 19 lunch break and resume at 1:30.
- 20 [12:06:09]
- 21 May the detention facility quards take the accused back to the
- 22 detention facility and bring him here before 1:30, and all
- 23 participants and the audience also please come before 1:30.
- 24 THE GREFFIER:
- 25 Please stand up.

- 1 (Court recesses from 1206H to 1329H)
- 2 THE PRESIDENT:
- 3 The Court is now in session.
- 4 Next the Chamber would like to give the floor again to Judge
- 5 Lavergne to proceed. The floor is yours.
- 6 JUDGE LAVERGNE:
- 7 First clarification: For the time being the Chamber does not
- 8 intend to continue reading the statements collected by DC-Cam,
- 9 insofar as Mrs. Im Vorn and Ham In are concerned. It will render
- 10 a decision subsequently in regard to these documents. For the
- 11 time being the Chamber therefore requests the parties not to
- 12 refer to these documents.
- 13 BY JUDGE LAVERGNE:
- 14 Q.Now I would like to put some questions to the accused
- 15 regarding the end of M-13. Can you tell us when it was decided
- 16 to close down M-13? When this was closed down, what measures
- 17 were taken?
- 18 [13.36.01]
- 19 A.Your Honours, I still maintain the statement I reported to the
- 20 Co-Investigating Judges. On the 1st of January 1975 my superior
- 21 was busy fighting the last battle, that's why M-13 was working
- 22 without a superior so all the detainees were ultimately
- 23 interrogated but left enacted.
- 24 On the 17 of April I learned from the radio and I waited until
- 25 the 13th of April that when my messenger asked me to work with

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 57

- 1 Son Sen, then he asked me to report at M-13A when some detainees
- 2 were left and he said that some numbers of these people needed to
- 3 be smashed and some needed to be sent to the police office of
- 4 Sector 32. At that time I asked him to release Ham In but he
- 5 denied and I had to carry out the order to send Ham In to police
- 6 office Sector 32.
- 7 So the office of M-13A ended on the 30th of April 1975, so did
- 8 the M-13B, according to his order, but some of the detainees were
- 9 left. However, some of the staff of M-13A were asked to be kept
- 10 with me awaiting his order but staff of M-13B, all but Comrade
- 11 Sun, was allowed to come with me, the other person were asked to
- 12 send to the base because they were the people who belonged to the
- 13 Angkar at the base.
- 14 So the office closed down on the 30th of April 1975 and I was
- 15 given a Yamaha 80 after it closed -- 80 cc.
- 16 [13.39.23]
- 17 Q.What I suggest is that your statement before the
- 18 Co-Investigating Judges is read out and you will tell me, if you
- 19 please, whether you confirm what is contained therein. I am
- 20 referring to document D/70. In the French version this is page
- 21 3, ERN number 00185482.
- 22 THE PRESIDENT:
- 23 Could somebody provide the ERN numbers for the English and Khmer
- 24 versions?
- 25 THE ACCUSED:

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 58

- 1 ERN185467 at page 3 of D.70.
- 2 JUDGE LAVERGNE:
- 3 In English?
- 4 JUDGE CARTWRIGHT:
- 5 In English it's 00185473, the start of the document.
- 6 [13.42.33]
- 7 BY JUDGE LAVERGNE:
- 8 0.
- 9 I shall read the French. I hope there will be no problem with
- 10 the translation.
- 11 You say this:
- 12 "I was head of M-13 from the 20th of July 1971 to the 1st of
- 13 January 1975. I prefer to remain silent as to the rest."
- 14 So a question:
- 15 "You refer to the 1st of January, so you said you started working
- 16 from the 15th of August 1975 so you -- it means that your
- 17 activities continued after the 17th of April 1975?"
- 18 Your answer:
- 19 "Actually, M-15 did not exist as from the 1st of January 1975.
- 20 There were no more interrogations, execution, or arrival of new
- 21 prisoners. The prisoners were kept until the 30th of April at
- 22 which date Son Sen had the prisoners of M-13 be released and had
- 23 them -- the prisoners of M-13A transferred to Section 32 and had
- 24 some of them executed. From that date until 20th of July 1975, I
- 25 was unemployed. I moved about on my motorcycle. I should say

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 59

- 1 that at that time I was expecting a response for -- to my request
- 2 for transfer to the Ministry of Industry. In the end, the
- 3 response was negative. I asked the organization for
- 4 authorization to marry my wife. Angkar accepted, but did not set
- 5 a date for the marriage. My wife was delaying things because as
- 6 I was unemployed, she was worried that I would be arrested as an
- 7 intellectual and she was afraid of becoming a widow or being
- 8 arrested herself. In the end, we married on the 20th of December
- 9 1975."
- 10 [13.44.50]
- 11 "On the 20th of July 1975 you took part in an education session
- 12 and you took your -- took over your duties on the 15th of August
- 13 and a little later you say in response to the question to return
- 14 to your personal role in torture, do you maintain?"
- 15 "On the 30th of April 1975, how many prisoners remained in M-13?
- 16 How many were killed, how, and did you yourself organize the
- 17 transfer and the executions and did you participate?"
- 18 Answer:
- 19 "There were a few prisoners left; perhaps between five and 10 in
- 20 M-13A and a hundred or so in M-13B. As to the precise number of
- 21 those who were executed or transferred to Sector 32, I have
- 22 forgotten. I only remember that I'd asked for the liberation of
- 23 Ham In, but Son Sen refused and ordered his transfer to Section
- 24 32. I did not personally attend the executions. I had delegated
- 25 this task to Prak Meas. I add that everyday, I saw the detention

- 1 conditions in M-13 and that is precisely why I tried not to see
- 2 the detention conditions in S-21. Prak Meas was in charge of
- 3 detention conditions and executions at M-13A, whereas Pon was in
- 4 charge of interrogations. As for M-13B, Ho Kim Heng alias Sum
- 5 was its chairman. As for me, I supervised the whole."
- 6 [13.46.53]
- 7 Do you confirm what I said? Do you wish to make any comments?
- 8 A. Your Honours, I already stated in front of the
- 9 Co-Investigating Judges from the bottom of my heart to attest to
- 10 the truth or there is -- there is no -- nothing more than that,
- 11 but I may recollect that on the 20th of July, I received a letter
- 12 that was sent to me to attend a study session and -- but because
- 13 I received a notice from KW-08 that I would come to Phnom Penh on
- 14 the 23rd of June so I would say that I miscalculated the dates or
- 15 I came to Phnom Penh on the 20th of June 1975, not the date that
- 16 I state before the Co-Investigating Judges. So this is the
- 17 message I would like to correct. The rest of the statement still
- 18 true.
- 19 Q. So you do confirm that you took off your time after M-13 was
- 20 closed, moving about on your motorcycle?
- 21 A.I did not move about. I moved from M-13A to the office of
- 22 Seun Visot alias Kon. He was the brother of my boss so I waited
- 23 for hearing the decision from the superior.
- 24 I would like to state again I may made it rather fast, but this
- 25 time slower. When I got the motorcycle, I reported to the

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 61

- 1 Co-Investigating Judges that I moved around, but not -- there
- 2 were two main purposes from moving around. The first to -- we
- 3 thought the alias Khan, the brother of Son Sen and moved to the
- 4 secretary of Ponhea Leu district to wait to see the result of the
- 5 decision made by the Angkar to call me back to Phnom Penh.
- 6 That's all.
- 7 [13.48.54]
- 8 Q.Before this, were you told about the prospect of moving you to
- 9 Phnom Penh? Were you told that you might have a position to take
- 10 up later on?
- 11 A.I was not told anything after that. On the 30th of January,
- 12 things was organized and I was given a motorbike and I was asked
- 13 to wait to see what would happen in the future. So I had not
- 14 known anything about what would happen. The special -- people at
- 15 the special zone, at that time, came to Phnom Penh. People at
- 16 the hospital came to the hospitals and people from Sector 15 also
- 17 left the area so I was frustrated and I did not know where I
- 18 should go. I had nothing to do but to wait for the order from
- 19 the upper echelon.
- 20 Q.Last question: Was there a return to M-13 in 1979?
- 21 A.When I fled, I stayed at my wife's house for some days --
- 22 about a fortnight or a month -- before I got to my former place,
- 23 the office of M-13A to temporarily stayed at that location, it is
- 24 true.
- 25 Q.Did anything of note happen when you returned to M-13A?

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 62

- 1 A.At that time I did not do anything. I asked for the
- 2 permission from Brother Pol, the deputy secretary of the West
- 3 Zone, so that I could take a refuge and be fed.
- 4 MR. PRESIDENT:
- 5 Is there any other judges of the Bench who would wish to ask
- 6 further questions regarding M-13? The floor is yours.
- 7 BY THE PRESIDENT:
- 8 Q.Mr. Kaing Guek Eav, we would like to know something to clarify
- 9 M-13's character. You said -- you talked about how interrogation
- 10 was carried out at the Security Centre of M-13. Could you please
- 11 repeat how many methods were used in torturing the detainees at
- 12 M-13?
- 13 [13.54.33]
- 14 A.The interrogations at M-13, as I already reported to Judge
- 15 Lavergne this morning, anyone that I noted that should be
- 16 released then I would ask -- interrogate a person personally
- 17 without any tortures. But for those I believed that could not be
- 18 released, then I asked my staff to interrogate -- or I started
- 19 the interrogation at the beginning and leave the rest of the
- 20 investigation to my guards.
- 21 I can say that anyone that we would like to release, then we
- 22 would introduce what we called a chewing interrogation technique.
- 23 And we rotate -- the technique is rotated, or was rotated.
- 24 Q.Could you please tell us, the Court, about the torture
- 25 techniques introduced at M-13, the overview of the torturing

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 63

- 1 methods? What were they?
- 2 A.The forms of torturing: in general detainees were beaten with
- 3 tree branches available from the nearby location, and in
- 4 particular there was another form of torturing when we would like
- 5 to ask about -- for the weapon, then the detainees or victims
- 6 were tied to a pole, apart from one another, so that they could
- 7 not communicate with each other. And once I tried to force the
- 8 detainees to take a bath in the river and then stood in the open
- 9 space, I mean exposed to the wind.
- 10 [13.57.24]
- 11 So when I talked about this then Comrade Bun recalls also the
- 12 torturing technique when the detainees were poured with cool
- 13 water and then the fan was turned on to dry that detainee.
- 14 Regarding the lit torch, this incident happened only when Comrade
- 15 Pol reacted strongly and he punched Comrade Meas. So that's only
- 16 a single incident.
- 17 Q. The torturing techniques, were they trained -- were you
- 18 trained of the techniques or these techniques were improvised by
- 19 you yourself at M-13?
- 20 A. The training on how people would be tortured were never done.
- 21 But I would like to tell you that we heard -- when I was a
- 22 detainee I heard of the tortures inflicted on the Khmer Rouge,
- 23 that some of the torturing techniques could not be applied
- 24 because when a detainee was covered with a scarf and then water
- 25 would be poured on that detainee, because I could not apply such

- 1 technique when we could not find any scarf to do so.
- 2 And like this morning, I already talked to Judge Lavergne, one
- 3 would asked us to apply a technique, a torturing technique by
- 4 covering a detainee with a plastic bag until he or she
- 5 suffocated. So this another kind of torturing technique that I
- 6 could not really apply.
- 7 [13.59.32]
- 8 So in conclusion, the techniques -- the torturing techniques were
- 9 introduced here for -- influenced from the techniques at the
- 10 police jail regarding the police -- National Police Comrade Hum
- 11 who beat Comrade -- the comrade in my former detention facility
- 12 when I was detained.
- 13 I even -- you know, I was told that I should check the pulse of
- 14 the detainee to see whether the person did tell the truth or not,
- 15 and if I could not find the pulse then we should beat that
- 16 detainees.
- 17 Normally, the torturing techniques were designed or improvised by
- 18 me myself. As I reported -- responded to Judge Lavergne
- 19 yesterday, I never worked as the police, but Brother Chhay Kim
- 20 Huor said that torturing technique was about secrecy, so no-one
- 21 was taught outwardly. So since you worked to protect the
- 22 liberated zone then you had to apply such techniques.
- 23 Then I was convinced, however, that I apply and carry out such
- 24 techniques. However, those techniques were not introduced by the
- 25 superior or upper echelon. I myself created such techniques and

- 1 I accept those kinds of brutal crimes.
- 2 Q.Could you please clarify to the Court the establishment of
- 3 M-13 because there were two levels, M-13A and M-13B.
- 4 So during the operation of the offices from the beginning until
- 5 it closed, whether there were any transfers of detainees from
- 6 M-13A to M-13B or other way round? If it happened, how many
- 7 detainees were transferred as such?
- 8 A. Your Honour, the transfer of detainees from M-13A to M-13B
- 9 never took place, because M-13B was reserved for detaining Khmer
- 10 people who committed some wrongdoings, but, temporarily, before
- 11 they were later on released. So only when detainees at M-13, who
- 12 were spotted as being enemies, that could be sent to M-13A but it
- 13 was a rare case. I cannot recall all those events, whether
- 14 detainees were sent from M-13B to M-13A, but there -- there was
- 15 an event, but, from M-13A to M-13B, there was none.
- 16 [14.03.10]
- 17 Q. The techniques in torturing, and the methods of torturing,
- 18 were they ordered by you, and did you maintain the practices of
- 19 such torturing at S-21?
- 20 A. Your Honours, the torturing methods, since I started working
- 21 as the Chief of S-21, I instructed my subordinates to apply such
- 22 techniques from my knowledge of the tactics or the method from
- 23 the previous location. Nat, my boss, appoint, or assign to me,
- 24 to train people who interrogate detainees, those who were not the
- 25 former cadres of M-13, but I did teach them how to interrogate

- 1 detainees, it's true.
- 2 However, regarding the detention method, the smashing method, and
- 3 how to receive detainees, these were the special techniques of
- 4 people from Division 703, so these techniques were the legacy of
- 5 the police office of Division 703, that were later on integrated
- 6 to be applied at S-21.
- 7 And we had to write down, to annotate the document which is --
- 8 which was my exclusive task. So the task of the Division 703 was
- 9 to detain, to arrest, and to smash. So these were the tactics,
- 10 the techniques, left over from Division 703, and the other
- 11 techniques were left over from M-13.
- 12 Q.In your recent statement on October 2007, you said you
- 13 released eight detainees, but this morning you corrected the
- 14 version to 10 people, and, among them, there was an international
- 15 journalist who was released.
- 16 [14.06.09]
- 17 Could you tell the Court why that international -- that
- 18 journalist was released? What was the reason behind the release
- 19 and, when he was released, did you send him -- give him some
- 20 document to Phnom Penh?
- 21 A. Your Honour, the journalist was detained at M-13, in his
- 22 capacity as a researcher, the person -- the person who conducted
- 23 a research about Angkor, so he was arrested at Vat. When he was
- 24 sent to M-13, I was shocked -- or we were shocked.
- 25 However, the story of the three people, one French, two

- 1 Cambodian, was beyond my competence, so I could only inform to my
- 2 boss, Vorn Vet , that these people were not CIA agents, they were
- 3 really researchers. When I talked about this, my boss laughed at
- 4 me and he said that why I was scared of the French power? You --
- 5 he said that I was afraid of the CIA agent, and he asked me to
- 6 interrogate them. And I told him that I was not in the position
- 7 or my -- it was beyond my capacity to interrogate them, so I
- 8 would only ask them to write down some kind of agreement or
- 9 contract, so these researchers were asked a few times, and then I
- 10 reported to the boss. And later on, many months later, the upper
- 11 echelon made the decision to release them, and I did not know
- 12 when he -- they were -- decided to release.
- 13 And when I was working, Ta Mok, whose house was close to my
- 14 location, send a messenger to call me, and then he asked me,
- 15 "Duch, don't agree to release that researcher and the other
- 16 people -- poor; you have to contest, "he told me. And I did not
- 17 say anything. Then, later on, Bon Huon, Brother Vorn, came and
- 18 asked what happened. And then I told him that Brother Mok asked
- 19 me to come to talk about the release of those researchers who
- 20 were accused of being the CIA agents.
- 21 And then, when Brother Vorn came in, Ta Mok was having his meal,
- 22 and then three of us sat down in a house nearby, and then that
- 23 French man was accused of being a CIA agent. So I was surprised
- 24 why Ta Mok said that, but Ta Mok said that he was not a CIA
- 25 agent, so, "Duch, you can release him."

- 1 Then Brother Vorn said that the guy was not CIA, and then, Ta Mok
- 2 change his mind. He said that, "Okay, please release him." So
- 3 on that day, during the party that the Standing Committee of the
- 4 zone, chaired by Ta Mok, that we provided an open document
- 5 concerning the political program to Francois Bizot. The document
- 6 was given to the person by hand, and there were some photos --
- 7 photos of Hou Yun, no photos of Khieu Samphan I did not
- 8 remember, were given to that researcher, but only the Frenchman
- 9 was released, that the two Cambodian people were still kept under
- 10 detention, that's all.
- 11 [14.11:26]
- 12 MR. PRESIDENT:
- 13 The Trial Chamber has no more questions now. It is time for the
- 14 parties to ask questions, should they wish, and I would like to
- 15 give the floor to the Co Prosecutors who may wish to ask or put
- 16 any questions to the accused. The floor is yours.
- 17 MS. CHEA LEANG:
- 18 Thank you, Mr. President and Bench, for giving the opportunity
- 19 for the Co Prosecutors to put some questions to the accused. We
- 20 may not have a lot of questions because we have observed closely
- 21 the questionings of -- through the last two days, but we have two
- 22 small questions.
- 23 [14.12:17]
- 24 QUESTIONING BY THE CO-PROSECUTOR
- 25 BY MS. CHEA LEANG:

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 69

- 1 Q:The first question, the Co-Prosecutors would like to know the
- 2 number of staff who worked at M-13 including the interrogators,
- 3 the guards and the messengers or the medics or the cooks if they
- 4 existed. So this is question number one.
- 5 Question number two; it is related to the question raised by
- 6 Judge Lavergne, in the morning, and just now the President also
- 7 repeated the question concerning the forms of interrogations.
- 8 The accused detailed the information and he said that the
- 9 interrogation took place in the form of cool method and chewing
- 10 method. So the Co-Prosecutors would like to know in case a
- 11 detainee was inflicted, the torture, for example, by way of
- 12 chewing method or cool method.
- 13 But still, the detainee did not confess fully what would be the
- 14 alternate method introduced to -- to be inflicted on that
- 15 particular detainee.
- 16 Also, I would like to ask you for confirmation regarding the
- 17 torturing techniques, whether the accused used any weapon in the
- 18 techniques of torturing at M-13. So these are the two questions
- 19 we would like to ask to the accused. Thank you.
- 20 A: Your Honour, sorry, Mrs. Co-Prosecutor, when you mentioned
- 21 about weapon, what kind of weapon do you mean; guns or other
- 22 forms of weapon, because you asked me whether I used a weapon or
- 23 not. I would like to know what kind of weapon; it's a kind of
- 24 knife or explosive devices?
- 25 MR. PRESIDENT:

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 70

- 1 The floor is yours, the Co-Prosecutor.
- 2 [14.14.18]
- 3 BY MS. CHEA LEANG:
- 4 Q: Weapons here mean guns, not a machete or sword. Thanks.
- 5 A: Your Honours, and the prosecutors, first I would like to tell
- 6 you about the staff at M-13. We had a very few number of people
- 7 there. I think approximately 20 people; one cook only, the wife
- 8 of KW-08 who was the cook who cooked for the staff and for the
- 9 cadres and I did not remember who I was assigned to cook for
- 10 other people.
- 11 However, I would like to emphasize that people -- the staff at
- 12 M-13A comprised of few numbers but I recruited people from the
- 13 commune to be used -- to be assigned some tasks and if I learned
- 14 that they could not help us then I would send them back to the
- 15 commune.
- 16 So I think there were about 17 people. I think the highest
- 17 number would be just 20 people, including young and adult staff.
- 18 And I could identify who belonged to my M-13 Office, whether they
- 19 were my former staff or not.
- 20 Regarding your second question; if the cool method of torture and
- 21 the chewing method was used but detainee still did not confess
- 22 then I would wait until I got something else from the upper
- 23 echelon before further method would be introduced. I would like
- 24 to emphasise that the confession, whether taken by any other
- 25 means, it is not 100 percent true but I know that when a torture

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 71

- was introduced it's brutal.
- 2 When we used the cool or gentle torturing methods, for example,
- 3 like TC-1, when he was released, then another example of cool
- 4 method introduced was when witness KW-30 was released. To me,
- 5 when a person was beaten even once then it was not good. So
- 6 people who were released had been questioned by way of cool
- 7 techniques. The other people were not lucky to be -- to receive
- 8 such techniques because after all, they would be smashed, as the
- 9 order by the upper echelon.
- 10 [14.18.31]
- 11 Q: May I be permitted to proceed to another question because the
- 12 accused said that the people were taken out? Taken out here
- 13 means a release or taken away to be killed? I think you may
- 14 answer this question before I may ask another.
- 15 A:I would like to frankly tell you, the Co-Prosecutor, that when
- 16 the person is taken away it's not mean -- it doesn't mean that
- 17 the person was released; it was -- he or she was smashed. So if
- 18 we say released, like TC-1 or KW-30, it means that the persons
- 19 were released, to go home and to settle down in their home town.
- 20 Q: May I be permitted to ask another question? This question
- 21 related to the matter this morning, as expressed by the accused,
- 22 because when he mentioned about the pits, the two metre deep
- 23 pits, so according to the statement of the accused, no one died
- 24 in that pit.
- 25 [14.30.01]

7/04/2009 Page 72

- So my question is to know the event when there was a flood,
- 2 whether the flood took was -- happened at night or during the
- 3 daytime?
- 4 A: Thank you for your seeking for clarification. The flood came
- 5 at about 9:00 a.m., in the morning, and it was so fast, about one
- 6 hour and the water level reached one metre. At the beginning I
- 7 thought that it was just a minimal flood but combined with the
- 8 rainfall, the heavy rainfall, then the water increased so quickly
- 9 that I rushed to transfer the detainees from the pits. So the
- 10 flood took place in the daytime.
- 11 Q:I may link to this question because having listened to your
- 12 statement concerning the flood at 9:00 a.m., that the current was
- 13 quick at that time that even escaping such, the flood was almost
- 14 impossible.
- 15 I would like to know the rescue method. How could you manage to
- 16 rescue the people in the pits? Because you said that the people
- 17 did not die but you said the flood current was fast-approaching.
- 18 [14.21.14]
- 19 A: The flood came to the pits, when it was at the level of the
- 20 waist I said that, well, maybe later the water level would
- 21 increase to the neck level. It was true after all, and then I
- 22 asked my guard to transfer the detainees to an upper -- a higher
- 23 ground.
- 24 And then when later on we moved them to another location,
- 25 crossing Trapeang Chrap because we wait until Trapeang Chrap

- 1 river receded, that we could even cross to the other higher
- 2 ground.
- 3 At that time, the whole day we did not eat because we were faced
- 4 by the event and the pigs, the goose all floated away from the
- 5 location.
- 6 THE PRESIDENT:
- 7 Next we would like to give the floor to the international
- 8 Co-Prosecutor.
- 9 MR. PETIT:
- 10 Thank you, Mr. President.
- 11 BY MR. PETIT:
- 12 Q.I'll try to be brief and perhaps some of these questions were
- 13 answered in Khmer but I think we might have missed some in the
- 14 translation, so with your indulgence; and as a prime example, if
- 15 the Khmer version is correct, the three children that the accused
- 16 says he attempted to raise eventually died. Is that correct?
- 17 [14.24.00]
- 18 A. Thank you, Mr. Co-Prosecutor for asking this question. I
- 19 remember this for the rest of my life. It was my deed to save
- 20 the life of the children but later on I could not contest the
- 21 upper echelon that these three children would take revenge at a
- 22 later stage. I attempted to raise these three children, the
- 23 children of the detainees and later on I was shameful actually --
- 24 it was a shame because I noticed that children were also raised
- 25 at the other location.

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 74

- 1 Q.Perhaps my question wasn't clear. So the three children
- 2 eventually died, yes or no?
- 3 A.These three children died of a disease. They were swollen.
- 4 And through my analysis I think those three children lacked
- 5 sentiment, lacked care, because food alone was not enough,
- 6 because I raised the three children at the same time when I
- 7 raised the children of KW-08 and at night these children would
- 8 stay with their parents but in the daytime they would stay with
- 9 me.
- 10 So in my point of view, to feed -- to raise children we had to
- 11 care for their food and also our relation with them, giving them
- 12 some kind of warmness. So I -- that's why my superior challenged
- 13 my attitude to raise these children because these children would
- 14 take revenge at a later date if we did not raise them properly
- 15 and they were left swollen to death.
- 16 [14.26.24]
- 17 Q.I simply pointed out that question as an example of a lack of
- 18 English translation. Yesterday the answer as to the fate of
- 19 children was not translated into English. So that's -- that is
- 20 why I have already asked leave of this Court if I go over some
- 21 topic that may appear to have been covered but probably in only
- 22 one language.
- 23 Now, could you clarify for me and for this Court, the date
- 24 approximate or exact as to the different installations or
- 25 iterations of M-13; when did you move from one location to the

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 75

- 1 other? I think that might be relevant considering some of the
- 2 guards that will testify have only been at certain period of
- 3 time.
- 4 So could you indicate to this Court, because again I don't think
- 5 -- at least in the English version -- this was made clear, when
- 6 M-13A moved from location, those three times or two times?
- 7 A.M-13A was located at TClcourt, Anlong Veng from the beginning
- 8 of its establishment. I think I may say that after its
- 9 establishment. It was located at that location until February of
- 10 1972. We moved to find the bright and light location because we
- 11 noticed that at that location it was a lack of sunlight and the
- 12 sanitation was bad; detainees died of that kind of condition
- 13 that's why we tried to relocate to that location. It was Ta Liev
- 14 or Tuol Svey Meas. It's close to Pis Mountain in Amleang
- 15 Commune.
- 16 We stayed there for -- up until June -- sorry -- March or April
- 17 of 1973 when there was a fighting at the office then I ran -- we
- 18 relocated to another location temporarily only to do the farming
- 19 in Prek Village for just one or two months then Ta Mok asked us
- 20 to leave to move to Trapeang Chrap location. So there was three
- 21 main locations. Some locations we stayed for long but some for
- 22 only one or two months.
- 23 [14.27.39]
- 24 Q.So do I understand, therefore, that the final location was
- 25 from approximately, let's say, June '73?

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 76

- 1 A.Yes, that's correct. It was in 1973, about April or June,
- 2 until its ending.
- 3 Q.Now, if I understood correctly your testimony this morning,
- 4 during its operation -- again, correct me if I misunderstood --
- 5 that 20 to 30 detainees could be brought, on average, everyday to
- 6 M-13 during its operations. Is that correct?
- 7 A.Saying that 20 to 30 people were sent to M-13 a day was not
- 8 true, only a few -- you know, one or two detainee would be sent
- 9 once in awhile, and detainees were sent en mass only during the
- 10 fall of Oudong and these people were sent almost temporarily
- 11 because they stayed at that location before they were dispatched
- 12 to other locations.
- 13 So I noticed that there was another arrest from Santi Samporn.
- 14 About 30 people were sent all together at one time but only six
- 15 or seven of them were left at the M-13 while the rest were sent
- 16 to Battambang. So it is not correct that 20 to 30 detainees were
- 17 sent in a single day.
- 18 [14.31.58]
- 19 Q.Well, perhaps we'll let the record and the translation correct
- 20 this. So on average one or two a day would be typical; correct?
- 21 A.Maybe there is a loss in translation again. It is only once
- 22 in awhile, like after 10 days there would be one or two detainees
- 23 so -- and then it took a long while before more detainees were
- 24 brought in.
- 25 Q.Do you recall ever whole families being brought to M-13:

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 77

- 1 parents, children, grandparents; the like? Has that ever
- 2 happened?
- 3 A.Yes, it was true that the whole family from Chuong Village who
- 4 came to M-13 for a few months, then they were sent to another
- 5 location. So these people came in, the whole family, but there
- 6 were no children, they were adult, and later on they were sent to
- 7 Battambang. Well, some were sent to Battambang. The rest were
- 8 smashed. The son of commune -- former commune chief, Mr.
- 9 Phoeung, was smashed.
- 10 [14.34.04]
- 11 Q.Now, I submit that in order for you to do your job properly,
- 12 you must have been sent or given some information about the
- 13 detainees, their alleged crimes or failings, so as to be able to
- 14 put the right questions to them and be able to judge their
- 15 answers. What type of informations did you have when detainees
- 16 got to M-13, in what form?
- 17 A.I would like to frankly tell the Co-Prosecutor but I probably
- 18 do not understand the full meaning of your question. Could you
- 19 please repeat it?
- 20 Q.What did you know about the people who were brought to you
- 21 when you -- when they reached M-13? Were you given a document
- 22 about those people that said their crimes? Were you informed by
- 23 whoever brought them to you? What information did you have about
- 24 the detainees so that you could properly interrogate them to do
- 25 your job?

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 78

- 1 A. The people who were sent were tipped off by the upper echelon
- 2 but not by way of writing because sometimes detainees came to my
- 3 location, then they were interrogated. Then I would report to
- 4 the superior to see their ideas. Practically, when Hâm In was
- 5 brought in, there were five people who were brought in at that
- 6 same time. And after interrogating them I noticed that -- I
- 7 would ask for clarification because I knew that these people were
- 8 not the real people to be arrested because they were artists or
- 9 musicians, because they -- during their performance they might
- 10 conduct what we call a propaganda that affected the -- then
- 11 because in their play or their performance it affected the party.
- 12 That's why the base people arrested them and sent them to us
- 13 without giving any detailed information. Then I, after
- 14 interrogation, I sought advice from the superior because we did
- 15 not get much information yet.
- 16 [14.35.35]
- 17 For Khun (phonetic) I did ask my subordinate to inflict torture
- 18 on him but the other three women were not experiencing the same
- 19 thing.
- 20 Q.So is it your testimony that detainees were simply brought to
- 21 your location and that you would have no information about them
- 22 before you started torturing them and interrogating them?
- 23 A.Normally I could get some information before they were sent,
- 24 for example, the commune chief of -- Aboh (phonetic) commune
- 25 chief. Then I would be given some brief information to

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

7/04/2009 Page 79

- 1 interrogate that particular detainee -- so verbally. But for
- 2 detainees from the southwest the information I obtained was less
- 3 than I got from this location.
- 4 Q.So how would that information be given to you? Would
- 5 detainees show up with a document or would you be informed by any
- 6 other means? How would you get that information when you did?
- 7 A.People from the special zone would be told by my -- my boss
- 8 told me directly something -- told me about this information.
- 9 For people from the southwest they would be interrogated first.
- 10 Then I would ask -- would ask my superiors more about them, but
- 11 sooner or later I would be told about the detainees, but in
- 12 general, as a principle, detainees who were brought in must be
- 13 shackled, especially people from the southwest. But people from
- 14 the special zone were -- I would be told to be prepared to ask
- 15 some particular detainees and then leave some detainees to be
- 16 interrogated at a later date from my superior.
- 17 [14.39.51]
- 18 Q.Would you then receive that -- those instructions or that
- 19 information via documents or via live communication or through
- 20 the phone? How would you get that information about the
- 21 detainees that were sent to you?
- 22 A.Normally by verbal communication because when he told me then
- 23 I would record in the book. There was no telephone. There was a
- 24 TEO, in French, which is a radio used for the military only. So
- 25 having heard from that way of communication I would record his

- 1 instructions.
- 2 Q.So again, to make sure, you would meet with Son Sen or
- 3 possibly other superiors and you would take down in a book the
- 4 information about detainees that were either already at M-13 or
- 5 would be sent to you. Is that correct?
- 6 A.The people that would be sent that I could get information,
- 7 but for Son Sen he only gave me some information regarding the
- 8 person to be sent.
- 9 Q.I'm sorry, but I think it's a simple question. You would
- 10 consign in a book the details of these people to have a record,
- 11 right, to create a record of these people; yes?
- 12 A.When I was told by the superior I would record in the book
- 13 because during the interrogation I would write in a piece of
- 14 paper, as I already told Judge Lavergne. There was a piece of
- 15 paper that I could write on with a pencil at that site. I used a
- 16 pencil to record the confession and then I would send these
- 17 pieces of paper to my superior but the instruction from the
- 18 superior would be recorded in another separate book.
- 19 [14.42.29]
- 20 Q.Okay. Then how often would you report on your interrogations?
- 21 How often would you give the confessions to your superior and in
- 22 what way?
- 23 A.For all the people from the Southwest Zone it was easy to find
- 24 him, Mr. -- Brother Si, or Chou Chet. I could meet him any time
- 25 to report the information, but my superior teacher, Son Sen,

- 1 normally he would assign his messengers to come and -- or to come
- 2 to collect that report or ask me to meet him. For Son Sen, his
- 3 work was meticulous because when I was at his location he would
- 4 not allow me to be in unless his guards were not in the location.
- 5 Q.Did you ever report to Chhay Kim Huor about some confessions
- 6 of prisoners?
- 7 A.Brother Kim Hour was the spokesperson for the Southwest Zone
- 8 regarding the receiving people. So regarding the receiving of
- 9 people then he can report -- he can talk to me, but when it comes
- 10 to the arrest I did not report to him but to Chou Chet, alias Si,
- 11 or Huot Heng, alias Pal, because Chhay Kim Huor was not entitled
- 12 to receive the confessions, except Teacher Son Sen and Vorn Vet.
- 13 Q.So therefore it is correct to say that it is at M-13 that you
- 14 started the system of keeping records of prisoners and
- 15 confessions. Is that correct?
- 16 A. The system of recording confessions, I don't understand the
- 17 term clearly. Could you please explain what you call the system
- 18 of recording the detainees' entrance in three, for example? I
- 19 just don't get the full message of the terms, the expression.
- 20 MR. PRESIDENT:
- 21 Could you please rephrase your question because your last
- 22 question makes the accused feel unsure to answer?
- 23 MR. PETIT:
- 24 Mr. President, I was waiting for the accused to turn off his
- 25 microphone because I don't know when he's finished otherwise.

7/04/2009 Page 82

- 1 [14.46.27]
- 2 BY MR. PETIT:
- 3 Q.My question I'll rephrase. Is it then correct to say that it
- 4 is at M-13 that you started to write down on paper information
- 5 about detainees, their entrance, their smashing, and to write
- 6 down confessions? I think it's quite a simple question. Is it
- 7 accurate to say that it is at M-13 that you started the system of
- 8 writing down this information?
- 9 A.The record of the people who entered at M-13 must be made when
- 10 they came, but when they were smashed the list would also be
- 11 smashed or destroyed. So this is one part. I don't know what
- 12 would it be in the scientific language, but normally when the
- 13 people came then I would interrogate them and then report to the
- 14 superior. So this is the practice. And after the confessions
- 15 were sent to the superior and the detainees were smashed then the
- 16 documents were also destroyed.
- 17 Q.Why destroy the documents?
- 18 A. There was no instruction to keep such document. Because when
- 19 the person was already smashed there would not be any interest to
- 20 know about that person, because when the person was smashed the
- 21 duty already completed, or the mission is accomplished.
- 22 Q.So therefore you had no way to prove to your superior, other
- 23 than your word, that you had indeed carried out their orders. Is
- 24 that what you're telling this Court? Because if those records no
- 25 longer existed it's your word; correct?

- 1 [14.49.10]
- 2 A.Regarding the evidence to prove the superior that someone was
- 3 smashed, there was no other form of evidence, that is true. So
- 4 far as I can recall, the upper echelon trusted me because I was
- 5 very sincere, because when the person managed to escape I told
- 6 them he or they escaped, so I just talked the truth. So I did
- 7 not show any sign that -- to make the superior feel suspicious
- 8 towards me, so I think because I was trusted.
- 9 MR. PETIT:
- 10 Mr. President, I have about three or four questions but if you
- 11 want to carry on after the break it's entirely fine with me, of
- 12 course.
- 13 MR. PRESIDENT:
- 14 I think we should now take a break for 20 minutes and the
- 15 Co-Prosecutor can proceed with the questions. So please take a
- 16 20 minutes' break.
- 17 (Court recesses from 1450H to 1516H)
- 18 MR. PRESIDENT:
- 19 The Trial Chamber declares its resumption of session and I would
- 20 like to give the floor to the Co-Prosecutors to continue posing
- 21 questions to the accused.
- 22 BY MR. PETIT:
- 23 Q.Again, correct me if I'm wrong, but if I understand your
- 24 testimony and your comment just earlier to my question, you said
- 25 you would frequently travel to Comrade Si's location to seek

- 1 instructions or to report on the confessions, to interact with
- 2 your comrade. You would often travel because he was close by;
- 3 correct?
- 4 [15.17.48]
- 5 A.I had to meet the superior. It is important for me to do so.
- 6 Now, to avoid any incidental facts that come over on my part, and
- 7 if you compare to the Southwest Zone, Chief Ta Mok, who was the
- 8 superior of Brother Si, who most often went to the battlefield
- 9 and they met from time-to-time. Brother Si is always stationed
- 10 at the same time. It was close to M-13; it was about 10
- 11 kilometre that I can travel by bicycle. So I went to see him
- 12 more often and he had no serious, urgent (inaudible), so if I
- 13 have anything urgent I went immediately and I can see him there.
- 14 Q.And how often would you say you would travel out of M-13 to go
- 15 meet with Comrade Brother Si? How often a week or a day?
- 16 A. Sometimes one week and sometimes 10 days, and it's not less
- 17 than that, so five days or one week I met him once. Sometimes
- 18 there were some people from the Southwest Zone and I went there
- 19 once a month. It depends on the people sent from the Southwest
- 20 Zone to my place.
- 21 Q.Okay, so you would also have to travel to Ta Mok's
- 22 headquarters to meet whenever there was prisoners from the
- 23 Southwest Zone that were sent to M-13? Is that what -- your
- 24 testimony?
- 25 [15.19.49]

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 85

- 1 A.Ta Mok before 1973, he was not always at the place, but later
- 2 he stayed in the south and always went to the battlefield, and he
- 3 never allowed people from M-13 to see him easily, and how we
- 4 should make the urgent appointment and came on spot. So I rarely
- 5 met with Ta Mok, so I was at M-13 I met him about four or --
- 6 three or four times. Let's say 10 times, 10 meetings.
- 7 Q.Ten meetings during those four years of your tenure. Is that
- 8 your testimony?
- 9 A.Yes. I met Brother Mok only in those meetings, rarely.
- 10 Q.And again if I (Recording malfunction) your testimony
- 11 accurately, you would also travel every week, I believe, to meet
- 12 with the zone's other cadres. Is that correct? Every week I
- 13 think you said, or every two weeks.
- 14 A.In principle with the Southwest Zone, as I told you, the
- 15 prosecutor, when there was people sent sometimes I went there
- 16 every five days. It depends on my report and my consultation,
- 17 but no longer than 10 days. But when there was no people sent
- 18 sometimes of several months, then I have a meeting. So it
- 19 depends on the people who are sent, so some sent sometimes when
- 20 there were people sent from different zones, so he made the
- 21 appointment and he told me to see him then.
- 22 Q.So is it your testimony now that there was no regularly
- 23 scheduled meetings with the zone authorities? There was no
- 24 regularly scheduled meetings? You understand my question?
- 25 Yes, there was no regular appointment so it depends on the task

- 1 in my hand that they assign me to interrogate the inmates.
- 2 Q.You also testified that you would go and -- yourself, recruit
- 3 the proper class of staff, young people, into the communes, to
- 4 bring to M-13 to be staff. Is that correct?
- 5 [15.22.47]
- 6 A.No, I did not go personally; I communicate with my senior
- 7 staff -- my old staff to find the people. When I get the name I
- 8 propose to the superior and I get their approval. But it is my
- 9 initiative and my staff would come to the place and he get the
- 10 name and when I get the agreement from the recruitment -- the
- 11 staff, and I propose to the senior; this is correct.
- 12 Q.But then your staff would have to bring you more than just the
- 13 names correct, to know that these are the right people? They
- 14 would have to bring you more information than just the names;
- 15 correct?
- 16 A.I would like to confirm. Before I make the proposal I need to
- 17 have the consent with my existing staff; I need to know how their
- 18 class, the poorest class, they have no problems and when I
- 19 thought it is suitable I propose to the superior. So it is only
- those document.
- 21 But for those who were included in the list, sometime when I
- 22 observed that they are not to be a good staff and I try to find
- 23 any justification to send back home. For example, KW-30, he was
- 24 working with me; he's a small man but he is a little bit bad
- 25 tempered and I tried to find a way and send KW-30 to go home --

- 1 to go back home.
- 2 Q.Do you recall as well that you -- at least on some occasion --
- 3 met with the chief of the village or the villages surrounding
- 4 M-13? You travelled to the villages to speak to the authorities
- 5 there. Do you remember that?
- 6 A.I also -- with the village chief and village community of
- 7 Amleang we were close to the father of KW-30, also meet and we
- 8 are friends -- close friends.
- 9 [15:25:51]
- 10 I would like to further inform you, I have the godparents in
- 11 Amleang, there.
- 12 Q.Okay, so you would also travel to Amleang and other villages,
- 13 sometimes; is that correct, for whatever purposes?
- 14 A.I went there with other houses, in other villages, in the
- 15 vicinity in normal friendships; yes.
- 16 Q.And when you would be leaving M-13 or itself, who would be
- 17 left in charge? Who would you leave in charge?
- 18 A. When I was away from M-13 to work in general I assigned two
- 19 staff; one Comrade Pun, another one KW-08 who was in charge of
- 20 people from fleeing.
- 21 Q.Did it happen that during those travels you would stay
- 22 overnight, away from M-13? These are not necessarily just going
- 23 and coming same day but sometimes overnight; correct?
- 24 A.If it is true when Brother Horn was at an office and Peam,
- 25 when Brother Vorn was there, when I was working with Son Sen I

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

- 1 never spend overnight at the village; I need to return to M-13.
- 2 So with teacher Son Sen the matter was different between Vorn Vet
- 3 and Son Sen.
- 4 Q.So, if I understand correctly, yes, it did happen that
- 5 sometimes you went away from M-13 and stayed overnight,
- 6 somewhere, for whatever reason; correct?
- 7 [15:28:36]
- 8 A:Yes. When I was working at M-13, when I spent overnight
- 9 outside.
- 10 Q.And if I understood your testimony just a while back, at M-13
- 11 you had no means of communication; right, no radio, no telephone,
- 12 nothing like you had at S-21; correct?
- 13 A.Yes, it is certainly correct.
- 14 Q.And to travel -- when you had to travel you just said you had
- 15 a bicycle. Did you have other means of transportation? For
- 16 example, when you went all the way to the Southwest Headquarters
- 17 how did you get there?
- 18 A. From the beginning I had only a bicycle but after the fall of
- 19 Oudong my superior gave me an old motorbike. And later, on the
- 20 30th of April, he gave me a motorbike, it's not a CL 90 cc, it
- 21 was a PC motorbike. So the mean of transport is changing from
- 22 bicycle to an old motorbike and later to a Yamaha 80 cc.
- 23 Q.And remind us again how it is that you could, yourself, travel
- 24 within the zone freely? Did you have any special pass that
- 25 authorize you to travel or were you just relying on your

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

- 1 notoriety, shall I say?
- 2 A.Travel permit, we had to have one. We have travel permits.
- 3 It was issued by Office 303, and another one issued by 201. It
- 4 is my travel pass in the Special Zone, was issued by Office 305
- 5 and later it was issued by Brother Chhay Huor. And as for the
- 6 Southwest Zone travel, I had to have the permit issued by Office
- 7 201.
- 8 We had to have that permit but after a long time people get to
- 9 know me and no one would search me. Ros Nhim was there, know me
- 10 well and he did not search me any longer.
- 11 [15:32:19]
- 12 Q.So after a while your travel would not have aroused any
- 13 interest; you would be let to travel freely because everybody
- 14 knew you. Is that what you're saying?
- 15 A.I would like to reaffirm to the prosecutor that those who know
- 16 me, it's only those who live along the road, to some round
- 17 station to Oudong. So if I travel in a different road I would be
- 18 stopped and searched.
- 19 Q.And that is why you needed your permits; is that correct, for
- 20 those people who didn't know you?
- 21 A.If we travel on a road that people a stranger to us, we need
- 22 to present our permits.
- 23 Q.To get back to the purpose of M-13, and again perhaps the
- 24 translation failed me, but is that your testimony that during
- 25 your four years of being the head of M-13 you remember torturing,

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 90

- 1 yourself, only two people? You said at least two people. During
- 2 those four years you tortured only two people? That's your
- 3 testimony? Tortured personally.
- 4 A.I personally tortured, yes, at least two. I did not remember
- 5 others. And for these two I remember the details. If you would
- 6 like to hear the detail I can do that, but for others I do not
- 7 remember at this time.
- 8 Q.So it's possible that during those four years you tortured
- 9 more than two people but you don't remember? Is that your
- 10 testimony?
- 11 A.Yes, it's true.
- 12 [15.35.07]
- 13 Q.And this morning Judge Lavergne asked you what I thought was a
- 14 clear question; did you yourself participate in the execution of
- 15 anyone? We did not -- or at least during the translation we did
- 16 not get an answer to that question.
- 17 So let me ask you quite very simply. During those four years at
- 18 M-13 did you personally kill anyone for any reason?
- 19 A.I would like to conclude -- to make a conclusion. Personally
- 20 I never killed anyone, including M-13 and S-21, but when you are
- 21 talking about orders, all the execution was under my order at
- 22 S-21, I agreed and sometimes I made an order for execution.
- 23 [15.36.03]
- 24 Q.Do you remember that you were -- while at M-13 you were at all
- 25 times carrying your weapon; is that correct?

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 91

- 1 A.Yes, I carry the gun. I change all types, almost all type of
- 2 guns. I have Smith and Wesson revolver, and then later I have a
- 3 Chinese pistol, sometime the Soviet Union pistol, but rarely that
- 4 I carry along everywhere. So I bear a small pistol but I keep in
- 5 my trouser.
- 6 I went to the villages or communes to visit a house of my staff.
- 7 I never carry a gun with me there. I did not show my gun to
- 8 anyone and no-one had seen that gun.
- 9 Yes, I agree that I used to bear gun from the beginning of M-13.
- 10 Q.And is it at M-13 that you became convinced that you had to
- 11 recruit young people to do this type of work: interrogation,
- 12 torture, detention, smashing; that young people were better at it
- 13 because they were a blank slate that you could imprint orders on?
- 14 Is that at M-13 that you came to this conclusion?
- 15 [15.38.07]
- 16 A.In this -- it's not a new idea of the revolution. It was an
- 17 idea of the world Communist revolution. In China, it has a story.
- 18 It has the red lamp story. It's the poor people -- the son of
- 19 the poor family get to know -- get to learn very fast, and I take
- 20 that experience to use, it is true.
- 21 I take those children so that they can support me, so my class
- 22 was not pleased by the Party. I was in the intellectual class,
- 23 so I need to select those poor family children to raise and
- 24 educated them, to support so that in the future the Party see me
- 25 that I select only the right people from the right class.

- 1 So it is very true from me, from my position, I need to train. I
- 2 trust in the poor class of the prison, so that they can support
- 3 me in the work.
- 4 Q.But again, they did not make good killers because of their
- 5 class. They made good killers because they were young and you
- 6 could impress upon them what needed to be done; correct?
- 7 [15.40.15]
- 8 A.If you are talking about that, it is clear they have a good
- 9 class and we order them to commit a crime, more or less the
- 10 seriousness of the crime. It's fall on me from one step in
- 11 other. I do not refuse, I accept that.
- 12 Q.So the answer is yes?
- 13 A.Yes, it is true.
- 14 MR. PETIT:
- 15 No further questions.
- 16 MR. PRESIDENT:
- 17 Next I would like to give the floor to the civil party lawyers to
- 18 pose some questions, but we should start from Group 1 first.
- 19 Please tell your name to the parties and the public.
- 20 QUESTIONING BY CIVIL PARTY COUNSEL
- 21 BY MR. WERNER:
- 22 Good afternoon, Mr. President. Good afternoon, Your Honours.
- 23 Q.Good afternoon, sir. My name is Alain Werner and I'm
- 24 representing 38 civil parties in Group 1.
- 25 Now, I have just a few questions for you, sir. The first

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 93

- 1 question would be what does M-13 stand for, and why was it
- 2 referred by a code name?
- 3 Was it because it was a centre in this special zone or were there
- 4 any other reasons why it was referred by a code name?
- 5 A.M or MO stands for office or "munti" in Khmer and this name
- 6 was given to me by Brother Vorn. They gave me three digits
- 7 office but except this office because the other office was called
- 8 Office 305. The Office of Propaganda was called Office 306,
- 9 chaired by Ji Koem An. Office 307 was the Economic Office
- 10 chaired by former engineer called Sien Pao Se and Office 309 was
- 11 the office of the messengers. I don't know why I was the only
- 12 member of the party who chaired these office and it was distant
- 13 from the other location and it was named M-13 instead of the
- 14 three digits like the other offices and I did not know and I
- 15 don't know why we were given that -- the office was given such a
- 16 name.
- 17 [15.44.10]
- 18 Q. And during your time as chairman of -- in charge of M-13 did
- 19 anyone from the top leadership of the Khmer Rouge come to M-13 to
- 20 visit you?
- 21 A.People who there enter M-13 more frequently was Chhay Kim
- 22 Huor, grandfather Huot Heng, alias Pal from Sector 32 visited the
- 23 premises once. Ros Cheat Tho, alias Cheat, former diplomat, the
- 24 chairperson of Office 305, went there once. Comrade Sam, his
- 25 name Mai Sokhorn, also went to visit me. I think there were no

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 94

- 1 other senior leaders visiting the location.
- 2 Q.Now, I have -- so I have one question about the system of
- 3 reporting. In answering the Co-Prosecutor Mr. Robert Petit you
- 4 explained in quite a lot of details the system of reporting
- 5 concerning the information on detainees, their confessions. You
- 6 explained that you went to see Brother Si and about 10 times Ta
- 7 Mok.
- 8 Now, when Judge Lavergne yesterday and today asked you questions
- 9 there were other concrete examples of reporting to the upper
- 10 echelon. For example, you said that you went to report when the
- 11 flooding occurred; you went to report to please the top
- 12 leadership sometimes before smashing detainees. You said also
- 13 that you went to report about the question of when there were
- 14 problems with the staff and discipline among the staff at M-13.
- 15 So concerning the specific -- the three specific reports, to whom
- 16 did you report?
- 17 A.We reported to Ta Mok very little. I met Ta Mok only about
- 18 four times for the rest of my life -- the rest of my career -- my
- 19 work during the regime.
- 20 So as I told Mr. Robert Petit this morning, I met him the most --
- 21 10 times the most, but we met -- I met him very rarely. And I
- 22 reported to Chou Chet, alias Si, the chairman of Southwest Zone,
- 23 or I reported to grandfather Huot Heng alias Pal, the chairperson
- of Sector 32.
- 25 [15.46.46]

7/04/2009 Page 95

- 1 For the special zone I would report to Vorn Vet. Then I reported
- 2 to teacher Son Sen, except the internal Party matters, including
- 3 personal matters or a matter relating to staff. For example,
- 4 whether the staff did not work properly then I would report once
- 5 every fortnight concerning the meeting of self-criticism.
- 6 So this was the task of the Party and the task of the police was
- 7 separated because I need to -- I needed to report to the chief of
- 8 the secretary.
- 9 Q.Now, answering questions from Judge Lavergne you explained, I
- 10 think it was yesterday, that poor people coming from the enemy
- 11 zone and captured in the liberated zone were brought to M-13 and
- 12 then today you explain today, again answering Judge Lavergne,
- 13 that villagers living near the enemy zones were sent to M-13.
- 14 Now, because it was not completely clear in your answer -- that's
- 15 what I understood but I just want to clarify. Is it correct that
- 16 this two categories of people, these poor people you were talking
- 17 about yesterday and these villagers you were talking about today,
- 18 did not commit any crimes; they were not spies, for example, at
- 19 the time they came to M-13; is that correct?
- 20 [15.49.48]
- 21 A. The poor people from Lon Nol areas to the liberated zone, so
- 22 whenever the military arrested them then send to M-13 they were
- 23 already regarded as enemies to be smashed because they were
- 24 spotted in that location with the purpose to spy whether they
- 25 wanted the military to attack the zone. That's why they had to

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

- 1 be smashed.
- 2 Regarding the poor people in the buffer zone, in the morning the
- 3 enemies entered, at night the revolution entered. The revolution
- 4 only took control of that zone temporarily without knowing when
- 5 it would be recaptured by the enemy. So there was a location
- 6 which was far apart from these enemy zones called Santi Samporn
- 7 village. Because people in the village did not fight the enemies
- 8 but they were talking to coordinate the enemy, so that's why
- 9 these people were brought into the M-13 and only they stayed at
- 10 M-13 for temporarily before they were sent to Battambang. And
- 11 they were poor people.
- 12 I still was shocked to recall another event, an important event
- 13 which happened at Peam Village, Amleang Commune. That person was
- 14 not a poor person but he was from a rich family. There were 50
- 15 people who were arrested at that village altogether.
- 16 So in conclusion, there were poor people from the outskirt of the
- 17 liberated zone, and from the villages which were close to the
- 18 liberated zones and from that village I mentioned earlier.
- 19 Q.And about the second category of people, you have confessions
- 20 taken from these people, as far as you can remember?
- 21 A. These people were left with me to be interrogated. Ta Khat
- 22 was the main person that I asked Comrade Pon to interrogate him,
- 23 because Pon was a very skillful -- was very skillful in
- 24 interrogating detainees.
- 25 [15.53.18]

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

- 1 Q.Again, about the second category of people, were they
- 2 tortured?
- 3 A. The people who were not to be killed or smashed would not be
- 4 tortured. People who were relocated to other locations would not
- 5 be tortured.
- 6 Q.Now, you said, answering Judge Lavergne that you monitored
- 7 closely torture sessions. Now, about, if you can remember, how
- 8 many times were you present at M-13 when detainees were tortured
- 9 by your interrogators?
- 10 A.To follow, to watch the event, was not necessary that I had to
- 11 be there to witness the situation, but, when the interrogation
- 12 completed, then the interrogators would come and report to me the
- 13 progress of such an interrogation, including Comrade Pon, for
- 14 example, who less often met me. I would ask him some question
- 15 concerning the progress, but he did not meet me very often.
- 16 Q.Now, during the time you were in charge of M-13, are you aware
- 17 of any detainee being buried alive?
- 18 A.I did not order anyone to bury a detainee alive, so no one
- 19 challenge my order because I never order to do so, so people
- 20 could not do things differently. They would be in big trouble if
- 21 they did so.
- 22 [15.55.52]
- 23 Q.And then in saying, Judge Lavergne, I think it was this
- 24 morning, or maybe yesterday, you said that women were given a
- 25 bath in the river, in the cold wind, and then you said that you

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 98

- 1 stopped the experiment because, "it did not achieve the result."
- 2 What did you mean when you said, "it did not achieve the result"?
- 3 A.I tried to avoid beating that person, so I tried to bath the
- 4 person in the river, and then put that person exposed to the cool
- 5 breeze or wind, whether it would be beneficial, whether the
- 6 person could finally testify or confess, but their -- the
- 7 confession was still the same, although torture was inflicted.
- 8 So I did not know whether there was some kind of problem in the
- 9 confession, I mean, if the person hid the confession.
- 10 But, the detainee was a woman. When she got soaked with water,
- 11 you could feel the -- you could see her physical condition, so I
- 12 was afraid that we could not hold our emotions, you know, like
- 13 when we witness such things, that's why we stopped.
- 14 MR. WERNER:
- 15 And, Your Honours, I just have, literally, a few questions.
- 16 BY MR. WERNER:
- 17 [15:57:54]
- 18 O.Judge Lavergne asked you in details about the trenches and the
- 19 pits. I have just one question about that. As far as you know,
- 20 as far as you can remember, at M-13 was anyone ever tortured
- 21 inside a pit?
- 22 A.So far as I remember no one was tortured in the pits, but I
- 23 believe that people who came late to that location might
- 24 misunderstood, because the pits that we dug at the other side of
- 25 the river next to the place where we buried the dead people, I

- 1 erected two poles for hang -- for my hammock. People would
- 2 misunderstood, that that location was used for buried -- or
- 3 torturing people, but it was meant for me to take a rest in the
- 4 hammock, during the daytime -- I mean, during the day break.
- 5 [15.59.23]
- 6 Q.Finally, I have three questions on M-13B, and, answering
- 7 questions from Judge Lavergne, he said, "People were sent there
- 8 for re-education." What did you mean when you used the word,
- 9 "re-education"?
- 10 A. The word "re-education" means they were left at that location.
- 11 At night, some people could stay in the houses, but mainly stayed
- 12 at the detention facility. It was a shed, about 2.5 metre wide
- 13 and 10 metre long, and the timber -- the wooden timber was used
- 14 to insulate the house
- 15 So people who were afraid -- no, people who we believed that
- 16 could escape then were put inside the house, but -- or the shed,
- 17 but people who were -- people whom we seen that could not escape,
- 18 then were let out to stay outside of the sheds. And then, for a
- 19 while, the Chief of the sector made the decision to release those
- 20 people, so we'd get order; we then release them.
- 21 [16:01:27]
- 22 So we make these people grow casaba, but then, only temporarily,
- 23 so the order was made from the Sector Chief or Chairperson, then
- 24 if we receive such order to release them, then we then released
- 25 -- we release them. So when people was sent from the decision of

- 1 the upper echelon to M-13A and then to M-13B, and then after we
- 2 had the decision to release them, then we had to release.
- 3 Q.So, according to you, it was not a forced labour camp; right?
- 4 A.I think it can be true that people were forced to work because
- 5 we set some strict schedule for working because people were
- 6 asked or were made to do the -- grow something, but the yield of
- 7 the products would not be for 13 months for -- for 13.
- 8 MR. WERNER:
- 9 I have one single more question. Can I ask my question?
- 10 [16.02.47]
- 11 MR. PRESIDENT:
- 12 You sure can make the last question.
- 13 MR. WERNER:
- 14 Thank you, Mr. President.
- 15 BY MR. WERNER:
- 16 Q.As far as you know, sir, did anyone die of overwork at M-13B?
- 17 A.So far as I remember, no one was -- or no one died of forced
- 18 overwork, so far as I remember.
- 19 Q. Thank you. Thank you. And I have no further questions.
- 20 MR. PRESIDENT:
- 21 To move on, I would like to allow the lawyer from Group number 2
- 22 to pose questions, please.
- 23 BY MR. YUNG PANITH:
- 24 Q. Thank you, Your Honours. I have two questions to propose to
- 25 the accused.

- 1 Question number one, in relation to what he said he became the
- 2 candidate member of the party, was under the advice of Kae Pok
- 3 and later he was in prison in T-3 prison, and he was induced to
- 4 -- how should he include it or have him becoming the member in
- 5 the prison? In relation to M-13 and area and the control of Lon
- 6 Nol, how far from -- and the area of Chan Rainsey at Chbamorn.
- 7 So how far from one area to another?
- 8 [16.04.36]
- 9 A. I would like to confirm to the lawyer as the following.
- 10 I joined the revolutionary in October 1964. It was about -- I
- 11 forget the key person who introduced me to that in 1966. It was
- 12 called the Corps Angkar and in 1967, Vorn Vet called me to work.
- 13 First he introduced -- he presented -- he said that the party
- 14 allows you to become the candidate member but I cannot allow you
- 15 to do so here, but it was decided by the upper echelon that you
- 16 can become a member. Sorry. I will get to the boat across the
- 17 river and then I met with Brother Pok and we have the branches
- 18 and then Brother Pok accredited me into the members following the
- 19 decision from the party.
- 20 I would like to reaffirm that I met Brother Vorn for the first
- 21 time when I left for the jungle on the 5th of January 1973. I
- 22 was -- '68 I was in imprisonment, but I keep the relation and the
- 23 connection with the network and when it -- I came to the big
- 24 prison, there was a party branch there under the separation by
- 25 Brother Tiep Sin, the then name, when he was imprisoned, but

- 1 after 17 April 1975 he changed his name to Son Sen. And on the
- 2 20th of July 1969 the Brother Son Sen who gave me the
- 3 accreditation to be the member in relation to my party's works.
- 4 Q.So another question in relation to the distance between one
- 5 area to another --
- 6 A.I do not know. I do not know the distance. I heard that Chan
- 7 Rainsey was in Chbamorn but my office in Amleang, so I never look
- 8 at the map. It's not less than 50 kilometres if you walk on foot
- 9 on the shortcut, but I'm not sure about that.
- 10 [16.08.04]
- 11 THE PRESIDENT:
- 12 Do lawyers from other civil party groups would like to have any
- 13 questions to pose to the accused? If so, please --
- 14 MS. STUDZINSKY:
- 15 Mr. President, given the late time I would prefer to question the
- 16 accused tomorrow to have -- or in order to have or to question my
- 17 questions together. And I would like to start tomorrow morning.
- 18 MR. PRESIDENT:
- 19 The next program the Trial Chamber would like to take some time
- 20 and we would allow the lawyer from the civil party to ask
- 21 questions and we can extend for another 20 minutes so that you
- 22 can ask the accused.
- 23 Based on our plan from tomorrow we have another program -- we
- 24 have a different procedure to listen to the testimony of the
- 25 witness. So we will not allow the questioning for tomorrow. So

- 1 we give you 20 minutes for the civil parties' lawyers. So we
- 2 have only 20 minutes from now.
- 3 [16.10.45]
- 4 MS. STUDZINSKY:
- 5 Mr. President, I would like to object at this time limit that you
- 6 set now. This has no basis, only because we have now very late
- 7 that you give us a time limit of 20 minutes for the rest of all
- 8 groups of civil parties which are now three groups outstanding,
- 9 and have not yet had the chance to ask the accused.
- 10 Therefore, I request to grant us enough time to ask the accused
- 11 which will be only for my -- for me not be enough to have 20
- 12 minutes. And I see that Group 4 and Group 3 at least want to
- 13 speak. And although tomorrow another agenda is intended -- but
- 14 I think I would need perhaps 30 minutes. It depends a little bit
- 15 on the answers of the accused -- up to 45, but only to let you
- 16 know how long I need. And I would like to have a decision.
- 17 Thank you.
- 18 MR. PRESIDENT:
- 19 The lawyers for the civil party, please continue your question,
- 20 based on the availability of time that we have agreement on.
- 21 So for the remaining question, whether or not we allow to make it
- 22 for tomorrow, we will have a different decision on that so that
- 23 we can save the time and to adhere to the expedition of the Trial
- 24 and we allow you the time for another 15 minutes.
- 25 So how many question you can ask with this time and if you have

- some more questions you should ask for tomorrow. So we could not
- 2 provide you as per your request.
- 3 And other lawyers for other groups, if you have any questions,
- 4 please ask now.
- 5 [16.14.21]
- 6 MR. CANONNE:
- 7 With regard to Group 3, I have five questions to put exactly and
- 8 I shall not go beyond the allowed time.
- 9 With your leave, Mr. President, my name is Mr. Philippe Canonne;
- 10 I am civil party lawyer for Group 3 which has 28 civil parties.
- 11 BY MR. CANONNE:
- 12 Q.My first question is as follows: You have told us a lot about
- 13 the need for obtaining confessions; I would like to know what
- 14 category, what type of confession you wished to obtain at all
- 15 costs from the detainees?
- 16 A. The confession that we want to have, it's the confessions
- 17 about -- it was the confession described about treacherous
- 18 activity, how they did it, how did they counter the revolution;
- 19 this is what we want to have.
- 20 [16:16:07]
- 21 Q.Second question; based on your conviction and your political
- 22 commitment was there a hierarchy in the transgressions -- what
- 23 was the hierarchy that you used in the transgressions and the
- 24 confessions?
- 25 A.I'm sorry, sir, could you explain me the term

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 105

- 1 "transgressions", what do you mean by that terms?
- 2 Q.Your political commitment was within the framework of an
- 3 ideology; you considered that the detainees who were brought to
- 4 you had been guilty of acts that were at odds with this
- 5 conviction.
- 6 In your view what was the hierarchy, the classification, from the
- 7 most serious to the less serious?
- 8 A.I will try to respond. If you don't think I respond to your
- 9 question, please, ask me again.
- 10 First I would like to tell you about my wisdom because I joined
- 11 the revolution because I devoted for the Party.
- 12 May I state in a more simplified way? And I would like to
- 13 apologize also if I talked faster. I entered the revolution in a
- 14 proper wisdom to liberate out my own people. So including those
- 15 people there were my parents, my relatives and me myself.
- 16 However, from the 20th of July 1971, although at that time I
- 17 tried to contest whatever I could. I tried to beg them, for
- 18 example, but I could not escape, I just could not. That's why I
- 19 was compelled to accept the task.
- 20 [16:19:45]
- 21 At that time there was no room or a possibility for me to
- 22 challenge them. Therefore, I accepted the task at M-13. My
- 23 initial criminal actions or acts were mild at the beginning and I
- 24 tried to minimize the tortures. The interrogation was not
- 25 necessary that we had to really interrogate the people.

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 106

- 1 When people were brought in they were made to do farming. After
- 2 people escaped or could manage to run away then I was given this
- 3 assignment, this task and I had to follow the order.
- 4 So whether or not there was no room or possibility for me to get
- 5 away from that assignment because I had to make sure we could
- 6 find the source of the weapons.
- 7 The weapons that were transported from the enemy zones to the
- 8 liberated zones, as alleged in the confession but it was a false
- 9 confession, but I tried -- we tried our best to find the source
- 10 of the weapons.
- 11 [16.22.56]
- 12 MR. PRESIDENT:
- 13 Can the lawyer continue your question?
- 14 MR. CANONNE:
- 15 Thank you, Mr. President. I consider that the accused has not
- 16 answered the question that I put to him, but in order not to
- 17 waste the Court's time I shall frame it differently and this will
- 18 be my third question.
- 19 BY MR. CANONNE:
- 20 Q.Sir, you told us that nothing could be done without your
- 21 orders. I am quoting you. You said this a while ago: "Nothing
- 22 could be done if I did not give the order to do so. I decided."
- 23 [16.23.44]
- 24 You also told us that some detainees, having confessed, were
- 25 freed and others weren't. This is my question: since you

7/04/2009

- 1 decided, what criteria -- what affected your choice, your
- 2 decision?
- 3 A.I think this comes to the more detailed matter, but in short I
- 4 may say I would like to make it brief. In my heart I did not
- 5 want anyone to face death. I tried to find ways -- I tried to
- 6 find ways to interrogate the detainees and to find a way that the
- 7 detainees could be released. For example, the five detainees who
- 8 were sent and I could only envisage one person would be released,
- 9 and I tried my best, and then I tried to -- different ways to
- 10 make sure that people could be released.
- 11 So to find any particular category, I think my main purpose was
- 12 to interrogate people so that they could be released, and no --
- 13 that's it.
- 14 Q.I consider that you have not answered my questions but I shall
- 15 just note the fact.
- 16 MR. CANONNE:
- 17 Mr. President, my last two questions will be very brief.
- 18 BY MR. CANONNE:
- 19 Q.Question number 4; you told us that the pits had been dug to
- 20 shelter the detainees from B 52 bombs. You said that these pits
- 21 were covered with palm leaves only. Please explain to us
- 22 exactly, and in simple terms, what was used to protect the
- 23 detainees from the bombs dropped by the B-52s?
- 24 A.If the bombings were dropped into the pit everyone would be
- 25 killed. It could not be protected. But if the bombs were

7/04/2009 Page 108

- 1 dropped two metres from the opening of the pits, then people
- 2 would be saved. That's what we believed.
- 3 Q.My very last question, which is very very brief. In reference
- 4 to executions, you said on several occasions -- you used the term
- 5 "smash", "to smash". I'd like to know whether this was the set
- 6 expression in your organization. Was it of particular
- 7 significance?
- 8 [16.27.58]
- 9 A.I would like to express this in Khmer version that I received
- 10 order from the upper echelon. The first purpose is to make sure
- 11 that the person is executed and buried secretly. With Vorn Vet,
- 12 after the person was interrogated he said that, "Let's handle
- 13 it, or so -- but later on he used different words. The word in
- 14 Khmer, dohsray would be used as kamtic or smash. So the term
- 15 kamtic or dohsray in Khmer means "all smash." "Smash" here means
- 16 people would be executed and buried without letting other people
- 17 know of this activity. So the terms were used and later on we
- 18 found out the word kamtic or smash in other documents.
- 19 MR. CANONNE:
- 20 I have nothing further, Mr. President. Thank you for giving the
- 21 floor to Civil Party Group Number 3.
- 22 [16.29.59]
- 23 MR. KONG PISEY:
- 24 Your Honours, the President and the Bench, according to the
- 25 instruction that we would only be given 20 minutes but now the 20

Extraordinary Chambers in the Courts of Cambodia Trial Chamber - Trial Day 5

Case No. 001/18-07-2007-ECCC/TC KAING GUEK EAV

7/04/2009 Page 109

- 1 minutes pursued time already ends. I am Kong Pisey,
- 2 representative of Civil Party Group 4. I would like to ask some
- 3 questions and I don't know whether it is appropriate for me or
- 4 opportunity would also be given to me to ask such questions now,
- 5 or maybe I would be advised that the questions would be made
- 6 tomorrow or else -- so I am at the mercy of Your Honours.
- 7 [16:30:58]
- 8 Here we would like a fair trial, so to make sure the trial is
- 9 fair all parties have the rights to ask questions, and then
- 10 opportunity to ask questions if only we have the right, but not
- 11 opportunity I don't think it is genuine rights at all. So may I
- 12 ask whether I can put questions to the accused now, or should I
- 13 make such questions in tomorrow's session?
- 14 MR. PRESIDENT:
- 15 The Chamber would like to inform you their time is limited.
- 16 However, you spent almost about 20 minutes to just challenge the
- 17 decision made by the Chamber to allow you the opportunity to
- 18 speak. I think we should proceed and if there is a challenge
- 19 that the right to speak or to make questions to the accused are
- 20 not well exercised, then the Chamber reserves our right to
- 21 address the matter.
- 22 [16:32:03]
- 23 So we don't want to restrict that the 20 minutes given cannot be
- 24 used to make any questions and that there would be 40 minutes
- 25 given, otherwise parties can not really make any question at all.

1	So the Chamber would like to make it clear that within the 20
2	minutes, if the parties could really make some questions then
3	make use of the opportunity given. If you feel that the time
4	given is not appropriate then you can really ask questions at a
5	later session then the Chamber may make a decision to make sure
6	that you can do also. But now, since we come to an end of today
7	hearing we would like to adjourn the hearing and resume it at
8	9:00 a.m. tomorrow.
9	[16.31.15]
10	So I would like now ask at the security guards to take the

13	The public and the parties are also informed to come to the
